DEPARTMENT OF INDIAN AFFAIRS
CANADA

711/29

DEPT. OF INDIAN AFFAIRS

West Coast Agency,
Port Alberni.B.C.
January 31st,1930.

Sir;-

I have the honour to bring the Department,s attantion to the attached Voucher No424,amounting to $ 741.60.in favour of Mr,A.S.Hanna of Port Alberni.B.C. the amount being his account on a 25 % basis profit on material and labour costs for plumbing and heating work done at the Christie Indian Residential School during September,October,November and December,1929.

The certificate attached to the said voucher No,424 is intended to certify that the amount charged is 25 % of the cost of material and labour used and supplied on the work in question, as shown in the detail of costs attached to the voucher.

As no percentage allowable to Mr,Hanna for his services has been specified by the Department and as no other work has been done in this Agency on a percentage basis,I am not prepared to certify that Mr,Hanna,s charge the percentage usually allowed and that it is fair and just.

Your obedient servant,

Ed Parker

Indian Agent.

With Enclosure. Ottawa 15th February, 1930.

Sir,-

With reference to payment due to Mr A.S. Hanna, in connection with work done and material supplied at the Christie Indian Residential School, I beg to point out that the Department allows 10% commission on the cost of labour and material, in view of which fact I return herewith the voucher for $741.60 (No 424) which you forwarded. Kindly prepare a new voucher in duplicate and forward for payment.

Your obedient servant.

A.F. MacKenzie.

A.S.H A N N A,
Plumbing & Heating

C O P Y

P.O.Box 494
Port Alberni.B.C.
January 15th,1930

The Department of Indian Affairs,
Ottawa.

Dear Sir;-

The cost of the Plumbing and Heating at Christie School,ran considerably over the estimates.This was due to the fact that after Crane,s Heating Engineer had looked over the work he advised adding another section to the boiler to give a bigger body of water.as the boiler is ~~xx~~ situated at one end of the buildings.For the same reason he advised putting in a Thrush control system to help circulation.Also when the system was filled up the old work was found to be defective in many places and had to be overhauled generally.

Yours truly,
(sd)A.S.Hanna.

Memorandum.

Re. Scott.

With reference to that portion of Mr. Herrs's letter, which is concerning the Christie Indian Residential School, I may say that the buildings are not fireproof, nor are they very suitable for the purpose of educating Indians of either sex. The original wing has been added to from time to time. On the other hand, I understand that this school is quite heated, yet and, in addition to improvements that the church may have effected, the Department has expended $17,240.00 during the last four years in enlarging the school, providing fire protection, installing water supply, electric light and heating equipment.

The following schools in British Columbia have as much, if not more, claim to new buildings as Christie:-

(WEST COAST VANCOUVER ISLAND)

INDIAN AFFAIRS
OCT 15 1930

October 6, 1930.

The Secretary,
Department of Indian Affairs,
Ottawa.

Dear Sir:

It is quite necessary at Christie School that some kind of locker arrangement be made for keeping the clothes of the girls, that the present store room for food supplies be enlarged and generally improved, and that part of the floor of the laundry, recently burned away due to the collapse of the ironing and hot water stove, be replaced. The estimated cost of these repairs and improvements is $300.00. May I respectfully ask the Department to come to my assistance to that extent?

Very truly yours,

Victor Rassier

Ottawa, October 18, 1930.

Reverend Sir:

I have your letter of the 6th instant, with reference to repairs at the Christie Indian Residential School. The Department regrets that the Appropriation for Indian Education is entirely assigned for this fiscal year and that authority cannot be granted at the present time.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Rev. Victor Rassier, O.S.B.,
Principal,

Ottawa, May 18, 1931.

Reverend Sir:

I wish to refer to your recent request for authority to expend approximately $300 for urgent repairs at the Christie Indian Residential School. The Department authorizes you to expend this amount for materials and, in this case, prefers you to pay the bills and to forward receipted accounts to the amount of our grant to Ottawa. Favourable consideration will then be given to reimbursement.

Your obedient servant,

A. F. Mackenzie,
Secretary.

151-0-5

E X T R A C T from Report of G. H. Barry, Inspector of Indian Schools for B. C., regarding his inspection of the Christie Indian Res. School on September 2nd, 1931, and forwarded under cover of Commissioner Ditchburn's letter of September 16th, 1931.

Original on File 159-0-6.

FIRE PROTECTION:-

The fire escapes consist of a wooden stairs and a wooden ladder attached to the back wall of the school. Neither of these is used for fire drill purposes. In fact, when I wanted to hold a fire drill I could not, as the children had not been drilled and would not have known what to do. I did my best to impress upon the Principal the necessity of teaching the children how to make their exit from the building in case of fire. I requested him to hold fire drills, at least once a month. I should be glad if the Department would impress on the Principal the absolute necessity of holding regular fire drills.

The exits to the fire escape and ladder are nailed. There is an axe in each dormitory. Two of the staff sleep in a room from which there is no proper exit in case of fire. Should they be cut off on the inside of the building, they could not escape. I am not satisfied with the facilities for escape in case of fire.

I beg to recommend that a system of four fire gongs be installed at the earliest possible moment.

159-0-5.

EX. H.

Ottawa, September 29, 1931.

Rev. Sir:

Mr. School Inspector Barry is not at all satisfied with the facilities for escape in the event of fire at the Christie Indian Residential School. The most serious situation was the failure to have fire drill. This practice should be repeated regularly every two weeks, if not oftener, particularly at the beginning of the academic year and before the fires are used for heating purposes. Unfortunate experiences in the past have impressed upon the Department the absolute necessity of regular fire drill.

To facilitate fire drill and to improve the facilities for sounding an alarm, the Department wishes you to install fire gongs at the earliest possible opportunity. At other schools this equipment has been put in the buildings at a very moderate expense, and I have to request that you will ascertain what is needed and make the installation. A properly certified account, in duplicate, may be forwarded for the materials.

Your obedient servant,

Russell T. Ferrier,
Supt. of Indian Education.

[redacted]

[redacted]

Dear Sir:

Replying to your letter of December 2nd, I am sorry that I am unable to grant the information to which you refer, the floor system to be installed at Christie Indian Residential School, Tofino.

It is now some years since I visited Christie School and although I have a very good recollection of the layout of the building I cannot recall with any definiteness the details for the floor system. [redacted] I would be inclined to think, however, that there is a distinct division between the boys and the girls section of the school [redacted] at all times by locked doors. This would necessitate the installation of two fire hose cabinets on each floor where this division [redacted] exists. Before taking this matter up with the Tofino Council as to the [redacted] I would be glad to give your Department all the requirements in detail and the approximate cost.

Provincial fire regulations call for one hose cabinet on each floor [redacted] I am familiar with the type as I have already installed fire cabinets in three schools in this city.

Yours very truly,

[redacted]

W.S.E. [redacted] J. S. Matthews. (Lgd.)

Ottawa, December 17, 1931.

Sir:

I have your letter of the 10th instant, relative to the request of the Principal of the Christie Indian Residential School to have a fire alarm system installed at the school, and enclosing copy of a communication which you received from Mr. W. C. Hamilton regarding the matter.

In reply I have to say that owing to the cost involved we are not prepared to authorize Mr. Hamilton to make a visit to the school and report on the work and materials required in installing the fire alarm system. It is thought that the Principal could have a lay brother or other member of the staff who would be competent, state, in detail, the quantity of wire, gongs, etc., required and the cost of same. It is not intended that an elaborate system be installed, and the work could be carried out by the school authorities themselves after the materials were supplied. Please take this matter up with Rev. Father Rassier, the Principal, and forward to the Department a list of the materials required and the approximate cost of same, when authority for the purchase will receive consideration.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

D.J. Prout, Esq.,
Indian Agent,
[illegible], B.C.

Dear Sir:

The attached is a list of material it prices, for the installation of fire alarm system at Christie School, Kelowna, B.C. In this letter I have given every thought to economy of words consistent with clearness and I find it impossible to express the of fewer strokes and bells on account of the way in which the building is separated into locked doors at all times separating different sections of the building.

I would like to have the erection of your Department for the completion of this material as quickly as possible as I understand that they intend carrying out the work during the school summer holidays. It is my intention to visit Kelowna on or the material arrives to give them the necessary instructions for installation. This will not of course entail any extra charge against your Department.

I might also add that recently I visited Alberni Indian School to check up on Kohler lighting plant which I installed last summer carrying out some minor adjustments and repairs to plant. This trip was made with a view to honoring my warranty [illegible] it in this contract.

Yours faithfully,

CH:G

Ottawa, May 28, 1932.

Sir:

I have your letter of the 20th instant, enclosing a communication which you received together with a detailed estimate of the materials and cost of same required to install a fire alarm system at the Christie Indian Residential School.

In reply I have to say that the Department will approve of you arranging for the purchase of materials as mentioned in the detailed list which you forwarded to the amount of $259.36. The purchase may be made from Mr. W. C. Hamilton, from whom it is presumed you obtained the detailed list of materials, as the letter which you forwarded was unsigned. It is to be understood that the work in installing the fire alarm system will be carried out by the school staff without expense to the Department.

After the purchase has been made, you should forward an itemized account, in triplicate, properly certified, covering the expenditure incurred, together with a receipt attached for any freight charges.

Your obedient servant,

T. R. L. MacInnes,

X X X

CHILCOTIN RESIDENTIAL SCHOOL

I also landed there and went over this school. The locality of this building also, is about as poor as could be chosen from the point of view of landing freight. The Rev. Principal, who was not there at the time of my visit, proposes a wharf, but from what I can make out, this is entirely unpracticle. Whether or not it would be good or practical to build a road from the school to Opitsat reserve or not, to get landing facilities, I do not know. This is an old building, and personally, I do not like the fire hazard. I believe a fire alarm system was supplied some time ago, but it has not yet been installed. The fire escapes of wood are badly placed, being in angles, at the back of the building on the lee side from the prevailing winds. This would cause drafts and much smoke. One of the so-called escapes, placed on a flat wall at the back, is one of the most stupid arrangements I have ever seen called an escape. It is a flat, wooden ladder, nailed against the wall at a most difficult angle from the escape window, with no landing. It does not reach the ground by about fifteen feet and is broken in the middle. It is impossible, in my opinion, for women, or young children, and most men, particularly with smoke around, not to slip or fall.

The rooms and building were clean and well kept, but the floors are going rapidly. New bakery ovens are required and a proper place for the manual training, at present, in a small shed. Some clearing was being done for a play ground, at departmental expense, I understand. I suggested to the Rev. Father in charge temporarily, that the Department would like Indians from the neighbouring village employed on the work to help them over the bad times.

Victoria, B.C., August 17, 1932.

Sir:

I have the honor to transmit herewith the report of Mr. Inspector Pragnell dated July 30th on his inspection of the West Coast agency.

x x x

CHRISTIE SCHOOL:

The Reverend Principal is in touch with the Dominion Department of Public Works in regard to a proposed wharf. The question of making a road as mentioned by Inspector Pragnell may be considered in the above connection.

It is deemed of importance to suggest that either the Principal or the Indian Agent should be instructed to give attention to the faulty condition of fire escapes and the installation of the system mentioned by the Inspector as having been supplied according to his belief.

The question as to the supply of the new bakery ovens, whether by the department or from school grant, will no doubt be considered by the Department; likewise the need for a proper place for carrying on Manual Training work.

x x x

C. C. Perry.

Asst. Indian Commissioner for B.C.

Indian Affairs. (RG 10, Volume 6440, file 879-5, part 2)

159-0-5.

Ottawa, September 19, 1932.

Sir:

A communication has been received from the Assistant Indian Commissioner, Victoria, B.C., enclosing the report of Mr. Inspector Pragnell on his inspection last summer of the Christie Indian Residential School.

The Inspector has drawn attention to the fire escapes, which, he states, are built of wood and are badly placed, being in angles, at the back of the buildings, on the leeside from the prevailing winds, which would cause drafts and much smoke in case of fire. He also states that one of the escapes is placed on a flat wall at the back of the building. It is a flat, wooden ladder, nailed against the wall at a most difficult angle from the escape window, with no landing. It does not reach the ground by about fifteen feet, and is broken in the middle.

I have to request that you will, at an early date, forward a report regarding the fire escape facilities at this school. You should consult the Reverend Principal in connection with the matter, and state the opinion arrived at as to the providing of proper fire escape facilities. An estimate of the cost should be furnished of installing any new escapes or in altering the present ones. The Department is desirous of reducing the fire hazard at this school to the lowest possible point, and, as this is an important matter, the Principal and yourself should give it every consideration.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

E. E. Frost, Esq.,
Indian Agent,

IN YOUR REPLY REFER TO

15/15/26807.

ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE
P.O. BOX 35

VICTORIA, B.C., October 31, 1932.

Sir:-

I have the honor to transmit herewith copy of a letter received at this office, dated October 25th, instant, from Reverend Victor Rassier, Principal of Christie Indian Residential School, West Coast Agency, concerning a bread slicer wanted for the use of the School, together with copy of my reply of today's date, both of which will be self-explanatory.

Perhaps the Department will be good enough to decide whether or not the request of the Reverend Principal can be complied with in the circumstances related.

Your obedient servant,

Chas. C. Perry,
Asst. Indian Commissioner for B.C.

P/KD.

Enclosures:-

October 21, 1932.

Reverend and Dear Sir:-

Your letter of October 25th, instant, requesting to be furnished with a bread slicer has been received and copy of the same forwarded to the Department.

I have examined the 1933-34 Estimates as sent in by Mr. Indian Agent Frost and which went to the Department in September, ultimo, but find that no such item was included in the Agency Estimates. This should have been done and had your requisition been sent to the Indian Agent, he no doubt would have considered including this item.

When I hear from the Department, I will advise you.

Your obedient servant,

"Chas. C. Perry"

Asst. Indian Commissioner for B.C.

Rev. Victor Rassier, O.S.B.,

Christie Indian Residential School

Kakawis, B. C.

Oct. 25, 1932.

Mr. C.C. Perry,
Indian Commissioner for B. C.,
Victoria, B. C.

Dear Sir:-

This institution has always been compelled to consider the matter of cutting bread one of its distressing problems, and that because an old, home-made apparatus is the means of slicing an average of one hundred and twenty five loaves of bread a day. The most objectionable feature about this apparatus is the menace it constitutes to the operator. Not a few of the girls who operate the bread-cutter have had close calls to losing a finger or a thumb, not to mention less serious accidents, and the unusually large number of such casualities recently has impressed upon me the need of a replacement.

Now making such is quite beyond me because of the large and many expenditures on repairs I am being compelled to make, and I am, therefore, writing you on the subject in the hope that you will be able to interest the Department in coming to our assistance.

Faithfully yours,

"Victor Rassier"

Indian Affairs. (RG 10, Volume 6440, file 879-5, part 2)

NEEDED AT CHRISTIE INDIAN RESIDENTIAL SCHOOL
Kakawis, B. C.

(1) A Wharf: On my visit to Ottawa in July of this year, I was assured by Mr. Ferrier, the late Superintendent of Education, that a wharf would be built at Kakawis next Spring. As an initial step to this end, the services of Mr. Mitchell of Victoria of the Department of Public Works were obtained to make a survey. For some reason the Department has now seen fit to drop the project.

(2) A Refund of $5,000.00 because of the following expenditures I was compelled to make on most necessary improvements and repairs:

(1) Land cleared and drained at a cost of over $4,000.00;
(2) The construction of a Bakery: materials and cost of excavations and necessary cement work amounting to approximately $500.00. The Department allowed $300.00 toward this work;
(3) Purchase of a bake-oven, dough-mixer and engine at a cost of approximately $1,500.00. The Department made an allowance of $500.00 towards the cost of a dough-mixer;
(4) Necessary repairs and replacements in buildings and grounds, some of which were: slip, track, walks about the buildings, roof, doors, windows, floors, and special repairs in kitchen, laundry and boys' bath.

(3) Materials and furnishings for a two story building about 40 x 50 feet to serve as school room and dormitory for the junior boys. Our present dormitory space is proving inadequate to accomodate the increasing number of boys; the single room that must serve all the boys as class room, study and assembly hall, makes teaching and the proper supervision of the boys most onerous and almost impossible tasks.

(4) Replacement of floors in kitchen, girls' dining room, boys' dormitory and several corridors where floors are actually worn through.

(5) Paint for both interior and exterior of building.

(6) 16 desks for the girls', and 60 desks for the boys' class rooms. In the girls' class rom are to be found old home-made articles serving as desks, while in the boys' school room the desks are the antiquated double type which have seen so much service that continual repairs to them are necessary.

(7) Replacement of two sewing mahcines (old ones).

(8) A Nurse: to look after Indians on the reservations.

Victor Rassier

Ottawa, November 25, 1932.

Reverend Sir:

I have your letter of the 15th instant, requesting to be reimbursed to the amount of $500 on the cost of a dough mixer and engine, which you purchased for use at the Christie Indian Residential School.

In reply I have to inform you that no funds for this purpose were provided in our Estimates for the current fiscal year and I regret that we have no other funds from which to provide the amount required to reimburse you. However, this matter will receive consideration when our Estimates are being prepared for the next fiscal year.

I may add that a communication has been received from Messrs. Kirkland & Rose, who, acting on instructions from you, forwarded their receipted account covering the cost of the above equipment. This account is being forwarded to you herewith and you should keep same on your file.

159-0-5

Christie Indian Residential School

Kakawis, B. C.
(WEST COAST VANCOUVER [illegible])

Dec. 5, 1932.

The Secretary,
Department of Indian Affairs,
Ottawa.

Dear Sir:

While the Department's letter of the 25th ultimo, File No. 159-0-5, refusing my application for a refund, has placed me in a very uncomfortable position because of certain obligations I took upon myself on the strength of Mr. Ferrier's assurance that this assistance would be forthcoming, I realize I have no alternative but to reconcile myself to the inevitable and make the best of a very trying situation.

Furthermore, your reference to estimates being prepared for the next fiscal year has further served to disturb me in that on another promise of Mr. Ferrier I have purchased dormitory supplies to the amount of $80.00, he having advised me that such a sum would be refunded to me at the beginning of the next fiscal year.

That you may understand my plight permit me to explain that in the last four months I have been compelled to make extensive repairs to the buildings, replacements in sidewalks and the like about the place, and improvements which I felt could no longer be delayed. Two of these I think deserving of special mention here:

(1) Our baking problem had assumed most serious proportions in that our bake oven had burned out and that the doctor had found mixing the dough quite strenous for the girls who, by circumstances, were compelled to perform that task. The purchase of a new oven, dough mixer and engine, the construction of an addition to house these have cost me over $2000.00.

(2) Another item of heavy expense, of approximately $5,000.00, was the clearing, draining and leveling of a piece of land to supply the children with some kind of recreation grounds, as they have almost nothing in that line.

Allow me to stress the fact that in both undertakings all work that could possibly be entrusted to the Indians was performed by them at days wages. We distributed the work as judicioulsly as we could, engaging Indians from Hesquiat, Ahousaht, Kelteemart and Clayoquot reservations. I was in hopes that eventually I would receive at least a partial refund for these expenditures, the improvements being major ones and the necessity for them very great.

Faithfully yours,

Victor Rascier

Ottawa, December 15, 1932.

Reverend Sir:

I have your letter of the 5th instant, regarding expenditures which have been incurred at the Christie Indian Residential School. It is noted that approximately $2,000 has been expended in supplying an oven, a dough mixer and an engine and in constructing an addition to house this equipment and also that there was an expenditure in clearing and levelling a piece of land to an amount of approximately $5,000.

In this connection I have to say that the question of reimbursement will receive consideration when the Estimates for the next fiscal year are being prepared. Amounts for this purpose will be included, but I am unable to advise you at the present time whether same will be allowed or not.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Reverend Sir:

I desire to refer you to your letter of the 5th ultimo and also official letter of the 15th ultimo, in connection with certain expenditures made by you for equipment for the Christie Indian Residential School.

The Department has found it possible to pay the account of $606.00, covering the cost of the dough mixer and gas engine purchased from Kirkland & Rose, and cheque for this amount is going forward.

You might let me have a receipted account covering the cost of the bake oven which you purchased. It is possible that the Department may be able to provide funds for repayment of this before the end of March.

September 12, 1934.

Dear Father Rassier:

I have your letter of the 25th ultimo, drawing attention to a previous communication, dated June 5th last, in which you enumerated the repairs and improvements which were completed and under way at the Christie Indian Residential School. My reply is somewhat delayed, owing to my absence during the summer months, visiting agencies in the Prairie Provinces.

Regarding your request to be reimbursed for the costs of the work undertaken by you, I have to say that no funds are available in the Appropriation for Indian Education to provide any financial assistance. However, consideration will be given when our Estimates are being prepared for the next fiscal year.

In connection with the repairs, etc., which have been undertaken by you, I desire to draw attention to circular letter dated April 19th, last, regarding the obtaining of authority prior to incurring expenditure for which the Department would be called upon to make reimbursement.

With reference to a resident nurse for the Christie School and the Catholic Indians of the West Coast Agency, I have to say that this matter will receive attention by the Director of Medical Services for this Department.

Yours very truly,

Deputy Superintendent General.

EXTRACT FROM REPORT OF INSPECTOR G. H. BARRY DATED APRIL 25, 1934, ON HIS INSPECTION OF THE CHRISTIE INDIAN RESIDENTIAL SCHOOL.

Original on No. 159-0-6.

Light:

The school is lighted by electricity, obtained from a Westinghouse generator. This is driven by a Pelton wheel. It was reported some time ago that the Principal was having the batteries repaired by the insertion of new positive plates. I have now to report that the batteries are hopeless. A complete new set of batteries is required. The system in use at this school is one of 110 Volts.

EXTRACT FROM REPORT OF INSPECTOR G. H. BARRY DATED APRIL 25, 1934, ON HIS INSPECTION OF THE CHRISTIE INDIAN RESIDENTIAL SCHOOL.

Original on No. 159-0-6.

The only escapes as mentioned in my last report on this school consisted of a wooden stairs and a wooden ladder attached to the back wall of the school. I HAVE NOW TO REPORT THAT EVEN THIS POOR ESCAPE HAS BEEN DONE AWAY WITH through some building operations at the back of the school. I certainly do consider that some proper fire escapes should be constructed at the ends of the school building. In case of fire here I do not see how the children could be saved without some form of escapes. Wooden ones would probably serve the purpose just as well as expensive iron escapes. The seven large fire extinguishers do not appear to have been tested lately. I believe that these should be recharged as soon as possible.

There are six hydrants with hose pipe located inside the school building, and there are three more outside. The water comes from the mountain through a tank on the side of the hill. The pressure in the pipes is about 62 pounds. I am not satisfied with the protection afforded to the children at this school from fire, and would ask the Department to consider the matter. The erection of suitable escapes and the recharging of the fire fighting extinguishers of the soda-acid type would greatly lessen the risk.

The Principal requests from the Department a refund from the Department for the extensive improvements lately made at the school. The materials used costing about $3,000.00. My duty is to report that such improvements as are mentioned in the attached letter to the Department from the Principal have been carried out in a very fine manner. I do not know what arrangements were made by the Department with the Principal with regard to the refunding of all or part of the cost of the materials. This is a matter for the consideration of the officials of the Department in Ottawa.

Christie Indian Residential School

Kakawis, B. C.

(WEST COAST VANCOUVER IS AND)

June 5, 1934.

Dear Sir,

The following repairs and improvements to Christie School were, or are in course of being made, by me because carrying on without them had become virtually impossible. When completed they will represent an expenditure of approximately $4,000.00. The monastery to which I belong, after the Superior had investigated and found conditions deplorable as I had described them, was good enough to make me a loan of $3,000.00 to enable me to proceed.

These facts and the following resume of what has been done and is being done are brought to your attention in the hope that if it is ascertained these repairs were as necessary as I have represented them to be, the Department may consider it but fair to assist me to some extent in removing the financial responsibility I have assumed. I am sure it will be found upon investigation that I only did that which the Department would have found itself eventually compelled to do if Christie School would not be closed. Permit me to assure you that in every instance every effort was made to be as economical as possible both in deciding what was necessary and in purchasing materials.

(1) Slip: All freight, etc., intended for Christie School must be hauled up the slip. This is in bad shape, the Ford engine which up to now turned the winch, will no longer serve, a shed at the bottom of the slip to protect the freight from rain which often over-takes us while unloading, and another shed to house the winch and engine are necessary. A second hand Novo hoist at $330.00 and most of the material for repairs to the slip and construction of the sheds have been purchased.

(2) Freight Lory: the old one had been in service so long and repaired so often that further overhauling was a waste of money and effort; and besides the condition of the lory constituted a menace to life. A new one was constructed at a cost of $170.00.

(3) Boys' Toilets: because a nuisance to health as well as to order replacing them could no longer be postponed. A second-hand range of six toilets has been purchased which we hope soon to place in a new structure a short distance from the main building. Materials for the structure have still to be purchased.

(4) Electric Wiring: the fire hazard from the faulty wiring of the building was appalling and the drain on electric current due to the same reason shortened the life of batteries considerably. After a careful study of the problem it was decided that nothing would be better than remove the old wiring and replace properly. The work was done by one of my maintenance men, a skilled electrician, with the aid of the senior boys.

(5) School Desks: We were not only short in number, but the old desks and make-shifts made to serve as desks were collapsing from age and use. The necessary number were purchased and set up.

Indian Affairs. (RG 10, Volume 6440, file 879-5, part 3)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES
CANADA

Photo Copy

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

(6) Painting: painting the interior and exterior of the buil ing was necessary not so much to improve the appearance of the institution but to save from further deterioration what is left of it. Only a small portion of the structure had been originally painted some 30 years ago. The boys under the supervision of one of the maintenance men have done most the building, besides mixing practically all of the paint used after I had purchased the ingredients.

(7) Floors: The floors in parts of the building, e.g., the kitchen, dining rooms, sewing room, girls' living room and the corridors, were badly worn; in some places entirely worn away. These floors have been replaced in part.

(8) Drains and Water Main: parts of the drainage system about the building had to be replaced due to the fact that water was seeping through the walls of the building and flooding especially those parts of the basement where are located the boys' wash and locker room, boiler room and storage room. Sections of the main water line, due to faulty laying, had deteriorated and were leaking badly, threatening our water supply. New sections have purchased and the old replaced.

(9) Drier: the drier in the laundry was heated with hot water in consequence of which it was impossible to get the clothes dry. Following wash days practically every radiator in the house had its burden of clothes to dry, and ironing was a long drawn-out process. A 2.99 H.P. steam boiler and necessary piping was purchased and substituted for the old hot water boiler at a cost of approximately $300.00.

(10) Batteries: The old lighting batteries were completely exhausted. A new set has been purchased at a cost of approximately $600.00. The rambling, spread-out construction of the building, necessitating the use of an extremely large number of lights, made it necessary to install batteries capable of sustaining a very heavy load.

Permit me to call your attention, also, to the expenditure of more than $5,000.00 during the school year 1932-1933 to provide the children with a play-ground. This was also made possible through the kind assistance of our monastery. The work constituted clearing land, removing stumps from, draining and filling in, a swamp, and installing an elaborate drainage system. The particular point to which I would call your attention is the fact that, excepting supervision by three white men, all the work was done by Indians, every reservation being represented but the most northern, the Nuyuqot. To these Indians went the large bulk of the $5,000.00 expended in the form of wages at $1.85 a day; and there can be no doubt that the Department was relieved of no small item of expense in the way of relief by the wages earned in this undertaking.

Two matters I would beg you to consider with approval are the following:

(1) A resident nurse: Christie School and the Catholic tribes of the West Coast Agency stand very much in need of a trained nurse. The need is created by con-

Indian Affairs. (RG 10, Volume 6440, file 879-5, part 3)

PUBLIC ARCHIVES CANADA ARCHIVES PUBLIQUES
PHOTOCOPY

Christie Indian Residential School

Kakawis, B. C.

(WEST COAST LAND DIVISION)

tions that present a problem which seems to admit of no other solution. The tribes live on reservations scattered along the coast. The nearest hospital is at Port Alberni, a twelve hours journey from the nearest reserve by the C. P. R. steamer which plies the coast three times a month. It is quite out of the question to expect the doctor residing at Tofino to give the Indians and the school the attention and care that is necessary, whereas a nurse, appointed for the task of visiting the reserves regularly and with headquarters at the school, would be in a position to accomplish much.

The present arrangement whereby a field matron is stationed at the Protestant mission at Alberni to look after the needs in that respect of the school and the neighboring reserve, while the Catholic school and nine Catholic tribes are compelled to do without such an asset, is not unfair. While the understanding seems to have been that the matron was appointed with the entire northern section of the agency as her field of activity, the fact of the matter is, she has always confined her ministrations to the one school and the one reserve. It should be added furthermore that the present matron has made herself quite undesirable for work amongst the Catholic tribes because of her proselytizing propensities; an objection that very likely should always continue in the event a single matron were appointed to serve the two residential schools and the reservations.

(2) Materials for a structure: a two story structure of approximately these dimensions: 30 x 40 feet. At present we have but the one room, 20 x 32 feet, which must serve as study, class and assembly room for all the boys. The structure requested would provide us with two class rooms and a little additional dormitory space, besides enabling us to use the present class-room for a dining room. The present dining room is too small for the number of boys in attendance.

Yours respectfully,

Victor Nassier

Ottawa, November 7, 1933.

Sir:

I have the requisition which you forwarded to be supplied with 20 gallons of bulk Pyrene for refills for the fire extinguishers at the Alberni Indian Residential School. In this connection it is considered that you can arrange for the purchase of the quantity of chemicals required for refills for the extinguishers at this school. No doubt, you can procure same in Victoria from the local agent of the Pyrene Manufacturing Company or from a firm on the list to receive consideration. Only the quantity required to refill the extinguishers at the present time should be obtained.

Please obtain an account, in triplicate, covering the cost, which you should attach to proper voucher forms, certify in the usual manner and forward for payment. An encumbrance certificate covering the expense will be obtained here when the account is received.

After the refills have been received at the school, the Principal should have them installed and the extinguishers placed in a good, serviceable condition.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Ottawa, July 26, 1933.

Reverend Sir:

I have your letter of the 15th instant, with reference to reimbursement for expenses incurred in clearing and draining a piece of land at the Christie Indian Residential School.

In reply I have to say that the Department, in preparing Estimates for the current fiscal year, included an item to reimburse you for this outlay, but I regret that, owing to a drastic curtailment in our Appropriation, the amount was not allowed.

I would point out that, last year, you were reimbursed for the outlay incurred by you in the purchase of a bake oven, including freight on same, also covering the cost of a dough mixer, a gasoline engine and for materials for a fire alarm system. There are no funds provided in our Estimates this year for any repairs or equipment at your school.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Ottawa, August 30th, 1935.

Sir,-

I beg to acknowledge the receipt of your 243/35/D.-S. 3 of the 13th instant, enclosing copy of a letter received from the Principal of the Christie Indian Residential School with reference to an additional building at the school.

I regret that, as no special provision was made in this year's appropriation for an expenditure of, approximately, $4,500., at this school, the Department is unable to provide the necessary funds at the present time. However, the Principal's request has been noted and further consideration will be given to it when we are preparing our estimates for the fiscal year 1936-37.

When Mr. Phelan visited the Christie School, he authorized the following expenditures:-

Lumber for floors, approximately,	$200.00
Pipe for hot water tank	15.00
Paint	50.00
Repairs to bake oven	100.41

Money is available in this year's appropriation for these expenditures and purchases should be made from firms on the approved list and vouchers, in triplicate, submitted for payment.

The above expenditures do not amount to as much as is provided in this year's appropriation for the Christie School but you should inform the Principal that, later in the year, he should bring to our consideration some other accounts for the balance of the amount provided in this year's appropriation, viz., $700.

Your obedient servant,

A. F. MacKenzie.

243/35/D.-S.3.

OFFICE OF
INDIAN AGENT

West Coast Agency,
Port Alberni, B. C.,
Aug. 13, 1935.

Dear Sir:-

I am enclosing herewith, copy of a letter, received in this office from the Reverend Principal of the Christie Indian Residential School.

The letter being self explanatory. However a very great need will be overcome if the proposed wing can be constructed. The school, as you will remember, is crowded, especially in the winter months, as there are many days when pupils cannot be allowed outside, owing to the very heavy rainfall.

The estimate, is very fair, but a small saving could be made if two by four were used for the frame of the second story instead of six by six. A further saving could be effected if V joint were used inside instead of Gyprock. However the latter is a very good fire protection and in an isolated place like Kakawis such precautions are very necessary. The total saving in changing these two items would be approximately$ 200.00.

If further data is required same can be supplied on notice to this office.

Your obedient servant,

H. P. Nightingale,
Acting Indian Agent.

Rev. Sir:

I have been directed to acknowledge receipt of your letter of the 15th instant, requesting that this Department assume responsibility for the payment of insurance on the buildings at the Christie Indian Residential School or that it take over the school property.

In reply I have to say that the Department is not in a position at the present time to purchase the property at this school. The Government does not place insurance on any buildings, except in cases where the Indians themselves have provided, from their own funds, for the cost of same. I, therefore, regret that the Department is unable to pay any part of the cost of insurance on the Christie Indian Residential School or to purchase the property.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

Ottawa, May 14th, 1935.

Reverend Sir,-

I beg to acknowledge the receipt of your letter of the 6th instant, with reference to a request made last year by your predecessor, Rev. Victor Rassier, O. S. B., for a refund of $4,000 covering the cost of improvements made by him to the Christie Indian Residential School.

In connection with the repairs made by Father Rassier, I would refer you to official letter of September 12th, 1934, and, also, to circular letter of April 19th, 1934. The expenditure incurred by Father Rassier was made without first receiving the Department's authority. As the building is owned by your Order, our permission to make repairs was not absolutely necessary but, at the same time, it should have been secured if the Department was expected to make reimbursement.

When preparing our estimates for the current fiscal year, some consideration was given to Father Rassier's request for a refund of, approximately, $4,000., but it was found impossible to include the amount in our appropriation.

An officer of the Schools Branch expects to visit the Christie School about the last week of June and he will discuss the matter further with you.

Your obedient servant,

A. F. MacKenzie.
Secretary.

I.G.D.J.

Christie Indian Residential School

Kakawis, B.C.

(WEST COAST VANCOUVER ISLAND)

May 6, 1930.

Harold J. McGill,
Deputy Superintendent,
Ottawa.

Dear Sir:-

My predecessor, Father Victor Lessier, O.M.I. turning over the work of this institution to me advised that I communicate with you in the matter of a refund amounting approximately to four thousand dollars ($4,000.00), three thousand, of which was borrowed from our monastery. Of late our monastery has been somewhat crippled financially as they have placed upon my shoulders the burden of reclaiming what they have loaned for the better upkeep of this school. We feel that this school's gain has been the monastery's loss.

Father Victor has given you a resume of what has been done in the line of improvements and I have invoices on file to substantiate his statements. I would therefore ask that you do us the favour to see that our work is not greatly arrested to the extent that we are not compelled to stop in part to assure the Indians a little comfort during their days at this institution. You may be sure that I shall do all in my power to co-operate with the department and work for the betterment of the Indians, following the wonderful example given me by Father Victor.

Very truly yours,

Bertrand McLaughlin
O.M.I.

343/34/3.3

Ottawa, October 26, 1934.

Sir:

I have your letter of the 16th instant, regarding the improvements that have been requested by the Principal of the Christie Indian Residential School. In this connection I have to say that our Estimates for the next fiscal year will soon be in course of preparation, and, at that time, consideration will be given to providing the amount required to carry out certain of the improvements requested.

In June, last, a communication was received from the Principal, in which he stated that repairs and improvements were under way at this school, representing an expenditure of approximately $4,000. He mentioned at that time that it was intended to proceed with the work of erecting the boys' toilets and also a freight shed at bottom of slip, painting the interior and exterior of the building and effecting certain other repairs. He requested at that time to be reimbursed for his outlay. He was informed that no funds were available in our Appropriation for the present fiscal year but that consideration would be given when our Estimates were being prepared for the coming fiscal year.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

Dear Sir:

I enclose, for your information, a copy of official letter of today's date addressed to the Principal of the Christie Indian Residential School authorizing him to purchase linoleum for the kitchen.

When he forwards to you the account covering the cost of this linoleum, you should attach same to a proper voucher form, certify and send to the Department for payment.

Yours truly,

A. F. MacKenzie,
Secretary.

Dear Sirs,

Your File 419/35/ A. S. 3.

We acknowledge your letter of the 2nd instant relative to our account for goods supplied in August to Christie Indian Residential School. We note that this account was evidently sent forward to Ottawa from your Office on August 27th by voucher #372,C.L. 338.C.35. We have checked up very carefully on the remittances received from the various Departments of the Dominion Government during the past few months, and can find no trace of having received payment of the bill referred to. We would therefore be very glad if you would kindly take this matter up with Ottawa along the lines suggested in your letter at your earliest convenience.

Yours very truly,

Sir:

I have the honour to submit herewith regular monthly letter covering conditions within this Agency, for month ending June 30, 1936.

x x x

SCHOOLS.

All the schools were inspected during the month and with the exception of the Alberni Residential School, the health of the children was very good. Christie school has re-opened and the remainder have closed for the Summer holidays. All the children who have not had measles at Alberni School are quarantined. New Fire Escapes at the Ahousaht and Christie Schools are being planned. Fire drill was not carried out at these two schools due to poor condition of the escapes. Sanitary conditions were good. Food was good and properly prepared at all schools.

159-0-5.

EXD.

Ottawa, July 7, 1936.

Dear Sir:

The Department is in receipt of your letter of the 29th ultimo, enclosing letter received from the Principal of the Christie Indian Residential School with reference to the installation of an oil heating system.

When the Principal receives estimates covering the cost of installing this system they may be submitted for the Department's consideration. In forwarding these, full particulars should be given regarding the proposed installation and the names of the firms from whom the quotations have been received.

The Principal's letter refers to the difficulty of securing either wood or coal. How does he propose to bring in oil in the event of an oil burning system being installed? When considering this matter, he should give serious thought to the probable cost of operating such an installation.

When your reply is received the Department will give the matter careful consideration but, in the meantime, no action should be taken regarding the amount available in the current year's Appropriation as mentioned to you in our letter of the 17th ultimo. In the event of our approving the installation of an oil heating system, it will be necessary to use for that purpose the funds provided in this year's Appropriation for other work.

Yours truly,

A. F. MacKenzie,
Secretary.

(WEST COAST VANCOUVER ISLAND)

June 26, 1926.

JUN 30 1926
INDIAN AFFAIRS BRANCH

Mr. H. W. McGill,
Deputy Superintendent General,
Ottawa.

Dear Sir:-

As time goes on it is becoming more difficult to get cord wood sufficient to assure a warm building during the winter months. In former days the wood was nearby, now it is quite a distance and very rough country. To buy coal would be out of the question since the cost would be considerable and then again there is the question of handling it which is a problem in itself on this beach. The number of big boys who could make cord wood could not possibly keep up as we have seen by past experience.

I have written for estimates re the installation of an oil burner which would include the burner, tank and cost of installation. We ourselves could not stand the expense alone but if the Department is unwilling to finance the proposition there might be a chance of their assisting.

We are anxious to settle the question as soon as possible since we must have heat in the house by the latter part of September. If the Department is willing I shall have the Imperial Oil Co. send in estimates after they have seen the school.

Yours truly,
Bertrand McLaughlin.

EXD.

Ottawa, June 17, 1936.

Dear Sir:

In our Appropriation for the current fiscal year provision has been made for the following at the Christie Indian Residential School: -

Addition to girls' dormitory - $700
Interior painting - 200.

Please consult the Principal and give separate estimates of the amount required for material and for labour. With regard to the material, you should state exactly what is required and where it can be secured. In connection with the labour, please state if Indians can be employed. If not, you should advise what tradesmen will be required. As soon as you reply to this letter the matter will receive further consideration.

The work should not commence until you have received definite instructions.

Yours truly,

A. F. MacKenzie,
Secretary.

P. B. Ashbridge, Esq.,

Dear Sir:

With reference to your letter of the 9th instant, you may authorize the Principal of the Christie Indian Residential School to purchase 7 small desks, also 2 fronts and 1 rear. These desks should be purchased from the same firm as the desks already in the school.

An order will be placed with the Government Stationery Office for the blackboards required.

Yours truly,

A. F. MacKenzie,
Secretary.

Ottawa, April 8, 1936.

Dear Sir:

In reporting on his inspection of the Christie Indian Residential School, Inspector Barry states that there are seven large fire extinguishers and some half dozen Pyrene extinguishers, which have not recently been recharged.

If the small Pyrene extinguishers have not been used or damaged in any way, there is no necessity for re-charging them. Please examine these extinguishers when you next visit the school, and advise the Department whether or not refills are required. With reference to the large extinguishers, please let me know the exact size of these, and the refills for them will be ordered.

The Inspector states, also, that the fire gongs do not ring distinctly, and he considers that new dry cells are probably required. The cost of these will not be great. You may arrange for their purchase.

Mr. Barry considers that fire escapes should be constructed at the ends of the school building. You might let me have an estimate of the cost. I would point out, however, that, owing to a reduction in our appropriation this year, it is very doubtful if we can authorize the expenditure that would be necessary. A final decision will not be given until your report is received.

Yours truly,

A. F. Mackenzie,
Secretary.

EXTRACT FROM REPORT OF MR. G. H. BARRY, INSPECTOR OF INDIAN SCHOOLS, DATED MARCH 25, 1936, ON HIS INSPECTION OF THE CHRISTIE INDIAN RESIDENTIAL SCHOOL.

Original on No. 159-0-6.

FIRE PROTECTION: In opening this section of my report, I would ask that a copy of the Department's instructions with regard to fire drills be sent to the Principal. He does not appear to have a copy of this most important letter.

There are seven large Fire Extinguishers and some half dozen Pyrene extinguishers. I could not see any evidence that the Soda type extinguishers had been recharged lately. This I think ought to be done. There are six hydrants with hose pipe located inside the main buildings, and there are three more outside the buildings. There is a quantity of hose pipe for use with the hydrants. The water comes from the mountains through a tank on the side of the hill near the school. The pressure in the fire mains is between 60 and 70 pounds, and will throw water to the roof, I am informed.

I held the usual fire drill while at the school. The Indian Agent and teacher who were with me in the senior girls' classroom did not hear the fire gongs. I was just able to do so, but only because I was waiting for them to ring. There are five gongs and I can only think that they did not all ring through lack of battery power. New dry cells are probably required. The fire drill was well carried out DOWN THE STAIRS INSIDE THE SCHOOL. The only escapes are as described in my last report, a wooden stairs at the back of the school leading to the roof of a low part of the school, and a wooden ladder fixed to the back wall of the school.

I certainly consider that suitable fire escapes should be constructed at the ends of the school building. These need not be of iron. In case of a serious fire at this school I do not see how the children could all be saved. I asked that this matter should receive consideration by the Department, when I previously reported on this school after an inspection in April, 1934. I am simply not satisfied with the protection afforded to the children at this school in the case of fire, and wish to go on record to this effect. I have no doubt that the Indian Agent will be in full agreement with my view of the matter, and I can only think that the officials of the Schools Branch of the Department of Indian Affairs must have overlooked my previous remarks on the fire escape situation at this school.

EX'D.

Ottawa, April 1, 1936.

Dear Sir:

In official letter of the 16th ultimo you submitted voucher No. 959 covering the cost of linoleum purchased for the Christie Indian Residential School. The voucher was issued in favour of the Principal, but, as the account was not receipted, payment could not be made to him. As we wish to make this payment out of the appropriation for the fiscal year 1934-35, cheque has been sent to Gault Bros. Limited., Vancouver. In the event of the Principal already having paid them, he should arrange to obtain a refund from them.

While the amount of the account was $294.00, there is a notation reading "3% 10 days". Present regulations require us to take off any discount noted on the company's letter head. Consequently, a discount of $8.82 has been deducted, and a cheque for $285.18 has been sent to Gault Bros. Limited.

Please inform the Principal of the Christie Residential School at once, in order that he may make any adjustment that may be necessary with Gault Bros.

Yours truly,

A. F. MacKenzie,
Secretary.

Christie Indian Residential School

Kakawis, B. C.

(WEST COAST VANCOUVER ISLAND)

March 14, 1936.

P.B. Ashbridge,
Indian Agent,
Port Alberni, B.C.

Dear Sir:-

Please forward the enclosed invoices re linoleum used for the kitchen at the above institution. You may send this letter of explanation along with the invoices. Mr. Phelan did not measure the kitchen on his visit here but took a guess at the actual dimensions. We used approximately seventy square yards on the kitchen and small bread room which is part of the kitchen. For the kitchen alone one roll was not sufficient and as this kind of linoleum is sold only in rolls we found it necessary to order another roll hence the expense. However, I wrote to Mr. Phelan at Ottawa concerning this matter and told him that if the price was too high for the Department he should advise them that I would go the extra expense. Furthermore, I was told if there would be any linoleum left after the kitchen was supplied I should use it elsewhere in the house.

As a matter of fact, I have paid the bill since you returned the invoices to me. If the Department wishes to reimburse me they may do so instead of sending a cheque to Gault Brothers of Vancouver.

Yours truly,

Bertrand McLaughlin.

I have the honour to submit herewith the regular monthly letter covering conditions within this agency for month ending November 30, 1936.

x x x

[redacted]:

In obedience to the Department's instructions, watchmen have been engaged at Alberni, Ahousaht and Christie Schools, and commenced their duties November 1st. Instructions were given them in all cases as to their duties and responsibilities. Fire escapes are all being put in first class order. New escape has been placed at Christie School, and another one being built. Escapes at Ahousaht have been improved and a new one is to be built immediately. All pyrenes are in good order and axes and fire pails are being put where needed. Fire drills are being conducted, and much improvement is observed in equipment and preventative measures.

NOV 24 1936
RECEIVED

Kamloops, B.C., November 13th, 1936.

WEST COAST AGENCY INSPECTION REPORT NO. 8.

Dear Sirs

I reached the headquarters of this agency on the 17th of October, and left it on Sunday, October 18th. This is the first time I have inspected this agency since Mr. Ashbridge took over.

x x x

SCHOOLS:

I did not visit any of the Residential schools in this agency as I had not the time available. However, Mr. Ashbridge informs me that the fire escapes at the Christie School have only just been fixed. I was under the impression that this had been done a long while ago. I know I took the matter up with the Department and pointed out this urgency.

x x x

Both the Indian Agent and myself do not think it is advisable to lay out much money on reconstruction of this said Christie School. It is a very old building and really should be rebuilt if it is considered advisable to continue with the residential school here.

x x x

RTD.

Ottawa, November 6, 1936.

Dear Sir:

I have your letter of the 23rd ultimo, submitting a request from the Principal of the Christie Indian Residential School, that funds to the amount of $933.00 be provided to purchase the materials required in the erection of a building, combining machine shop, carpenter shop and woodshed.

In reply I have to say there have been so many demands for repairs, equipment, etc., at the Indian schools, that our appropriation for the current fiscal year is practically assigned. It will not be possible, therefore, to authorize the expenditure required in the purchase of the material for the erection of the building during the present fiscal year.

I have also your letter of the 28th ultimo, requesting that a small stove be supplied, for use in the carpenter shop, at an estimated cost of $12.00. The Department will approve the purchase of the stove. You should forward an account, in triplicate, properly certified, covering the cost.

Yours truly,

A. F. MacKenzie,
Secretary.

1218/36/D.

Ottawa, November 6, 1936.

Dear Sir:

I have your letter of the 21st instant, reporting on the fire escapes and fire fighting equipment at the Christie Indian Residential School. It is noted that this school is fully equipped with fire escapes and that the present means of escape is by stairways, placed at either end of the building, located where least exposed to danger from fire. It is noted, further, that a new escape is at present under construction, leading from both dormitories at the girls' end of the school. Regarding your recommendation, that another fire escape, of the same type, be placed at the boys' end of the building, the Department will approve of an expenditure, not exceeding $100.00, in providing the material required to erect this fire escape. It is to be understood that the work of installing the fire escape will be provided by the school staff. You may, therefore, purchase the material required, from a firm on the approved list, and arrange with the school authorities to construct the fire escape. You should obtain itemized accounts, in triplicate, covering the cost of the materials, attach the accounts to proper voucher forms, certify in the usual manner and forward for payment.

It is noted that the fire gong, located on the upper landing, and which has recently been put

- in good

P. B. Ashbridge, Esq.,

in good order, is not adequate to be distinctly heard in all parts of the building. If the Principal and yourself recommend that a gong of larger capacity be installed, the Department will approve of the expenditure. You should discuss this matter with the Principal, and, if it is decided that a larger gong is necessary, you may arrange for the purchase and installation, keeping all costs as low as possible. You should then forward a properly certified voucher covering any expenditure incurred.

It is noted that fire drills are well conducted and that the water pressure and supply are good, also that the fire equipment is kept in good condition.

Yours truly,

A. F. MacKenzie,
Secretary.

Indian Affairs. (RG 10, Volume 6440, file 879-5, part 3)

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

1226/36/D.

West Coast Agency,
Port Alberni, B.C.,
October 23, 1936.

Sir:

I have the honor to submit, for the consideration of the Department, a request of the Reverend Principal of Christie Residential School for a building combining machine shop, carpenter's shop and woodshed. The present woodshed, as referred to in my report on fire appliances, has always constituted a fire menace, and I strongly advised the school authorities to tear it down, or replace the shake roof with iron.

Plans have been prepared for a two story building, 28 x 40 frame construction, which would combine carpenter and machine shop, and wood shed. Estimated cost would be as under.

Lumber	550.00
Shingles	88.00
Sash & Door	75.00
Hardware	100.00
Brick	20.00
Cement	20.00
Labor	80.00
Total	933.00

As to labor, this would be furnished by the school except for one carpenter for 6 weeks. Referring to your letter, file 159-0-5, of June 17, 1936, provision was made for addition to girls dormitory $ 700.00, and interior painting $ 200.00, but as this work cannot be undertaken during the winter months on the main building, estimates to cover these items were included for the next fiscal year, and it is respectfully recommended that the amount, $ 900.00, available for the present year, be expended in the erection of this building, which is very much to be desired.

Your obedient servant,

P.B. Ashbridge,
Indian Agent.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

Report on condition of Fire Escapes and Fire Fighting Appliances at Christie Residential School.

October 20, 1936.

Fire Escapes and Exits. This school is poorly equipped with fire escapes. The present means of escape is by stairways placed at either end of the building. These however have the advantage of being so placed that the school can be emptied in less than two minutes, and are located in that part of the building least exposed to danger from fire. A new escape is at present under construction which leads from both dormitories, at the girls end of the school.

Pyrenes. Pyrenes are placed at vantage points throughout the building, and are all in good order. Refills are also being supplied for these.

Fire Pails. Fire pails are kept on landings, and at time of inspection were filled with water and in good order.

Fire Alarm. A large gong operated by electric switch is placed on upper landing. This has recently been put in good order. This gong is not considered adequate for the purpose, as it is indistinct at further end of building.

Hydrants. There are six hydrants with hose located in the main building, and three hydrants outside.

Water. Water pressure and supply is very good. Pressure about 70 lb. and sufficient to throw a stream over the roof.

Fire Drill. Fire drills are well conducted. School can be emptied in two minutes by means of exits, under normal conditions. Staff and children know their stations.

Recommendations. It is recommended that a fire escape of the same type as the one being built (wood construction) be placed at the opposite end of building. In case of fire at boys end of building, escape would be cut off, should the stairway be involved. It is also recommended that a larger gong or bell be installed. Estimated cost of wooden fire escape and gong, labor to be provided by school staff, $ 100.00. It is further recommended that present roof of wood shed be torn down, as this is of cedar shake construction and very dangerous being directly opposite kitchen flues. This is being dealt with in separate letter.

Respectfully submitted,

Indian Agent.

PBA/AM.

Ottawa, October 7, 1936.

Dear Sir:

EX'D.

Owing to certain fire hazard at the Ahousaht, Alberni and Christie Indian Residential Schools, it has been decided to make an allowance, at the rate of $40.00 per month, towards the salary of a night watchman at each school for the period from November first, next, to April 30, 1937. This is the same rate and for the same period as we provide grants for this purpose at a number of other schools, where there is fire hazard.

You should immediately request each Principal to obtain the services of a reliable man to carry out the duties as night watchman. He should make hourly visits during the night throughout the building and especially pay attention to the furnace room or where there is any danger of fire. Should it be necessary to pay a watchman more salary than the grant we allow, the school authorities will be responsible for payment of same, from per capita allowances or other receipts of the school.

The Department will rely on yourself and the Principals to see that this service begins as from November first, next. Payment of the allowance made by this Department towards salary of the watchman will be made at the end of each month, upon receipt of a voucher, in triplicate, from you. The voucher should be drawn, in the case of each school, as per the sample enclosed. Payment of the allowance will be made the Principals and not to the man employed, at each school.

I would request that you communicate with the Department, stating the name and, briefly, the qualifications of the men who are engaged as night watchmen at each of the above named schools, and also the date they began duties. This matter should receive your immediate attention.

Encl.

Yours truly,

A. F. MacKenzie,
Secretary.

Ottawa, October 7, 1[illegible].

Dear Sir:

The attention of the Department has been called to the fire escape facilities at each of the Clayoquot, Alberni and Christie Indian residential schools.

I would request that you furnish a report, in a separate communication, regarding each school, stating the fire escape facilities provided. You should state, also, if you would recommend that improvements be made in the present equipment or new escapes, of a different type, installed. Please give as full particulars as possible, after consulting the Principals, regarding the fire escape facilities, and state if new escapes or improvements to the present ones are required. Full particulars should be given, regarding the type of any new escapes which you would recommend be installed, the approximate cost and the location on the buildings where they should be installed.

Our funds are extremely limited, and it may not be possible to provide any new fire escapes this year, but, when we have your report, with an estimate of the cost, consideration will be given as to whether any improvements could be carried out at the present time.

Yours truly,

A. F. Macrae,
Secretary.

Dear Sir:

I have your letter of the 24th ultimo, recommending the installation of an oil heating system, for heating purposes, at the Christie Indian Residential School and enclosing a communication which you received from Imperial Oil, Limited, Vancouver, quoting on the installation of the heating system.

In this connection I have to say that the Department is not prepared to authorize the expenditure required in installing an oil heating system in this school at the present time.

Sir,

I have the honour to submit herewith the regular monthly letter covering conditions within this agency, for month ending August 31, 1936.

x x x

Schools

All schools were inspected during the month and found in good order. Arrangements have been made to have regular visits by the Department medical officers paid in company with the agent when possible. All children are in good health and being well cared for. Food is good, properly cooked and sufficient. Fire drills were not carried out at Ahousaht or Christies school as new fire escapes are being built. New buildings and all repair work at all schools is regularly inspected by myself.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF THE
DEPUTY SUPERINTENDENT GENERAL
OTTAWA

September 1st, 1936.

MEMORANDUM:

The Honourable the Superintendent General,-

The sum of $900.00 is available in the Appropriation for Indian Education for the current fiscal year to carry out repairs, painting, etc., at the Christie Indian Residential School, Kakawis, B.C., west coast of Vancouver Island (Electoral District of Comox-Alberni).

The Principal and the local Indian Agent have made a survey of the present heating system in the building, which, they state, is absolutely necessary to be renewed. In view of the difficulty of obtaining wood and coal, they have recommended the installing of an oil heating system. The obtaining and handling of oil supplies is easily overcome, as the Imperial Oil Company, Limited, Vancouver, propose to keep a supply on hand at Tofino, where it can be obtained and shipped on the school launch. The great difficulty at this school is the handling of freight supplies, and the semi-annual supply of oil can be shipped direct on tanker and taken ashore on a scow, which is the property of the school.

The Imperial Oil Company, Limited,

Vancouver, furnished a quotation for the changing of the present heating system and boiler, supplying the necessary burners, tanks for oil storage, etc., for the price of $1,300.00, and guarantee satisfactory service for a period of one year from the date of installation.

The Principal is willing to apply the $900.00 available, mentioned above, towards the cost of the installation of an oil burning system and will pay the balance - $400.00 - from church funds.

I would recommend, for your approval, that authority be granted to incur an expenditure of $900.00 for the purpose mentioned, and, as the Principal is paying part of the cost, that the contract to supply the oil burning equipment be given to the Imperial Oil, Limited, Vancouver, from whom the Principal will purchase the oil he requires, from school funds.

OUR FILE ..... YOUR FILE

ATTENTION OF .....

FROM .....

Dear Sir :-

In complying with your request that our engineers make a survey of the above school,we take great pleasure in submitting to you for your approval our report as follows :

Before we could arrive ata decision as to the feasibility of satisfactorily heating the above school,with oil burning equipment,we first made a complete plan of the school,and its present radiation,which we give you as follows :

Boiler. The boiler is of a type that will give good efficiency with oil fuel,having a gross radiation of 6050 square ft. output. The condition of the boiler to all appearances is good except the grates and the smoke pipe, which will necessarily have to be renewed.

Radiation and Piping. The complete radiation at present in the school is 4389 square ft. gross. There is a shortage of radiation in some of the rooms, but we feel that with proper firing of the boiler,and insulating some of the present exposures,this will be overcome. Some of the piping should be covered,otherwise the heating pipes,locations and capacities are very good.

Burners. The burners we will install would be our Model BS capable of satisfactorily heating your boiler. We would also install an Automatic Burner Model JB in the heating boiler for domestic hot water.

Tanks. We will install 2500 gallons of oil storage and pipe same to burner.

Price. We will install all the above equipment,including the brickwork and bricks,the electric work and all the electrical equipment necessary to make this installation a success, the heating boiler to be controlled by a clock thermostat, for the following price of $1300.00.

Guarantee. We guarantee the above equipment to be installed

Ottawa, August 5, 1936.

Dear Sir:

With reference to your letter of the 29th ultimo, you may expend $42.00 in the purchase and delivery of lumber and fittings for new fire escapes at the Christie Indian Residential School. It is noted that the labour will be supplied by the school staff.

With regard to the refills requested for fire extinguishers, I would point out that the Department has never supplied 3-gallon extinguishers. Some schools have been sent 2½-gallon extinguishers, while others have been sent 5-gallon extinguishers. Please let me know the name of the manufacturer of the 3-gallon extinguisher which you mention in your letter.

Yours truly,

T. R. L. MacInnes,
Acting Secretary.

Ottawa, May 6th, 1937.

Dear Sir,-

In our appropriation for the current fiscal year, the following amounts were provided for the Christie Indian Residential School:-

Exterior painting	- $200.00
Miscellaneous repairs	- 200.00
Total	- $400.00

If there are other repairs more urgent, it is not necessary to expend the amount provided in the manner mentioned above. On the occasion of your next visit to the school, you should consult the Principal and ascertain the manner in which he wishes the $400 expended. You should then communicate with the Department and receive the necessary authority.

Yours truly,

R. A. Hoey.

Dear Sir:

Strong representations are being made to this Branch that funds be provided for the construction of a wharf, landing platform, and a road from the wharf to the Christie Indian Residential School at Kakawis, West Coast Vancouver Island, B.C.

A request is being made that a grant of $9,000.00 be made available towards the cost of the above mentioned work which would be similar to that at Ahousat with modifications to suit local conditions.

Would you please investigate the matter and furnish me with a report giving your views on this question.

Yours very truly,

Director.

Ottawa, July 9th, 1937.

Dear Sir,-

The Department is in receipt of your letter of the 30th ultimo, enclosing a communication from the Principal of the Christie Indian Residential School.

It is noted that the Principal and yourself consider that the most necessary work is the exterior painting of part of the building. You may, therefore, authorise the Principal to proceed with the painting but it should be distinctly understood that the total amount the Department can provide is $400.00. I regret that, owing to lack of funds, we are not in a position to allow a higher amount. Any paint or other materials purchased should be secured from firms on the approved list.

Yours truly,

R. A. Hoey.
Supt. of Welfare & Training.

June 30, 1937.

R

Sir:

I have the honour to refer to your letter of May 6, 1937, with reference to appropriation for painting and repairs to Christie Indian Residential School.

As instructed, I consulted with the Reverend Principal on this matter, and he decided that he would like to use the total of $400.00 for painting the exterior.

Since this conversation with him, I have received the attached letter, in which he asks for $900.00 for this purpose.

I beg to advise the Department that, while the rear of the building needs painting, the front can go for another year, and the amount specified, $400.00, should be sufficient for this purpose.

Your obedient servant,

P. B. Ashbridge,
Indian Agent.

Christie Indian Residential School

Kakawis, B. C.

June 26,1937

Deputy Superintendent General
Of Indian Affairs
Ottawa , Canada

Dear Sir:

On the last visit of inspection by Col. G. S. Pragnell and Dr. P. B. Ashbridge, it was deemed advisable to paint the main building of Christie Residential School.

It has been a number of years since any great amount of painting has been done around the place with the result that the buildings begin to look quite neglected. We feel that the department is anxious to maintain a certain standard in all her institutions of learning and for that reason we are applying to you for sufficient material or paint to the amount of $900.00 .

I am the new principal at the school and I understand that the Indian Department has always been kindly disposed to Christie School and ready to assist in anything for the betterment and maintainance of the Indian institutions.

Very sincerely,

Rev. Hildebrand Melchior, O.S.B.

Indian Affairs. (RG 10, Volume 6440, file 879-5, part 3)

EX'D.

Ottawa, June 25th, 1937.

Dear Sir:-

Voucher No.965 - $68.10
Christie Indian Res. School

The above noted voucher was submitted by you on April 8, 1937, and was paid on April 24, 1937, by cheque No.52540, for $68.10, drawn in favour of the Christie Indian Residential School.

I am enclosing herewith a copy of a receipted account which was received from Marshall-Wells, B.C., Limited. You will notice that it shows a discount of 2% which would amount to $1.36. Voucher No.965 should have been paid at $66.74.

Kindly take this matter up with the Principal of the school and obtain a refund of $1.36 and forward it to this office with the usual Receiver General Payment Form with an explanatory letter.

Yours truly,

L.W.McCutcheon
Chief Treasury Officer.

Inspection of Schools.

All schools were inspected during the month in company with Mr. Inspector G. L. Barry, and survey of the Alberni school area was carried out also at this time. At both residential schools, the health of the pupils was good. Fire appliances were found to be in good order, and fire drills were carried out. Since date of the Inspector's visit, a new fire escape has been built at the Ahousaht School. and new fire hose placed at Christie school.

2474/37/84.

West Coast Agency,
Port Alberni, B.C.,
December 29, 1937.

Rev. Hildebrand Melchior, O.S.B.,
Principal,
Christie Indian Res. School,
Kakawis, B.C.

Reverend Sir:

On the occasion of my last inspection of Christie School on December 15th, I, acting upon instructions of Mr. Hoey, examined the watchman as to his suitability, and regret to inform you that I found him everything but satisfactory.

He not only did not know how to use the fire appliances, but did not know where they were or what they consisted of. He did not know where the fire alarm was, and when shown, did not know how to use it until demonstrated by Father Leo. To the date of inspection he had not tested the hose, hydrants or extinguishers. His answers as to his duties and patrol of the building were most alarming, and showed positively that he either had not been made aware of his duties, or that he was completely incapable of carrying them out.

In view of the great danger of fire at your school, it being a wooden building, and the almost certain loss of life should it unfortunately happen, I must request that you take immediate steps to remedy this condition, and report by return what steps have been taken.

As you were away at the time of inspection, I brought the matter to the attention of Father Leo, and asked him to see that this man was made thoroughly acquainted with the location, nature, and use of all equipment. To test hose and hydrants frequently, also extinguishers.
To make him familiar with alarm stations. To make regular patrol throughout the building, basement and outhouses, all through the night, and to report anything out of order to the Principal immediately.

..indly say if this has been done and also if you are satisfied that this man is fit to assume the responsibility of the safety of your pupils and the school.

Yours very truly,

PBA/AM.

P. B. Ashbridge,
Indian Agent.

Ottawa,
April 9, 1938.

Dear Sir:

In reporting on his inspection of the Christie Residential School on the 21st ultimo Inspector Barry did not appear to be satisfied with the operation of the oil burning heating system.

While this system was installed by the school authorities, and they are responsible for its maintenance and repair, at the same time the Department wishes to feel certain that the pupils are not subject to any danger through its use.

I would appreciate your discussing the heating system with the Principal on the occasion of your next visit, keeping in mind, of course, that any expenditure required to place it in good shape will have to be borne by the school authorities.

Inspector Barry also considers that the boilers at this school should be inspected by Mr. Arnall. If you concur in this recommendation you might communicate with Indian Commissioner MacKay and arrange to have Mr. Arnall visit both the Ahousaht and Christie Schools within the next few months.

Yours truly,

D. M. Hoey,
Supt. of Welfare & Training.

P. E. Ashbridge, Esq.,

Ottawa,
April 9, 1938.

Reverend Sir:

In reporting on his inspection of the Christie Residential School Inspector Berry mentions that the windows from the girls' dormitories to the fire escapes are fastened with a padlock. This is contrary to the instructions issued by the Department and I trust that you will make immediate arrangements to have the door leading to the fire escape unlocked whenever the dormitory is occupied.

If an electric bell were attached in the monitor's room, and a wire run from this to the door, the bell would ring whenever the door opened and the monitor could then investigate the reason. This should be sufficient to prevent any unnecessary entrance to or departure from the dormitory.

Yours truly,

H. A. Hoey,
Supt. of Welfare & Training.

159-0-5

Extract for 159-0-5

Original on 159-0-6

April 7, 1938.

Extract from Inspector Barry's report of March 21, 1938:

May I mention that the windows from the Girls' Dormitories to the fire escape are fastened with a padlock contrary to the instructions of the Department. I spoke of the electric gong system attached to these windows to prevent them being opened, and pointed out to the Principal that the locking of the windows was against Departmental regulations. I asked him to take the matter up with the Department.

.....

In my last report I mentioned that an oil burning heating system had been placed in the school. May I say that I am not satisfied as to the operation of the burners. There is far too much soot formed showing imperfect combustion. Combustion occurs in the brick chimney overheating this. On opening the furnace doors there is at times a mild explosion. All this points to the immediate need for an overhaul by the Imperial Oil people who placed the system in the school, and I would recommend that the Department insist that this be done under the terms of guarantee given to the school by the Imperial Oil Co. The school is now writing to the Firm in question about this matter.

I wish again to point out the need of a very thorough inspection of all boilers at the school, particularly the High Pressure Boiler in the laundry. I would recommend that Mr. Arnall be asked to make a very thorough inspection of boilers and machinery when this is at all possible. It will be remembered that I asked that the Ahousaht Residential School boiler and machinery should be inspected by Mr. Arnall. He might carry out inspection work here at little extra cost to the Department while on the way back from Ahousaht.

Gerald Barry,
Inspector of Indian Schools, B.C.

[illegible]. Ottawa,
March 3, 1938.

Reverend Sir:

I have had referred to me that portion of your letter of the 1st instant which referred to the proposed building for manual training purposes at the Christie Indian Residential School.

In our estimates for the fiscal year 1938-39 an amount of $2500 has been provided for this building. I would appreciate your advising in what manner you consider it should be erected. Will it be necessary to employ outside labour or will the school staff, assisted by the older boys, be able to do the necessary work.

Complete details regarding the material required should be forwarded in order that purchase of same may be made by our Purchasing Agent. In the case, however, of lumber or any other material that could be purchased locally you should state the name and address of the firm from whom such articles could be secured, also the approximate cost.

A copy of this letter is being forwarded to Indian Agent Ashbridge with whom you should discuss the matter and through whose office you should forward your reply.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

May 6, 1938.

E.V.D.

Mr. H. A. Hoey,
Supt. of Welfare & Training,
Department of Mines & Resources,
Ottawa, Canada.

Dear Mr. Hoey :

In reference to your letter of April 9, 150-0-5, relative to lockers on dormitory windows.

I would say that the suggestion you offer to correct this seems quite practical. I will endeavor to do as you say and attach electric bells and concealed wires to the window in question.

Supervision over the boys and girls is a constant problem, and something must be done to insure efficient control of entrances and exits in the girls' dormitory.

Yours sincerely,

Father Hildebrand O.S.B.

Ottawa,
November 22, 1938.

Dear Sir:

Reporting on his inspection of the boilers at the Christie Indian Residential School Mr. T.J. Arnall stated that boiler No. 50540 - B.C. should be repaired at a cost of approximately $65.00 and that boiler No. 15-6 (Ideal) should be repaired at a cost of $75.00. Please arrange for the immediate repair of these boilers and forward account in triplicate for same.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Ottawa,
October 28, 1938.

Dear Sir:

With reference to your letter of the 21st instant the Department will allow for the period November 1, 1938 to April 30, 1939 an amount of $40.00 toward the salary of a night watchman at the Ahousaht Indian Residential School.

A similar amount for the same period will be allowed toward the salary of a night watchman at the Christie School.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

159-0-5.

Ottawa, October 21, 1938.

Dear Sir:

In reporting on his inspection of the boilers at the Christie Indian Residential School, Mr. T. J. Arnall states as follows: -

"Re Boiler No. 50540 B.C. - This boiler has been very badly neglected. On removing smoke hood it was found to be corroded nearly away. Water had been allowed to lodge on the top sheet which had corroded the beading off all the tubes. Every tube was leaking so test had to be stopped. Some of the tubes were blocked with soot and corrosion. It was difficult to drive a piece of pipe through them. This boiler must be retubed before using it. Cost approximately $65.00".

"Re Boiler No. 15-6 (Ideal) - Boiler in good condition but carrying too high pressure for cast iron. Must be cut down to 30 lbs.

Firebars and carrier frame burnt out. Have been using pieces of pipe laid across the old bars. New set of bars and frame required. Cost $75.00."

The above matters should be brought to the attention of the Principal.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

BRITISH COLUMBIA

CANADA
DEPARTMENT
OF
MINES AND RESOURCES

159-0-5

INDIAN AFFAIRS
BRANCH

IN YOUR REPLY REFER TO
NO 15/15/1274.
ALSO TO DATE OF THIS LETTER

R.C. BOX 703
VANCOUVER, B.C.

6th Sept., 1939.

Dear Sir:- Your File 159-0-5.

I would refer to your letter of the 9th ultimo, regarding appropriations for repairs and improvements to the Christie Indian Residential School set at $500.00, and also $600.00 for the material for a track from the boat landing to the wharf, a total of $1,100.00, and to enclose herewith a letter received from Mr. Indian Agent Ashbridge dated August 29th, enclosing requisitions for roof repairs and manual training material, as follows:-

Repairs to roof,(shingles, etc.).....	$188.53	
Roof paint.....	132.00	plus frt.
Manual Training Lumber.....	85.75	
	$406.28	

This material is to be supplied in lieu of materials for track from tide water to School, previously provided for at a cost of $600.00; it evidently being considered by the Rev. Principal that the roof, etc. are more urgent.

I would recommend the application for approval.

Yours faithfully,

D.M.MacKay.
Indian Commissioner for B.C.

Sir:

I have the honour to refer to your letter of August 16th, 1939, and to my file No. 4207/39/C, in connection with requirements of Christie Residential School, as to enclose requisitions for material required by the above-named principal for repair to roof and for general training class.

These requisitions are sent in lieu of material asked for to be sent from time to time, the law for same having been changed, and provided for in Leaflet #1 sent later.

Please note on attached requisitions are the only local prices able to supply, the merchants in on the referred list.

Your obedient servant,

D. M. Scott,

159-0-5

Ottawa,
August 9, 1939.

Dear Sir:

I am in receipt of your letter of the 29th ultimo with reference to a request received for the purchase of gymnasium equipment for the Christie residential school.

For your information I may say that in the current year's appropriation we provided an amount of $500.00 for repairs and improvements at the Christie school, also an amount of $600.00 for purchase of material for a track from the boat landing to the wharf. This latter item was specially requested last fall by the Principal.

Before giving any consideration to purchase of gymnasium equipment I should appreciate it if you would communicate with the Indian Agent and have him consult the Principal at once with a view to determining in what manner the school management would like to expend the $1100.00 provided in the current year's appropriation.

As previously explained to you, in the case of Church-owned schools it is impossible for the Department to exceed the amount specifically provided due to the fact that we have already secured an Order-in-Council authorizing the expenditure of the exact amount in the estimates; namely, $1100.00.

Yours truly,

Major D. M. MacKay,
Indian Commissioner,
P.O. Box 70,
Vancouver, B. C.

R. A. Hoey,

Major D. M. MacKay,
Indian Commissioner,
P.O.Box 70,
Vancouver, B.C.

Dear Major MacKay:-

With reference to the attached letter 4161/39/D dated June 29th 1939 from Mr. Indian Agent Ashbridge, I may say that owing to the location of the Christie Indian Residential School it is not possible to provide for the children very much in the way of the usual outdoor games.

The actual space around the school is limited, though there is a sandy beach, which might be made more use of I believe; and the weather is mild and very wet. Under the circumstances the more or less conatant use of the gymnasium gives the children that physical training which I am trying to encourage in our educational work.

The need for new schools in various parts of the Province is so urgent that I hesitate to recommend the expenditure of money on less essential projects.

As the school is willing to meet over half the cost of the gymnasium equipment it may be that the Department could find the $100.00 asked for,and if any funds exist for such a purpose I would recommend that the Reverend Principal's request be granted. I do not however consider the matter a very urgent one at the present time.

Yours very truly,

Gerald H. Barry.

ORIGINAL ON FILE

I-9-J

West Coast Agency,
Port Alberni, B.C., June 30, 1939.

AGENT'S REPORT FOR MONTH OF JUNE

x x x

Christie Residential school has just re-opened, having taken the summer holidays earlier than the others.

Pupils had just returned and were all apparently in good health, well clothed and cheerful.

The meals served were very good, well prepared and varied.

The new work-shop is about completed and should prove to be of great value in the training of those taking instruction in engineering, carpentry etc.

Dormitories and all parts of the residence were spotlessly clean, and very well ordered.

Fire appliances, escapes etc. all in good order.

Some leakage was found in the drainage system, and the repair work is being done by the staff.

All outbuildings and grounds are well kept and tidy.

As at Ahousaht, a few cases of Tuberculosis were detected and discharged. Several cases of tonsillitis should be treated and a dental survey at a later date.

West Coast Agency,
Port Alberni, B.C., Feb. 28, 1939.

Report for February 1939.

x x x

Christie Residential school was found in excellent condition. All the outbuildings are well kept, clean and sanitary, as also are boiler room, basement and laundry.

The boilers have been put in first class order to comply with the requirements of the Inspector. All the material for the new vocational training building has been received, and the buildings should be completed within six weeks. Fire equipment, escapes and water hydrants are all in good order, and fire drills regularly carried out.

Dormitories, classrooms and kitchen were all in excellent order. Children are all in good health, clean, well clothed and fed and meals are varied , well cooked and ample.

At this inspection, I was fortunate in meeting His Excellency the Right Reverend the Lord Bishop of Victoria, who was also paying a visit to the school, and with whom I discussed several matters for the betterment of the school generally.

Dear Sir:

With reference to your letter of the 23rd instant the Department will allow for the period November 1, 1939, to April 30, 1940, an amount of $40.00 a month toward the salary of the night watchman at the Ahousaht Indian residential school.

A similar amount for the same period will be allowed toward the salary of the night watchman at the Christie school.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Dear Sir:

With reference to your letter of the 6th instant, requesting material for repairs to the roof and lumber for manual training at the Christie Indian residential school, the Purchasing Agent has informed us that local purchase may be made. You should secure these articles, which are shown on the enclosed requisitions, from the firms who submitted quotations.

A copy of the encumbrance requisition for the amount necessary to cover these purchases will be sent to you as soon as it has been issued.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

I am attaching hereto requisitions for certain supplies necessary for the repair of the Christie Indian residential school and also copy of a communication received by the Commissioner for B.C. from F.B. Ashbridge, local Indian Agent. In view of the urgency of this matter and the somewhat isolated position of the school may I recommend that permission be granted to the Indian Commissioner to make these purchases. In view of the lateness of the season it is of the utmost importance that these repairs, particularly the repairs to the roof, be undertaken and completed at the earliest possible date.

INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE 4758/40/D.

Mines & Resources
Indian Affairs Branch
JAN 10 1940
Received

West Coast Agency,
Port Alberni, B.C.,
January 4, 1940.

Sir:

I have the honour to recommend that Christie Indian Residential School be supplied with additional fire extinguishers in the interests of safety. These are for use in the new machine shop, carpenter shop, furnace room and laundry.

Extinguishers recommended are: three 1 quart at $14.00 and one 2½ gallon at $20.00, total cost would be approximately $62.00, less 10%.

Should it be the wish of the Department that these be supplied by the School, I would request please that I be informed.

Your obedient servant,

P. B. Ashbridge,
Indian Agent.

Ottawa,
January 11, 1940.

Dear Sir:

With reference to your letter of the 4th instant the Department is ordering, for the Christie Residential School, 5 - 1 qt. fire extinguishers. When received these should be placed at strategic points throughout the different buildings.

Yours truly,

Philip Phelan,
Chief, Training Division.

Attention: Mr. I. B. Andrews
Indian Affairs

Dear Sir: Ref. 47[illegible]40/[illegible]

We [illegible] to thank you for your letter of January 2nd, enclosing separate lists of materials for your various departments.

We have based our quotation on prices, f.o.b. Vancouver, have kept each list separate, and have also arranged the foot of each list, the [illegible] to be brought forward to [illegible].

This quotation we are [illegible] to have subject to immediate acceptance owing to uncertain price conditions. Terms [illegible], 30 days, except at the Indian Market, f.o.b. Vancouver.

Trusting that our quotation will receive your favourable consideration and thanking you for the opportunity of submitting this tender, we are,

Yours very truly,

[illegible] B.C. Ltd.

INDIAN COMMISSIONER
BRITISH COLUMBIA

IN YOUR REPLY REFER TO
NO. 15/15/3681.
ALSO TO DATE OF THIS LETTER

CANADA
DEPARTMENT
OF
MINES AND RESOURCES

159-0 5

INDIAN AFFAIRS BRANCH
JAN 30 1940

P O BOX 70
VANCOUVER, B C. 25th Jan., 1940.

Dear Sir:-

I am enclosing herewith application received from Mr. Indian Agent Ashbridge, West Coast Agency, for certain improvements and material for the Christie Indian Residential School, in his Agency. I am also enclosing tenders from local firms for the supplies necessary.

It will be noted that the Agent does not recommend the extension of the girls' dormitory and, in this I agree, but I would recommend that the remainder of the requests, amounting to $236.99 for lumber and $120.00 for hardware be approved. There is also hardware to an amount of $205.06 for the Manual Training department, which I think should be a charge against the B. C. Special Vote. This latter amount I would recommend be allowed from that Vote.

With reference to the tender for material, I have eliminated the freight, which was variously estimated by the different firms, as in any case this freight is at a set rate charged by the C.P.R., the only available transportation company. As the Agent considers the quality of the material supplied by the Sproat Lake Sawmills to be of better grade and, as their price is cheaper for some of the material, I would recommend that the total order for the lumber be given to them.

Yours faithfully,

D.M.MacKay.
Indian Commissioner for B.C.

-HN

The Secretary,
Indian Affairs Branch,

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

West Coast Agency,
at Vancouver,B.C.,
January 23rd, 1940.

Dear Sir:-

With reference to my letter of January 10th, 1940, enclosing application and tenders for certain improvements to Christie Indian Residential School, as the freight rate as charged by the C.P.R. (the only transportation company available) is the same for all companies, I have amended the tenders on a basis of f.o.b. wharf, Alberni, freight extra.

The Bloedel,Stewart & Welch Co. do not stock a very satisfactory grade of boat lumber, and the Alberni Pacific Lumber Co. can not supply all the requirements. Therefore I would recommend that the order for this material be given to the Sproat Lake Sawmills, who can supply all material in a very good grade. The lumber for the boat slip is the same price from the Sproat Lake Sawmills and the Alberni Pacific Lbr. Co. The remainder of the lumber is cheaper from the Sproat Lake Sawmills, and I would, therefore, recommend that the entire order be given to the Sproat Lake Sawmills Ltd., Kleecoot, B.C.

Yours faithfully,

P.B.Ashbridge.
Indian Agent.

Maj. D. M. MacKay,
Indian Commissioner for B.C.,
P.O. Box 70,
Vancouver, B.C.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

4780/40/C.

OFFICE OF
INDIAN AGENT

West Coast Agency,
Port Alberni, B.C.,
January 10, 1940.

Sir:

I have the honour to forward for the consideration of the Department a request of the Reverend Principal of Christie Indian Residential School for material necessary for various projects.

In referring to your letter, file 15/15/967, dated August 16th, 1939, it was pointed out that there was a total of $1100.00 appropriated for this school, and application had been made for track material, which would have absorbed this amount. The Reverend Principal now states that the proposed track cannot be completed at this time, and requests material to carry out:

1. Extension of Girls' Dormitory.
2. Theatrical stage for Gymnasium.
3. Construction of boat slip.
4. Repairs to old boat.
5. Materials for Manual Training.

To do all this would cost in the neighborhood of $1200.00 and there is only a balance of $776.94 available, and I would therefore respectfully recommend that items 2, 3, 4 and 5 be granted.

I cannot see any necessity for extending the girls' dormitory, as there is quite sufficient accomodation for all the pupils of this school; also it is not a Department owned building and will soon be in need of extensive repairs.

The boat referred to is one purchased from Reverend Anthony Terhaar, and is actually not worth five dollars, but the Reverend Principal states that he wishes to give the boys practical training in boat building.

Attached are tenders from all available sources locally, and in the event of the request being granted, I would recommend those of Sproat Lake Sawmills for lumber (except the quotation for girls' dormitory) and the tender of Gordon & Belyea for hardware. This would total approximately:

Lumber	221.86
Approx. Cartage & Freight	65.00
Hardware	310.20
Freight	14.80
	$ 611.86

4780/40/C.

West Coast Agency,
Port Alberni, B.C.,
January 10, 1940.

It will be noted that prices quoted are subject to immediate acceptance due to the national emergency, and for this reason and also the desirability of having this work completed before the end of the fiscal year, I would request please that this matter be dealt with as quickly as possible.

The expenditure of the estimated $611.86, plus $68.55, requested for payment of gymnasium equipment already purchased by the Reverend Principal would about cover the balance of authorized allotment, all labor to be provided by the school.

Your obedient servant,

P. B. Ashbridge,
Indian Agent.

159-0-5

Ottawa,
February 12, 1940.

Dear Sir:

I desire to refer to your letter of the 25th ultimo enclosing requisitions for material for the Christie Indian Residential School. Very careful consideration was given to these requisitions and the amount of funds available was also considered and it was decided that we could only allow lumber to the value of $236.99 and hardware to the value of $157.07. I enclose for your information copies of requisitions to which we refer in the above regard. Authority has been received from the Purchasing Agent for you to purchase the items mentioned on these two requisitions from firms on the approved list. You may make immediate arrangements to do so and forward the accounts for payment. When these accounts are received the necessary purchase orders will be secured here.

Regarding the supplies required for the manual training shop at the Christie School the cost of these will be paid from the B.C. Special appropriation. As the end of the fiscal year is approaching our funds are becoming rather limited but it has been decided to allow purchase of supplies for the manual training shop to a value not exceeding $150.00. I attach encumbrance requisition No. 2185 and you may purchase the articles you may consider necessary at a cost not exceeding $150.00. In this connection I attach copy of the requisition received. The last five items do not come within the category of supplies for the manual training shop as they are apparently required for the windows in the building. Consequently they were included in the requisition for hardware for repairs to buildings.

Yours truly,

Major D. M. MacKay,
Indian Commissioner,
P.O. Box 70,
Vancouver, B. C.

A I R M A I L

Ottawa, July 20, 1940.

Dear Sir:

In official letter of July 19 you were authorized to purchase certain supplies for the Christie Residential School.

I have now found that the fire hose can be purchased cheaper in the East, and consequently you should not purchase the

200 ft. 2½" fire hose with couplings and
200 " 2" " " for interior hydrants.

We will arrange to purchase the above mentioned fire hose.

Yours truly,

Philip Phelan,
Chief, Training Division.

15/15/6545

Ottawa, July 19, 1940.

Dear Sir:

I am in receipt of your letter of the 9th instant, enclosing communication received from Indian Agent Ashbridge, regarding certain supplies required at the Christie Indian Residential School. You may arrange for the purchase of the following:-

30 feet of 4-inch galvanized iron pipe in 10 ft. lengths, with couplings,

1-90 degree elbow to fit this pipe,
1 fire hydrant to be fitted to this 4-inch pipe,

4 lengths of two and a half inch fire hose with couplings and nozzle,

200 ft. 2½" fire hose with couplings,
200 " 2" hose for interior hydrants.

Funds are available for the above purchase and I am returning the quotations which you have received. Purchase should be made from the firm on the approved list quoting the lowest price, provided the articles on which they quote are satisfactory. Encumbrance Requisition will be secured when you forward the account, to which should be attached your purchase order, etc.

Yours truly,

Encl.

Philip Phelan,
Chief, Training Division.

JUL 13 1940

9th July, 1940.

Dear Sir:-

With reference to Mr. Inspector Barry's Report, submitted under cover of my letter of April 15th last, covering the Christie Indian Residential School, I would call attention to his recommendation that a new fire hydrant be placed in front of the girls' side of the school.

I am enclosing herewith Mr. Indian Agent Ashbridge's report on the matter, showing the present cost of the material, for which no provision has been made in the current Estimates.

If funds are available and purchase of this equipment is authorized, I would appreciate your instructions in due course.

I would also call attention to the application of the Reverend Principal for additional fire hose.

Yours faithfully,

J. D. M. MacKay.

FILE OF MY
FILE 5352/40/C.

15/15/5053.

West Coast Agency,
Port Alberni, B.C.,
June 28, 1940.

Sir:

I have the honour to refer to your letter of April 12th in connection with Capt. Barry's recommendation that a fire hydrant be placed in front of Christie Residential School.

Attached please find list of materials required, also tenders on same. The cost of labour in connection with this installation will be borne by the school, but it may be necessary to use some dynamite, in which case the Principal requests that the Department pay for same.

It will be noted also that the school requests replacement of 4 lengths 2½ inch and 4 lengths 2 inch hose, in addition to the 4 lengths required for the hydrant. As this is a considerable item, I do not know if the Department would approve, as this is not a Department owned school.

I attach, however, analysis of tenders on these items, and would respectfully request advice on the matter.

Your obedient servant,

P. P. Ashbridge,
Indian Agent.

Ottawa,
September 17, 1940.

emorandum:

MR. BAILEY

With reference to your memorandum of August 7, regarding our requisition of July 22 for fire hose, the following information has now been secured:

1. The 2½" hose should be cotton lined rubber and the 2" hose should be unlined linen

2. The hose should be supplied in 50' lengths

3. Expanding ring couplings should be fitted on this hose

I am forwarding to you couplings from the 2" and 2½" hose.

H.A. Hoey,
Supt. of Welfare & Training.

Vancouver, B.C. 9th Sept., 1940.

Dear Sir:- Your File 159-0-5.

With reference to your letter of August 9th, in which information was desired as to the couplings on the fire hose requested for Christie Indian Residential School, the Indian Agent states that expanding ring couplings should be fitted on this hose, provided the dealer fits them, and that the 2½" hose should be cotton lined rubber and the 2" should be unlined linen, both sizes in 50 ft. lengths.

I am enclosing the couplings from the 2" hose and 2½" hose as samples.

Yours faithfully,

D. M. MacKay.
Indian Commissioner for B.C.

AIR MAIL

Ottawa, August 9, 1940.

Dear Sir:

With reference to your letter of the 30th ultimo, I understand from the Purchasing Agent that he can secure practically any type of coupling that is required. Might I suggest that you purchase the hydrants and let me have the following information:-

1. Do you require shank couplings that may be atta ched with clips and tightened with screws, or expanding ring couplings?

2. Advise the number of threads per inch on both the 2 inch and 2½ inch couplings.

3. If a 2 inch and a 2½ inch coupling can be supplied from the hose previously used as a sample, it will assure the purchase of proper couplings.

It is our intention to supply either cotton lined rubber hose or unlined linen hose. Please let me know which would be preferable.

I understand that both the 2½ inch hose and the 2 inch hose are required in 50 foot lengths, for use at the Christie Indian Residential School.

Yours truly,

Philip Phelan,
Chief, Training Division.

159-0-5

Ottawa,
August 1, 1940.

Memorandum:

MR. VINCENT

Re: Purchase requisition dated July 22, 1940,
File 159-0-5, for hose and couplings
for the Christie Residential School.

The following letter has just been received from Indian Commissioner MacKay:

"With reference to your letter of the 20th instant, advising that fire hose for the Christie Indian Residential School is being purchased in the East, I would advise that, in ordering the balance of the equipment, the question has arisen regarding the type of coupling on the fire hose you have purchased, as the hydrants, etc. will, of course, have to be equipped with a similar thread to accommodate same.

"It would be appreciated if you would kindly ascertain, and airmail me, the size of these couplings, number of threads per inch, and whether right or left hand, as there are two distinct types in use in the West."

The above is the matter about which I phoned to you today.

Philip Phelan,
Chief, Training Division.

Port Alberni, B.C., Oct. 31, 1940.

[illegible] REPORT FOR OCTOBER.

x x x

Christie Residential School was found in the usual good order. Proper precautions are being taken to safeguard against fire, and a watchman is to be employed as from November 1st. All the children are in good health and making good progress. School and grounds, outhouses and basements were clean in good order.

June 30, 1941.

Sir:

I have the honour to submit herewith the regular Agency letter, covering conditions within this Agency during month ending June 30th, 1941.

x x x

Schools:

All schools were inspected during the month. Christie Residential School has reopened with a full pupilage and all pupils have returned. This school has been repainted and decorated inside and was found in splendid condition. All dormitories, classrooms, kitchen, laundry, outhouses and basements were in first class order. The health of the pupils was very good, and all appeared happy and contented. Fire appliances were all in good order. Grounds well kept clean and tidy.

GUARANTEE.Coyle lighting batteries are fully guaranteed as to material, and workmanship and service for a period of seven years, when the proper size is installed and operated in accordance with the instructions furnished with the battery. Should the battery prove defective within a period of seven years, an adjustment will be made on a pro rata basis--credit being given for the number of months of unused service based on the prevailing consumer price, which is applied on the purchase of a new battery. All adjustments to be made directly with the manufacturer.

INDIAN AFFAIRS
BRANCH

P O BOX 70
VANCOUVER, B C

July 18, 1941.

Dear Sir:

I enclose herewith Mr. Indian Agent Ashbridge's letter of the 7th instant advising that the Reverend Principal of Christie Indian Residential School has requisitioned for batteries for the school lighting plant and enclosing quotations received from McLennan, McFeely and Prior, and A.H.Johnston of Alberni. In addition to these, I secured a quotation from the Coyle Batteries Ltd., who have been supplying these batteries for other residential schools in this Province and have given very satisfactory service.

There was no provision made in the school Estimates for the supply of these batteries and I am unable, of course, to say whether funds can be provided but, if so, I would recommend that consideration be given to the quotation of the Coyle Batteries Limited for a set of type V.A.11 235 ampere hour batteries at a cost of $497.70 F.O.B. Vancouver. This type has been found to be most satisfactory for the purpose for which they are required.

Yours faithfully,

for D.M.MacKay,
Indian Commissioner for B.C.

15/15/3192

Ottawa, July 23, 1941.

Dear Sir:

I have your letter of the 18th instant, with reference to the necessity of supplying new batteries at the Christie Indian Residential School.

In the current year's appropriation an amount of $1,000 was included for repairs and improvements and the purchase of new equipment at this school. It is evident from your letter that batteries are required, and you may arrange for their purchase at the cost mentioned, namely $497.70. When forwarding the accounts, you should attach copy of your purchase order.

It would be appreciated also if you would communicate with the agent and the principal with a view to determining the best manner of expending the balance provided in the current year's appropriation. When requesting that funds be included for this school in the current year's appropriation, mention was made of the necessity for repairing the roof and the boat-house at the school.

As a matter of information, would you let me know when the last batteries were supplied for the Christie School.

Yours truly,

philip Phelan,
Chief, Training Division.

Major D. M. MacKay,
Indian Commissioner for B. C.,
Box 70, Vancouver, B C

August 23, 1941.

Sir:

I have the honour to refer to your letter of July 29th, 1941, in connection with expenditure of balance of appropriation for Christie School.

Deducting cost of batteries recently supplied, there would be a balance of $503.00 and the Reverend Principal has requested that it be granted for purchase of the following.

For outside painting - cost as per quotation		236.00
Repairs to Roof -	" " "	46.90
Repairs to Main Building -	" " "	20.60
For Manual Training Shop work -	" "	18.60
Laundry Foundation and floor -	" "	67.13
Outside walks and approach -	" "	114.67
		$503.90

Your obedient servant,

P. B. Ashbridge,
Indian Agent.

IN YOUR REPLY REFER TO
NO 15/15/3879
ALSO TO DATE OF THIS LETTER

P O BOX 70
VANCOUVER, B C. August 27, 1941.

Dear Sir:

I have to refer to your letter of July 23rd, your file 159-O-5, and in this connection beg to enclose a copy of a letter from Mr. Indian Agent Ashbridge listing the additional repairs, etc., required at the Christie Indian Residential School.

It will be observed that the cost of materials required is placed at $503.90 and freight charges at $74.90, making a total of $578.80. You might advise if it is the intention to have the school meet the freight charges and your instructions as to placing orders for the above materials would be appreciated.

I take it that the item $18.60 for materials for the Manual Training shop should be deleted from the list and purchased separately as a charge against Vote 79 (B.C.Special).

We have no record here of the date on which the batteries being replaced were purchased but the Reverend Father Mulvihill refers to this set as having been in service since 1934.

Yours faithfully,

D.M.MacKay,
Indian Commissioner for B.C.

AIR MAIL

Ottawa, September 3, 1941.

Dear Sir:

I am in receipt of your letter of the 27th ultimo, with reference to additional repairs, etc., required at the Christie Indian Residential School.

In regard to this school I would refer you to my letter of July 23, last, which was written in reply to yours of July 18. That letter authorized purchase of the batteries.

As you will note from my letter of July 23, there is a balance of $502.30 in the current year's appropriation for repairs and improvements and the purchase of new equipment at this school, provided the cost of the batteries did not exceed $497.70.

The total amount of $1,000 cannot be exceeded, and under these circumstances it will not be possible for the Department to pay the freight charges. These will have to be borne by the school management.

A separate account should be forwarded for the item $18.60 covering the cost of materials for the manual training shop. This voucher should be marked "Pay from B. C. Special".

With the above in mind, you can arrange for the materials required for painting, repairs to roof, repairs to main building, repairs to laundry foundation and floor and also new outside walks.

Yours truly,

Philip Phelan,
Chief, Training Division.

159-0-5

Copy sent to Major MacKay

Ottawa,
June 14, 1942.

Dear Sir:

In the current year's appropriation the Department has provided an amount of $300.00 for repairs at the Christie School and an amount of $650.00 for a new refrigeration unit. It is possible that since the estimates were prepared other requirements have developed which may necessitate the money being expended in a different manner than that just stated. It would be appreciated if you would discuss the matter with the Principal at the earliest possible date and forward your recommendations through the office of Indian Commissioner MacKay. In the event of any material or other supplies being required, you should give very detailed information, as this is required by our Purchasing Branch.

Due to present conditions it is most important that we hear from you at the earliest possible date. As you are aware, it is extremely difficult to obtain deliveries on many items and, therefore, the sooner the order is placed the better for all parties concerned.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

July 14, 1942.

Canadian Dept. of Mines & Resources,
P. O. Box No. 70,
Vancouver, B. C.

Attention Mr. D. M. MacKay

Indian Commissioner for B. C.

Dear Sir:

We take pleasure in presenting, for your consideration, our quotation covering a Walk-in Refrigerator and equipment for the Christie Indian Residential School, Kakawis, B. C. It is understood that we would supply a refrigerator 5' x 5' x 6' high, inside measurements, insulated with 6" of Palco wool complete with standard walk-in door, meat hanger, shelving, and guarantee a temperature of 36° F.

Equipment Necessary:

1 - 3 1/3 H. P. Universal Condensing unit complete with Brigg's Straton gas engine.
1 - cross-fin all copper cooling coil.
1 - thermostatic automatic expansion valve.
1 - Silica Gell drier.
25' of 1" exhaust piping.
2 - 90° sweep ells.
All necessary copper tubing, fittings, and freon refrigerant, completely assembled and guaranteed against any defective part for a period of one year from date of delivery, for the sum of $775.00, f.o.b. Vancouver.

It is our intention to set up this job complete in Vancouver and run a test on same for several days before it is disassembled and crated for shipment. The coil and the condensing unit would both be installed on one wall of the refrigerator so that it would be quite a simple matter to have the box lagged together when it arrived at Kakawis without having to send a service man to make the installation.

TO: Mr. D. M. MacKay

July 14, 1942.

The machine would naturally be manually controlled and the operator of same would have to, from experience, judge the amount of gasoline necessary to put in the tank so that when the engine ran out of gasoline, the temperature in the refrigerator would be approximately 34 to 36° F. This would also apply to the length of time between cycles, that is when it would be necessary for him to start the machine again. As previously stated, we have figured on insulating the walls of the refrigerator with 6" of Palco wool, the reason for this being that the more insullation we have, the less often they will have to start the machine.

We sincerely trust that the above meets with your approval, and should we be favoured with your valued contract, you have our assurance that we will endeavour to merit your confidence by giving you an installation of unquestionable satisfaction.

Yours very truly,

MACKINNON SALES & SERVICE LTD.

Christie Indian Residential School
Kakawis, B.C.
(WEST COAST, VANCOUVER ISLAND)

Aug 17 1942

Dr. P.E. Ashbridge
Port Alberni BC

Dear Sir —

I was disappointed, to hear of the Department's ruling. I was under the impression from the Commissioners letter that it had been approved — I am sure, that up there they had to eat Bologna for five or six days between boats that they might be willing to grant the request.

I was working under the impression that there would only be $175.00 remaining out of the $950.00 for lumber so I ordered lumber from the A.P.L. for the unlooked amount of $266.57. I

Christie Indian Residential School
Kakawis, B. C.
(WEST COAST, VANCOUVER ISLAND)

had decided to pay for this from the school — It has not been delivered yet but I understand that it will be on next freight.

Possibly now the department will consider paying for this as the amount you mention $266.52. The copy you attach adds up to $254.17.

In addition to this I have ordered windows and doors from headquarters in amount of $44.40 The actual amount total $310.97. I know this is not the proper procedure and the Department need not pay this amount. However this is an exceptional case in which time has been great delay. I ordered this number so that the work might be completed before the rainy season sets in.

Christie Indian Residential School
Kakawis, B.C.
(WEST COAST, VANCOUVER ISLAND)

In reference to the remainder of the grant - Lumber the Dominion Board cannot be obtained it would be necessary to have 3000 board feet of V-joint for the ceilings and walls.

For the remainder of the grant - the board walks in the rear of the building and the incline from the creek are in an advanced stage of decomposition as you have noticed yourself and they are becoming dangerous. It would take 2000 board feet of 2x12's - 'fir' to sixteen feet in length.

Hoping that this can be straightened out -

I remain
Yours Truly
J.P. Mulmulrill.

Port Alberni,B.C.,July 31st,1942

REPORT ON WEST COAST AGENCY FOR MONTH OF JULY.

x x x

Christie Residential school was thoroughly inspected and found to be in first class order throughout.

Classrooms and most of the interior of the main building have been painted and redecorated during the holiday and the whole has a clean and pleasing appearance.

Due to inability to obtain oil for heating purposes, firegrates are being replaced in furnaces and wood or coal will be used.

Some repairs are needed to plank walks, and this is being arranged for.

The health of the school is excellent and all pupils appear to be happy, well fed and clothed. Meals are well balanced, ample and well cooked.

Attention is being paid to Air Raid and Fire precautions and no undue alarm is being felt or noted following the recent attack on the Coast, north of the school.

Ottawa,
August 5, 1942.

Dear Sir:

With reference to your letter of the 31st ultimo, in connection with the Christie Residential School, the Department approves an expenditure of $266.52 in purchasing the lumber that is required. When forwarding the account you should attach copy of your purchase order.

I regret that favourable consideration cannot be given, at the present time, to supplying a refrigeration unit at this school. A similar request was received from another residential school recently and the opinion was expressed by the Minister's office that such equipment should not be purchased for the duration of the war. If there is any other more available material required the Department will be pleased to receive a further letter from you.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

INDIAN AFFAIRS
BRANCH

Dear Sir:

I enclose herewith Mr. Indian Agent Ashbridge's letter of the 29th ultimo advising that the Principal of the Christie Indian Residential School wishes to instal a refrigeration unit in the school and purchase lumber. This letter enclosed a quotation dated February 23, 1942, of Messrs.. McLennan, McFeely and Prior Limited for the unit at the price of $521.00 f.o.b. Vancouver. Enquiry was made of this firm as to whether their quotation still stood, and they informed me on the 13th instant that it was now impossible for them to undertake the fabricating of Refrigeration equipment for the reason that they have too many government war projects of AIA priorities which will keep them busy for about one year.

Meanwhile I had written to MacKinnon Sales and Service Ltd. for a competitive bid on this unit and enclose same herewith from which it will be observed that they are prepared to supply the complete unit ready for assembly at a cost of $775.00 f.o.b. Vancouver.

This matter was referred back to Mr. Indian Agent Ashbridge and I enclose his letter of the 28th instant together with that of the Reverend Principal of the 25th instant from which it will be observed that it is desired to purchase the unit in question and also some lumber amounting to $260.52. As the amount granted by the Department for this school amounts to $950.00, the Reverend Principal is prepared to pay the difference between the amount alloted and the cost of the articles; namely, $91.52.

I would recommend approval of the application to the amount of the funds available for this purpose.

:KT

Yours faithfully,

For D.M. MacKay,
Indian Commissioner for B.C.

Sir:

I have the honour to refer to your letter of July 15th, 1942, in connection with refrigeration requested by Christie Residential School, and to enclose herewith reply received in answer to your enquiry.

It will be noted that the Reverend Principal makes a request for lumber in addition to the refrigeration, for use in extending classroom, but is willing to pay the difference between the total allotment and cost of lumber shown on the quotation of the Alberni Pacific Lumber Company, enclosed.

Reference length of exhaust pipe from engine to exterior of building, the stated length, 25 ft. 1 inch pipe, is correct.

All labour and freight charges on refrigeration unit are to be borne by the school.

Your obedient servant,

P. B. Ashbridge,
Indian Agent.

June 29, 1942.

Sirs:

I have the honour to refer to Department's letter of June 17th, 1942, in connection with requirements of the Christie Residential School from estimates of current year.

I have interviewed the Reverend Principal who states that he wishes to have the appropriation expended for refrigeration unit and for lumber, details of which I enclose together with quotations received, which I would recommend as the scures of supply.

The refrigeration unit would be valuable to the school particularly at this time, when transportation of food supplies is uncertain, and the lumber asked for is to be used for various repairs, the labour to be supplied by the school.

The Reverend Principal informs me that in event of the total cost being in excess of the amount allotted the school funds will bear the difference.

Your obedient servant,

July 25/42

Dr P. B. Ashbridge
Port Alberni B.C

Dear Sir —

In reply to your enclosed letter I will be satisfactory to have the refrigeration unit at the quoted price of $775.00. I will pay the freight charges from Vancouver.

The question of lumber is also important — I am unable to extend the class room space. This is to be done in order to use part of the present class room space for the girls dormitory. I am sure. It is important to have more floor space per child in the dormitory quarters.

The amount granted for class room for the year was $950.00 of this

Indian Affairs. (RG 10, Volume 6440, file 879-5, part 4)

www.collectionscanada.gc.ca

Christie Indian Residential School
Kakawis, B.C.
(WEST COAST, VANCOUVER ISLAND)

the refrigerator we deducted it would leave a sum of $175.00 for lumber.

I am enclosing an estimate from the A.P.L. for $266.52 -- Would it be possible to apply this $175.00 on this quotation and I would supply the balance of $91.52?

Another question - If this could be done would it be possible for me to order this lumber and pay the whole amount and have the department make the cheque for $175. Payable to the school.

The reason for this - I can secure the services of a Carpenter for a week and I will be unable to do so in a months time.

Hope this is not too complicated

Yours truly

J.P. Mulvihill.

Dear Sir:-

I enclose herewith Mr. Indian Agent Ashbridge's letter of the 27th of August together with that of the Reverend Principal's of the Christie Residential School dated the 17th of August, from which it will be observed that 3000' of V-Joint and 8000' of 2 X 4 are required at a total cost of $418.50. If this expenditure can be authorized I would recommend approval of the application.

The item of $266.52 for lumber ordered by the Reverend Principal has been dealt with by the issuance of a Purchase Order.

Yours faithfully,

D. M. MacKay,
Indian Commissioner for B.C.

August 27, 1942.

Sir: 215-15-9757.

I have the honour to refer to your letter of August 12, 1942, in connection with appropriation for Christie Residential School.

I have to report that the Reverend Principal, thinking that the refrigeration unit was to be supplied, ordered lumber to the extent of $266.52, and intended paying for same from school funds.

As the refrigeration unit cannot be supplied, he now requests that this account be paid by the Department, and as this amount is already approved by the Department, I would request please that you give me a covering purchase order.

In addition to the foregoing, the Reverend Principal requests the following material for repairs to sidewalks and classroom extension:

3000 Board ft. V-Joint for ceilings and walls,
3000 " " 2 x 12, 8 to 14 ft. lengths for sidewalks.

Estimated cost of above would be:

3000' V/Joint	@ $39.50M	$ 118.50
6000' 2 x 4's	@ $26.00M	208.00
	8% sales tax	26.12
	Handling, freight	65.70
		$ 418.32

Your file: 215-15-2075.

Reference to your letter of January 8th, 1943, I beg to enclose herewith Voucher No. 420, covering lumber supplied Christie Residential School.

It will be noted that in the case of 1x3, a better quality of lumber had to be supplied, due to rush of war orders and inability to supply the cheaper grade, making a difference of $6.00 in this item.

It will be noted also that freight charges on two of these shipments, amounting to $66.70, were paid by the School. Balance of freight charges in the amount of $20.33 only being chargeable against this appropriation. All receipted freight bills are attached hereto.

"P.B.Ashbridge."

Alberni Residential School

UNITED CHURCH OF CANADA

PRINCIPAL
REV. R. C. SCOTT, B.A.

ALBERNI, B.C.
September 8th, 1943

Mr.P.B.Ashbridge,
Indian Agent,
Port Alberni B.C.

Dear Mr.Ashbridge:

Further to our conversation over the 'phone regarding our requisition for plumbing materials, I can not give you any estimate of cost of the toilet complete. It is not necessary to have an expensive one. One of the plainest type would do perfectly well. So far as fittings are concerned we shall want the following:

45 feet - 4 inch Cast Iron Soil Pipe
2 Ells
1 T
~~60 feet - 4 inch drain tile~~

As I said in my previous letter, the lumber for the stairs, etc., can go through the Manual Training account as it will be a bona fide Manual Training project.

Thanking you for your assistance in all these things, I am,

Yours sincerely,

R. C. Scott
Principal

August 30th, 1943.

Mr P.B.Ashbridge,
Indian Agent,
Port Alberni, B.C.

Dear Mr Ashbridge:

You may remember speaking to me once or twice about the advisability of having one of the men staff members sleeping over the boat shop, as a safeguard against fire etc.
At the time I did not think it necessary, but lately the more I have thought about it, the more I feel it would be well if we had accommodation for such a man.
There is a good brick chimney on the building, and the room is roughed out in one end of the attic. I could get the lumber etc, and we could do the work ourselves, making it a Manual Training project.
I do not feel, however, that I can stand the expense of getting a toilet and soil pipe etc.
I would put an outside stair up to a door which we would cut where a window now is. This would give two exits for any man sleeping up there and it would make the room separate from the interior of the building except when the occupant wished to have it otherwise. This would be well as the upstairs is used for a store room and the boys have to go up occasionally.
We would also put in a septic tank, as part of the above project for the older boys.
If the Department would be good enough to give us the toilet, complete along with soil pipe etc, we could manage it nicely, and it would be an added safeguard and that seems to me more and more desirable.
We have nails and paint etc, and can finish the room inside.
The toilet would cost about $ 26.00, and the fittings and soil pipe about another twenty dollars. We could do it, I think, for under fifty dollars for these two items.
I trust that you may feel yourself able to recommend this project, and that an amount of not more than fifty dollars be granted by the Department. If the Department cared to buy the toilet, it would then come within a priority rating.
Thanking you for your interest in the school generally, and for your suggestion of some time ago, which I hope you can [illegible] bring to the notice of the Department, I am,

Yours sincerely,

PRINCIPAL.

AIR MAIL

Major D.M. MacKay, Indian Commissioner, P.O. Box 70, Vancouver, B.C.

I have your letter of the 25th instant, with reference to shingles, flooring, paint etc. required for repairs and improvements at the Christie Residential School. It is noted that the lowest prices are as follows:

Paint	$ 122.59
Lumber	271.65
Closets	95.42
Total	$ 489.66

Funds for this amount are available in our current year's appropriation and you are, therefore, authorized to make the necessary purchases. When submitting the accounts you should attach copy of your purchase order.

Philip Phelan,
Chief, Training Division.

Ottawa, September 22, 1943.

Major D. M. MacKay, Indian Commissioner for B.C.,
P. O. Box 70, Vancouver, B. C.

I desire to acknowledge receipt of your letter of the 15th instant and to state that you may instruct Indian Agent Ashbridge to proceed with the reconstruction of the boat-house at the Alberni School. It is noted that this proposed reconstruction would provide quarters for a member of the staff and that the cost is not likely to exceed $45.00.

R. A. Hoey,
Supt. of Welfare & Training.

P.O. BOX 70
VANCOUVER, B.C. Sept. 15, 1943.

SEP 20 1943

Indian Affairs Branch, Department of Mines and Resources,
Ottawa, Ontario.

I enclose herewith application from Mr. Indian Agent Ashbridge and Reverend Principal Scott of Alberni Residential School for authority to expend $43.03 for the installation of quarters in the upper storey of the boat building to enable one of the staff to reside there as a protection against outbreak of fire.

If funds could be provided for this purpose, I would recommend approval of the application.

D.M. Lacmay,
Indian Commissioner for B.C.

September 13, 1943.

D. M. MacKay, Esq., Indian Commissioner, P. O. Box 70,
Vancouver, B.C.

I beg to forward herewith request received from Reverend Principal of Alberni Residential School.

I may say that I have suggested several times to the Principal that he should have one of the staff members with quarters over the boat building shop as a safeguard against fire. This could be done if materials requested were supplied. All labour would be provided by the school and it would be of some educational value to the manual training class.

I would respectfully recommend that this material be supplied, and enclose also quotation from Andrew Sheret Limited, Victoria, who could supply this.

P. B. Ashbridge,
Indian Agent.

159-0-5

Ottawa,
December 7, 1943.

Major D.M. MacKay, Indian Commissioner, P.O. Box 70, Vancouver, B.C.

We recently wrote to Indian Agent Ashbridge informing him that there was approximately $250.00 unexpended of the amount specifically provided in the current year's appropriation for repairs and improvements at the Coqualeetza Residential School. In reply he has forwarded a request from the Principal for purchase of lumber amounting to $393.00 in order to build a boat. The Principal states in his letter that he is prepared to pay any amount over and above the sum available in our appropriation. I enclose the correspondence which has been sent to this office and will appreciate it if you will issue purchase order for the lumber. When submitting your account you should submit the account for the whole amount and we will pay as much as we have on hand. The balance will have to be paid by the Principal and, of course, he should be informed to that effect.

R.A. Hoey,
Supt. of Welfare & Training.

Ref. 411 152-2-I.

West Coast Agency,
Fort Alberni, B.C.,
November 20, 1943.

Indian Affairs Branch, Department of Mines and Resources,
Ottawa.

I have the honour to refer to your letter of October 12th, 1943, in connection with available balance of current years appropriation for Christie Indian Residential School.

The Reverend Principal reports that he has supplied without number as per his requisition. The total cost of this would be $50.00 and only one quotation is available. Rev. J. A. McDonald, however, states that should this amount be more available, the Branch will be informed, if necessary by this Department. Kindly advise.

Yours truly,

J. W. Arbuckle,
Indian Agent.

Ottawa,
October 13, 1943.

Mr. P.E. Ashbridge, Indian Agent, Port Alberni, B.C.

According to our records we have either expended or approved an expenditure of approximately $550.00 at the Christie Residential School during the current fiscal year. The total amount provided in the current year's appropriation for repairs and improvements at this school is $600.00. If there are any more repairs that are absolutely essential that you consider can be obtained for the balance of the amount available, this letter authorizes you to proceed with the necessary work immediately, in order to have it completed before the close of the fiscal year.

H.A. Hoey,
Supt. of Welfare & Training.

Reverend Sir:

There is approximately $600 unspent in the current year's appropriation for repairs, improvements and purchase of new equipment at the Christie Residential School. If this amount is not required there is no necessity for taking any further action. However, if any improvements are necessary you should discuss them with the Indian Agent and forward the necessary requisitions through Indian Commissioner MacKay's office.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Your file 151-0-5.

I wish to forward herewith Mr. Indian Agent Ashbridge's letter of November 6th, and enclosures referred to therein in connection with repairs, improvements and purchase of new equipment at the Christie Residential School in accordance with Mr. Hoey's letter dated September 29th to the Principal.

If purchase of the articles listed is approved, it would be appreciated if the Department would place the order for paint, boat fittings etc., as the total will be in excess of $500.00 and consequently a Purchase Order could not be issued from this office.

Ottawa, February 1, 1945.

Major D. M. MacKay, Indian Commissioner for B. C.,
Box 70, Vancouver, B. C.

I desire to refer to your letter of November 9 and Mr. Roey's reply of November 23, 1944, in connection with purchases of equipment required at the Christie Residential School. Purchase Order No. 27775, dated November 25, 1944, was issued to Gordon & Belyea, Vancouver, for materials required for repairs to the buildings and materials required for the boat.

Copy of the purchase order was forwarded to the Principal of the Christie School. As yet we have received no account covering these purchases and it is presumed that the items have not yet been delivered. I would appreciate it if you would get in touch with the firm mentioned above, with a view to expediting delivery, in order that the accounts may be received here in time to pay from the current year's appropriation.

Philip Phelan,
Chief, Training Division.

MAR 13 1945

Your File 159-0-5

With reference to Mr. Phelan's letter of February 8th and West Coast Voucher No. 440, in favour of Gordon and Belyea, Limited, for materials supplied to the Christie Residential School for repairs to the building and for boat construction, I have taken up with the Company the apparent discrepancies in their account, and obtained the following information:

The item 13' 3/4" Wartime Victory Rope 49 lbs @ .21 $10.29 as shown on their invoice should have read:

213' 3/4" Wartime Victory Rope 49 lbs @ .21¢ $10.29

The Company have, however, reduced the weight of rope charged for to 35 lbs., as they have no record of the exact weight of the rope supplied, making a total of $7.35 for the 213 feet.

With reference to the item 150 ft. 3/8" Galv. Firewald Anchor Chain, the Company's quotation is somewhat confusing in that they quoted the rate as 100 lbs. at $19.50 per 100 lbs. The weight of 150 ft of such chain is 256 lbs, which at $19.50 per 100 lbs. would total $49.92.

The 5650 x 20" Steering Wheel listed on the Purchase Order was supplied and the cost, $11.08, was included in the total of the Company's invoice, but the item itself was not listed.

Gordon and Belyea, Limited, have supplied corrected invoices and these, togetherwith the voucher No. 440, duly corrected to read $611.03, and the original invoice, are forwarded herewith.

The Principal,
Christie Indian Residential School,
Kakawis, V.I.

Dear Sir;

In reply to your favour of the 28th. ult. we can supply you with a new 5½ Horsepower Vertical Tubular steam boiler 27" diameter x 5'6" high. This boiler would have 36 tubes 2" x 33" and be complete with smokebonnet, grates and usual mountings. It would be built under British Columbia Government inspection for 100 pounds working pressure and the cost would be Five Hundred and Sixty Dollars ($560.00) Exclusive of Government Sales Tax.

We manufacture various sizes of steel hot water heaters and if you will advise what capacity you require we shall be very pleased to quote.

It would take approximately 2 weeks to manufacture and make shipment of the boiler quoted above.

Trusting that we may again hear from you, we remain,

Yours very truly,

PATTERSON BOILER WORKS LIMITED

MARCH QUARTER REPORT ON WEST COAST AGENCY.

x x x

CHRISTIE RESIDENTIAL SCHOOL

This school was found to be in its usual good order; clean, orderly and happy.

The pupils appear to be contented, happy and progressive. Health was very good at time of inspection and nothing unusual to report. Fire drills have been carried out and proper precautions taken against fire.

The school staff are very efficient and the good feeling between pupils, parents and staff is very apparent.

Major D.M. MacKay, Indian Commissioner for B.C.,
P.O. Box 70, Vancouver, B.C.

I have your letter of the 7th instant with reference to the new laundry boiler required at the Christie Residential School.

The current year's appropriation may have an amount of $1,100.00 provided for repairs, improvements and purchase of new equipment at this school. It will, therefore, be in order for you to purchase the boiler mentioned in your letter.

Philip Phelan,
Chief, Training Division.

I enclose herewith Mr. Indian Agent Ashbridge's letter of September 5th and quotation from Patterson Boiler Works Ltd. on a new boiler for the laundry at the Christie Residential School at a cost of $560.00, plus sales tax and freight.

I am writing to Mr. Arnall, Public Works Department Engineer, for his recommendation in connection with the replacement of this boiler but, in the meantime, it would be appreciated if you would advise if funds are available for this purpose.

D. M. McKay, Esq. Indian Commissioner, Box 70
Vancouver, B. C.

Please note attached letter from Rev. J. P. Mulvihill, Principal of the Christi Residential School, requesting a new boiler for their laundry.

The boiler in use at the School is in bad order and not considered worth repairing, and I would respectfully recommend that the money appropriated for the School in the estimates ($650) be used for this purpose.

I enclose also a quotation on cost of boiler $560.00, not including sales tax or freight.

In conversation with the Rev. Principal, he informed me that he would be agreeable to use the grant for this purpose as it is considered to be of more importance than the repair and maintenance items.

AIR MAIL

Indian Affairs Branch, Dept. of Mines and Resources, Ottawa.

I have to refer to Mr. Phelan's letter of September 30th authorizing an expenditure of $ 000.00 for repairs required at the Christie Residential School. We have had some difficulty in securing details of the work to be undertaken and quotations on materials required and in the interval other repairs have become more urgent and should be given priority.

A copy of a letter dated December 30th from the Provincial Fire Marshall with respect to the Christie School is enclosed. This report was referred to Mr. Indian Agent Garrard and it is now thought that it would be advisable to spend the funds available for the following listed items:

1. Installation of a sprinkler system, over the boilers, including the necessary valves and fittings.....	$ 75.00
2. Installation of panic locks.....	34.50
3. Purchase of Gyproc for insulating ceilings over boilers	15.20
4. Purchase of lumber for fire escapes and walks..... This lumber has already been purchased at West Coast Agency Voucher No. 33 in the amount of $ 3.73 in favour of this school is enclosed and recommended for payment.	3.73

continued on page 2.....

Mr. Indian Agent Garrard's letter of January 25th with information regarding improvements carried out as suggested by the Fire Marshall is attached hereto from which it will be noted that the Reverend Principal has requested in addition to the above mentioned expenditures that the school be provided with a Fairbanks Morse engine 8 to 9 H. P. to operate the lighting plant at a cost of $514.80.

It would be appreciated if you would advise if funds are available for all the expenditures above mentioned or if it will be necessary to leave the matter of the purchase of the lighting plant in abeyance.

D. M. MacKay,
Indian Commissioner for B.C.

OFFICE OF THE FIRE MARSHAL

Vancouver

Dec. 30, 1946.

Major D. M. McKay,
Indian Commissioner,
325 Granville Street,
Vancouver, B.C.

Dear Sir;

Following a recent inspection of the Christie Indian School, Kakawis, by a member of this office the following things were found to be necessary for the safety of this school:

1. Each classroom to have at least two means of entrance or egress.
2. Standard chimneys in accordance with the enclosed regulations to be installed.
3. Instal all exit doors so that they shall open out.
4. Connect the west Sisters' Dormitory with the existing fire escape.
5. Protect the ceiling over each furnace and provide a sprinkler system for the same.

This work should be undertaken forthwith for the safety of the inmates of this school.

Yours truly,

"T.A. Walker"

Fire Marshall

West Coast Agency
Alberni, B. C.
Jan. 25, 1947

Major D. M. MacKay, Indian Commissioner for B. C.
Vancouver, B. C.

Your file: 215-15-8194

With reference to your letter of January 6th. regarding alterations and improvements to the Christie Residential School, which were suggested by the Fire Marshall, I received a letter from the Principal requesting that material be supplied for the necessary alterations; a copy of the letter is enclosed.

I have endeavoured to obtain quotations on the material from the local merchants; but have been unable to get any figures on the Sprinkler or panic door attachments.

In my inspection of this School on December 18th. it was found that all doors leading out of classrooms and the dormitory had been changed, and opened outward; also an additional fire escape was being constructed; but at that time was being held up for lumber. I had been requested to obtain this lumber and quotations on this are enclosed; together with the quotations on the Gyproc and the Fairbanks-Morse engine, which is required to operate the lighting plant. The one desired would be Outfit No. 12139. 8-9 H.P. Type"Z". Price: $514.80.

The B. C. Police Constable, F. Brooksbank has been requested by the Fire Marshall to inspect the School building, and ascertain if this work has been completed.

Would you kindly obtain quotations on the Panic door attachments; also the sprinkler system. The panic door attachments are interchangeable, and can be used on either a right or a left hand door.

The outside doors referred to can be constructed at the School; quotations will not be required for this.

Copy on File 159-0-5W

Ottawa, April 22nd, 1947.

Major D.M. MacKay, Indian Commissioner,
P.O. Box 70, Vancouver, B.C.

We have your letter of the 19th instant with reference to a request of the Principal of the Christie Residential School for a new engine for the generating plant.

As you are no doubt aware, the management of the Christie School for many years past, has urged that some arrangements be made to make easier the unloading of supplies that the school requires.

Some years ago we considered the possibility of building a wharf but the estimated cost of this was very high and at one time a Public Works engineer expressed the opinion that any wharf constructed would probably be damaged severely by the first severe storm.

We received representations to build a road from the school to the Indian village where wharfage could be secured and boats tied safely. For this purpose we provided an amount of $10,000. in the appropriation for the fiscal year 1947-48.

Please take up the matter with the Principal and decide what can be done regarding the proposed

road.

In the meantime, we approve the purchase of the new engine at a cost of $400. but this authority will reduce the amount provided for the road to $9,600. As you know, Christie is a church-owned school and consequently we are only allowed to expend the amount specifically provided.

Philip Phelan
Chief, Training Division.

Your File 159-0-5 (WT 1)

With reference to Mr. Neary's letter of February 22nd and in particular the final paragraph regarding purchase of a new engine for the generating plant at the Christie Residential School, I am advised by Father Mulvihill that since last summer the plant has been operated by a boat engine borrowed from one of the missionaries but that he will not be able to secure the use of this engine much longer.

Father Mulvihill states that he has contacted Fairbanks Morse Company who can supply an engine suitable for the needs of the school for $400. It would be appreciated if you would advise if funds are available and if it will be in order to purchase the engine referred to.

I am enclosing West Coast Agency voucher No. 272 in the amount of $73.26 covering lumber for fire-escapes and walks at the Christie Residential School. This account has been held in this office since April 22nd pending receipt of information from Mr. Indian Agent Garrard as it was thought that the expenditure was a duplication of one made previously, reference, West Coast Agency voucher No. 98. Mr. Garrard assures me however that the materials covered by this voucher are additional to those already supplied and were necessary to carry out recommendations made by the Fire Marshal.

Under the circumstances the account is recommended for payment and presumably will be charged to the amount provided for repairs and equipment at the Christie School during the present fiscal year.

Sister M. Margaret	Senior	41	39
		119	115

Principal: Rev. P.J. Sheahan

Vocational Training:

Manual Training:

This school appears to be well equipped for courses in both woodwork, metalwork and mechanical training. The Industrial Arts shop contains a circular saw, band saw, wood lathe and small jointer for woodwork and a large metal work lathe, forge, and post drill for metal work. Unfortunately none of these courses were in operation at the time of my visit as the manual training instructor had not reported to the school for duty. I was shown however, two boats made by the pupils, the larger of which had been completed last term. Pictures of these are attached to this report. It is to be deplored that the school is unable to begin its vocational training for these boys at the commencement of the school term.

Domestic Science:

The girls participate in the usual activities of sewing, darning, mending and dress-making, and the girls observed doing this work seemed to be quite proficient. It is felt that the work along these lines could be broadened to include home nursing and home making in general, as some of the other residential schools are doing or are planning to do. The older girls assist with the preparation of the school meals.

Extra-Curricular Activities:

The chief games at this school are basketball, softball and soccer. Because of the isolation of this school the competitions are almost entirely intra-mural. Other activities consist of parties which are held about once a month, concerts which are held less frequently, and moving pictures which are shown two or three times a month. The films are chiefly shown for entertainment, although an occasional educational picture is shown. In the late spring and the early fall the pupils swim at the beach.

Fire Protection:

3 Hydrants equipped with 200 ft. of hose in good or fair condition.
5 Standpipes, each with 50 ft. of hose, in good condition.
10 Large fire extinguishers which are recharged annually.
5 Pyrene extinguishers.
10 Fire buckets, five in each of the dormitories.

Indian Affairs. (RG 10, Volume 6440, file 879-5, part 4)

PUBLIC ARCHIVES CANADA ARCHIVES PUBLIQUES

Fire Protection (continued):

An attempt to ring the fire bells disclosed that the batteries which operate this system had run down, and the Principal is having them replaced.

The Principal states that he has been unable to secure an automatic sprinkler system recommended by the Fire Marshal on the occasion of his last visit. This will be installed in the boiler room as soon as it can be obtained.

Dormitories:

The boys' dormitory is overcrowded and the Principal has already suggested that a new building for a staff residence be erected, and that the quarters now occupied by the staff be converted into additional dormitory space. The provision of one toilet for the number of pupils accommodated is hardly ideal, but this is only for night use and the school is equipped with outside facilities for use by the boys during the day.

The rooms and linen appeared to be clean.

Dining Rooms:

The dining rooms appeared to be clean and have ample accommodation for the pupils. The food appeared to be of good quality and of ample quantity. A copy of the diet sheet for the week is attached.

Water Supply:

Water is secured from a creek which has been dammed, and water is also stored in a large cistern. It appeared of good quality and sufficient supply.

Sanitary Conditions:

In general the school was reasonably clean. Kitchen, lavatories, toilets and boiler room, as well as the main part of the building, were inspected and found in good condition. The gymnasium however was badly in need of a good cleaning.

Health:

The Principal informs me that the pupils are now bathed once a week, instead of once every other week. This necessary change was apparently brought about at the suggestion of Dr. Tennant, Medical Superintendent of the Department of Health and Welfare. The pupils appeared to be in good health. There were no pupils in the infirmary at the time of my visit.

EX'D. M

February 26, 1948.

Mr. W.S. Arneil, Indian Commissioner,
P.O. Box 70, Vancouver, B.C.

We have your letter of the 20th instant, file 16-11 -3(159) referring to your communication of January 21st. We replied to that letter on January 27th. We also wrote you on February 13th and we enclose another copy of that letter.

As the matter stands, an amount of $10,000. was provided for the road at the Christie Residential School. We understand from the Lands and Development Services Branch that an amount of $7,500. has been expended. In April last we provided lumber for fire escapes at a cost of $73.26. This makes a total expenditure of $7,573.26 and leaves a balance unexpended of $2,426.74.

As we informed you in our letter of February 13th, the principal suggested that he be supplied with a tractor, bulldozer and trailer. It is our understanding that he wanted this before any further expenditure was incurred.

However, you have the picture before you now, namely, that there is $2,426.74 remaining in the current year's appropriation and as this is a church-owned school the amount actually provided cannot be exceeded. We will be pleased to hear from you what expenditures you recommend should be made from this balance. As the matter stands, we have requests for the equipment mentioned above, also for an oven and for plumbing and heating supplies.

Bernard F. Neary
Superintendent of Education.

EX'D.

AIR MAIL

February 13, 1948.

Mr. W.S. Arneil, Indian Commissioner,
P.O. Box 70, Vancouver, B.C.

We have your letter of the 10th instant, file 16-11-4(159) enclosing communication from the principal of the Christie Indian Residential School regarding the need for a new oven. I would appreciate it if you would let me know if an oven can be purchased in Vancouver and if so, at what price.

I would also refer you to Major MacKay's letter of September 25, 1947, your file 16-11-3, You will note from that letter that the principal requested to be supplied with a tractor, bulldozer blade and trailer at a cost of $1,521.15. Please let us know if this price still holds and if so, the name and address of the firm from whom the quotation was received.

When we receive the two quotations requested in this letter we will be in a position to decide if we can supply one or both of them from the balance remaining over and above the cost of the road.

Yours truly,

Bernard F. Neary
Superintendent of Education.

(copy) CHRISTIE INDIAN RESIDENTIAL SCHOOL

Kakawis, B. C.
Jan. 19, 1948

Mr. N. W. Garrard
Indian Agent
Alberni, B. C.

Dear Mr. Garrard:

Due to the fact that I was new on the job as Principal when making up my requisitions, I overlooked some materials and replacements necessary for the proper maintenance of the school.

After several attempts to repair our Bakery Oven we find that our efforts are in vain. The oven is completely burnedout. The bread is coming out black with smoke and it is almost impossible to get up enough heat to even bake the bread properly.

Buying bread would not be practical here. First of all it would double the cost of the bread. Secondly we cannot buy it locally but would have to have it shipped in from Port Alberni. As it is a perishable commodity there would be the risk of having entire lots spoiled beyond use. Lastly the children would be deprived of the opportunity of learning to bake bread.

In view of the above mentioned facts I am asking the Department for a complete new Bakery Oven with a capacity for two hundred loaves with an oil burner heating unit.

Hoping you can look into this matter as soon as possible as it is an emergency,

I remain,

Youre sincerely,

(signed) Rev. P. J. Sheahan O.M.I.

Re: File 1-6-2 (3)

I am enclosing herewith Indian Agent Gerrard's letter of January 14th and requisition covering plumbing and heating supplies required for the construction of a new school at an approximate cost of $ 1,900.00. It is understood that the total appropriation for this school during the current fiscal year is $10,000 of which no amount has been spent for the construction of a road to the school, in addition to which we are holding in abeyance an application from the Love and Prince Supply for a tractor, reference Mr. Neary's letter of October 14th. I should appreciate being advised if the Department has authorized any of the final cost of the new construction.

Yours truly,

for Indian Commissioner for B.C.

West Coast Agency
Alberni, B. C.
15 January 1948

Major D. M. MacKay
Indian Commissioner for B. C.
Box 70
Vancouver, B. C.

Enclosed are quotations for material required by the Principal of the Residential School at Kakawis. I have endeavoured to obtain quotations on all the necessary articles but cannot obtain prices on the soil pipe, soil pipe bends, wash basins and toilet sets. Gordon & Belyea quote on hardware and Bloedel, Stewart & Welch on lumber.

The amount involved totals $1,010.10. This does not include 300 sacks of cement, which would be $430.31 delivered.

In the estimates for 1947-48 an amount of $900.00 is requested for this school. If half of the amount of plywood were supplied, the total amount allowed in the estimates would be sufficient.

With reference to Father Sheahan's request for a Skill Saw: The principal contemplates extensive changes in the inside of the school. He wishes to build additional dormitories where the staff now have their quarters and build new quarters for the staff. The Skill Saw would be put to good use in the above described work, and it is suggested that it be paid for out of the B. C. Special Vote.

Bake Oven

The COMMERCIAL oven as described in the photograph is one that was especially designed by a well known Western bread baker, that would particularly supply the advantage heretofore only available from permanent brick installations

All ovens are entirely embraced with heat.

All ovens are entirely covered in brick.

The bricks are installed inside on the bottoms, and on the outside for tops and sides.

Under operation this oven becomes entirely heat saturated in 1½ hours from original firing.

Temperatures vary after heat attained at 10 deg. variation, with 375 deg. in the lower, 365 deg. in the middle, and 355 deg. on the top oven.

Higher or lower temperatures can be as easily maintained as desired.

Without further firing this oven has maintained constant temperatures for as long as four hours.

The stack on this oven is fitted for an 8" collar, and is not fitted with a damper.

Inasmuch as dampers are very troublesome when old, and seldom efficient when burned, it is much to your advantage to replace the stack damper as often as necessary, and is therefore quick, easy, and inexpensive

3-22" BAKE OVEN SPECIFICATIONS

Ovens—Width	22 "	Outside Body— Overall Dimension:	Height	67"
Height	8¾"		Width	32"
Depth	29 "		Depth	30"

Insulation—1¼" all around, asbestos on side walls, rockwool top, ovens fully bricked all around, inside on oven bottom. Flue design entirely embraces all ovens. This gives this portable oven a similar heat distribution usually enjoyed only with permanent brick structure. Entire assembly is demountable, contains no welds or rivets. Approximate weight 800 lbs.

ADDRESS ALL COMMUNICATIONS TO THE COMPANY AND NOT TO INDIVIDUALS

February 25th.,1948

Department of Mines & Resources,
P. O. Box 70,
Vancouver, B.C.

Att: Mr. W. S. Arnell
Indian Commissioner for B.C.
Your ref: 16-11-4

Dear Sirs:

We thank you for your enquiry dated February 20th., regarding Bakery Oven complete with oil burner heating unit, and take pleasure in advising you as follows:

We are unable to supply at the present time an Oven with a capacity of 200 loaves but can offer the following substitute:

#3-22 Bake Over, capacity 100 loaves $401.35 ea.

The Oil Burner and installation of same would cost approximately $200.00, as we do not carry built-in models. We are at aching leaflet descriptive of the above Oven.

Delivery on this item would be three months from receipt of order. Terms are: 2% cash discount, sales tax included, f. o. b. our Vancouver warehouse. All prices quoted are subject to change up to and including date of shipment.

Hoping the above may be of interest to you and that we may be favored with your order, we remain,

Yours very truly

Re: Christie Residential School

Enclosed for your information is a copy of a report just received from the Lands and Development Services Branch with reference to the road at the Christie Residential School.

We have not yet received the approval of the Minister for purchase of the tractor and in any case there will be a balance of approximately $500. remaining in the appropriation.

If it is possible to use this amount in placing additional gravel or corduroy side ditching, etc., before the end of March, you are authorized to have the work done at a cost not exceeding $500.00.

Ottawa, March 15, 1948.

Memorandum:

DEPUTY SUPERINTENDENT

Re: Christie Indian Residential School.

During the summer of 1947 a road was constructed from Opitsat Village to the Christie Indian Residential School in order that the school boat could be anchored in a sheltered harbour. The work was done under the direction of the Lands and Development Services Branch.

Provision of this road was extremely necessary as for many years past the school authorities have had difficulty in landing supplies and have frequently lost supplies due to the heavy surf.

In order to keep this road in proper condition the Indian Commissioner at Vancouver writes as follows:

"Christie Residential School is extremely isolated; facilities in the way of equipment at other residential schools are not available here and in view of this, the principal's request for a tractor is considered reasonable in order to keep the road in proper condition."

Indian Commissioner Arneil has obtained a quotation from Chatwin Motors, Ltd., Alberni, B.C. This quotation is attached. Funds are available in the current year's appropriation and I would appreciate it if you would authorize the purchase so that payment can be made before the end of March. This is a church-owned school operated under Roman Catholic auspices.

Re: Christie Indian Residential School:
Your file I.A. 1760-1

We have your memorandum of March 8th with reference to the road and dock construction at the above mentioned school.

We understand that the amount of $7,590.00 previously sent to you will be expended by the end of March. We were under the impression that this would complete the work required and no provision has been made in our appropriation for the fiscal year 1948-49 for additional funds for this particular purpose.

Director.

EX'D.
M

March 6th, 1946.

Mr. W.S. Arneil, Indian Commissioner,
P.O. Box 70, Vancouver, B.C.

We have your letter of the 2nd instant, file 16-11-4 (159), with reference to the Christie Indian Residential School.

As you were informed in official letter of February 26th, there is an unexpended balance of $2,426.74. As soon as you forward the quotation in writing from Chatwin Motors we are prepared to submit their quotation for approval by the Minister's office. We understand from your letter that Chatwin Motors have the tractor on hand and consequently if we receive the Minister's approval, delivery can be made before the end of March and permit us to pay for it from the current year's appropriation.

If you can secure a suitable bake oven for less than $500.00 and can be assured of delivery before the end of March, you may do so. However, it is noted from the quotation supplied to you by McLennan McFeely and Prior that they would be unable to deliver the oven on which they quote for three months. This would mean that the cost of the oven would have to be charged to the appropriation for the fiscal year 1946-47.

Bernard F. Neary
Superintendent of Education.

FP/MCD

Indian Affairs. (RG 10, Volume 6440, file 879-5, part 4)

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

File: 159-0-5 and 159-0-9

Date: March 6, 1948.

The construction of the road from Opitsat Village to the Christie Residential School was necessary to permit the school boat to be anchored in a sheltered harbour. Opitsat Village is situated on an sheltered inlet, approximately 1½ miles by the shortest route from the school.

Opitsat is about 2 miles from Tofina, a regular port of call for coastwise steamships. Deep water is found close in shore at Opitsat and boats up to 40 ft. long can use the harbour at all times.

The provision of this road was extremely necessary as for many years past the school authorities have had difficulty in landing their supplies and have frequently lost supplies due to the heavy surf.

In order to keep the road in proper condition the equipment requested on this requisition is extremely essential.

The Indian Commissioner's office reports as follows regarding the request:

> Christie Residential School is extremely isolated; facilities in the way of equipment at other residential schools are not available here and in view of this, the principal's request for a tractor is considered to be reasonable.

Re: Christie Residential School
[illegible] File 159-5 [illegible]

With reference to Mr. Mary's letter of February 6th regarding the [illegible] balance of the appropriation for the above-mentioned school and the suggestion that these funds be used for the purchase of a tractor, bulldozer and trailer and for a new bake oven, Mr. Cerrard has advised that the tractor and equipment which he originally quoted on is not now available from Chatwin Motors, Alberni, B.C., but they have for immediate delivery a tractor of more recent design priced at $1,[illegible].00, and an angle bulldozer blade at $[illegible].00. The price on the trailer originally was obtained from Simson's Ltd., Seattle - $[illegible].75 (plus freight).

With regard to the bake oven, I have secured the attached quotation from McLennan, McFeely and Prior, Ltd., Vancouver, on one [illegible] oil-fired concrete, as I am presently awaiting a quotation from Arnold Wells, B.C. Ltd., who have installed ovens [illegible] for details which I expect to have shortly. I am writing them. Mission Agent Cerrard [illegible] to secure and forward a quotation in writing from [illegible] Motors. I will forward this and further quotations on a suitable bake oven as soon as possible.

Re: Your file 159-0-5 (E.1)

Following Mr. Neary's letter of February 13th we endeavoured to secure quotations on a suitable bake oven for the Christie Indian Residential school but in view of the extreme range of prices in the quotations received we were forced eventually to refer the matter to the Rev. Principal of the school with a request that he indicate which oven would be most suitable. Father Sheahan apparently considers the oven covered by the attached quotation from Kirkland and Rose to be most suitable and the cost, although considerably in excess of what we had anticipated it would be, is less than prices quoted by other suppliers.

May I suggest that if the Department does not consider this oven suitable or if the price appears to be high that the Departmental Purchasing Agent might be in a better position to secure quotations in eastern Canada.

To the Departmental Purchasing Agent, Ottawa, (File: 159-0-5)

PLEASE FURNISH THE FOLLOWING SUPPLIES FOR USE OF.....

VOTE 516 ALLOTMENT 12-415 ALLOCATION SYMBOLS

SHIP TO Rev. Patrick Sheahen, O.M.I., Principal, Christie Indian Residential School, Kakawis, B.C.

Purpose for which required

QUANTITY		UNIT PRICE	TOTAL
1	Bake Oven, two decks, each deck approximately 7 x 5. Actual baking surface approximately seventy square feet. Approximate capacity 200 loaves.		

NOTE: We attach quotation which was obtained through the office of Indian Commissioner Arneil but the price quoted appears high.

We are hopeful that you can obtain at a lower price a bake oven of somewhat similar capacity to the one on which Kirkland and Rose quoted.

You will note that in this instance the oven will have to be fitted with an oil burner as oil is used exclusively at the Christie Residential School.

P.O. 33237 to Arneil

I hereby certify that I have personal knowledge that all the above articles are required in the Department and for Departmental purposes only. The expenditure required by this requisition is strictly unavoidable and the public interest will suffer if it is not made.

APPROVED--

Director

NOTE
1. In ordering stationery and printed matter use separate sheets.
2. Order numbered forms by number or send sample.
3. Orders for unnumbered forms should be accompanied by samples.
4. Orders for books should be accompanied by sample pages or folios
5. Orders for which purchase orders will issue should give as full details as possible for each item.
6. All Requisitions should be submitted in duplicate. One copy will be returned as acknowledgment.

Vancouver, B.C.

Christie Residential School

Reference your 16-11-4 of December 8,

We have your letter of the 8th instant requesting authority to purchase a hot water tank at an approximate cost of $250.00 for the above school.

An amount of $2,700.00 was provided in the current year's appropriation for repairs and improvements and purchase of new equipment at this school. Our files show the following expenditures:

Advance to Lands & Development Services for work on road	$ 700.00
Advance to Superintendent for same work	$ 500.00
(Reference your letter December 9, 1948)	
Purchase order for new bake oven	$1,629.00
	$2,829.00

You will note that the amount provided has actually been overexpended but we are counting on refunds from the Superintendent and the Lands and Development Services to balance the account.

In view of the above, it is not possible for us

The Reverend Principal of the Christie Indian Residential School has requisitioned for a new 300-gallon horizontal hot water tank, for domestic use at the school.

A suitable tank can be manufactured in Vancouver at an approximate cost of $250.00 and I would recommend that the Department approve an expenditure of this amount from the funds appropriated for repairs and improvements and the purchase of equipment at the Christie School this year.

Re: Bake Oven - Christie School
Your file 159-0-5 E.1.

Further to my letter of June 24th I am enclosing a copy of a letter dated July 27th from the Rev. Principal, Christie Residential School, requesting information with respect to the action being taken to secure a suitable oven.

You will note that since my letter referred to Father Sheahan has been in touch with Kirkland and Rose 130 Water Street, Vancouver, and now considers that a No. 4 Brandford Oven would be most suitable. It is presumed that this oven is manufactured in Eastern Canada and the Department could likely procure one direct from the manufacturers.

CHRISTIE INDIAN RESIDENTIAL SCHOOL

KAKAWIS, B.C.
(West Coast, Vancouver Island)

July 7, 1948.

Mr. W. P. Arneil,
Indian Commissioner
Vancouver, B.C.

Dear Mr. Arneil:-

Just a note of inquiry to know if there are any developments on the bake over. I am getting anxious as we would like if we are getting one that we could have it installed before the children return to school.

The information I forwarded to you through the Agent I obtained by mail. Since then I have been into the office of Kirkland and Rose and found that the oven called for a lot of reinforcement, While there I found that I could get another oven somewhat the same as we have here which is lighter and calls for no extra reinforcement and can be purchased a little less than the one quoted. If you are putting in the order I would rather you order a No. 4 Bramford Oven. This oven can be set up by our own help and will not call for extra foundations.

Will try and call on you about Aug. 3,

Yours sincerely,

"Rev. P.J. Sheahan, O.M.I.".

Dec.31,1948

Mr.W.S.Arneil,
Indian Commissioner,
Vancouver,B.C.

Dear Mr.Arneil:-

The news contained in your letter received last evening is not very encouraging in as much as the school has not as yet benefited from the items stated to have been spent on the school. The Bake Oven,though asked for nearly a year ago has not been received, the $700. was spent to no advantage,the $500 has not all been spent.

There was $3500. a special grant over and above the regular requisition,which I may say ~~xxx~~ I did not get a chance to spend.I did my part by sending in the itemized list of regirements on November 1947.Now a year has gone by and I have so far received nothing to the advantage of the school,except whatever the money spent on the road might be considered as an advantage.

Re the hot water tank,I hope that order has gone in and it can be made an emergency.This is an emergency .I need it and need it badly.Would like to hear from you on this item.

Otherwise everything is going nicely here at the

Re: Christie Indian Residential School
Your File 150-1-5

Mr. J... Mitchell, District Welfare Inspector, in his report of August 30th, 1948, regarding the machinery at the Christie Indian Residential School, recommended the provision of fire hose for the outside hydrants. Superintendent Barrard has now submitted a requisition for 500 ft. of hose but before calling for tenders on this equipment I would ask you to please advise if the necessary funds can be made available, having in mind that purchase of the new take over and expenditures for improvements to the road serving the school, may have entirely depleted the appropriation.

AIR MAIL. , January 3, 1949.

Mr. W.E. Arneil,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.,

We have your letter of the 21st ultimo enclosing a requisition for lumber for the Christie Residential School.

Evidently our letter of December 17 had not reached you by the 21st. If you will refer to it you will note that the amounts provided in the appropriation for this year for the purchase of new equipment for the Christie School has been spent.

Philip Phelan,
Chief, Education Division.

Air Mail

December 21st, 1948.

Indian Affairs Branch,
Dept. of Mines and Resources,
Ottawa, Ont.

I am enclosing a requisition in triplicate and quotations from Bloedel, Stewart and Welch Ltd., and the Alberni Pacific Lumber Co. Ltd., Port Alberni, on lumber, etc., required for repairs and maintenance at the Christie Residential School.

According to information provided by the Rev. Principal, the flooring is required for the gymnasium, which according to Inspector Dewey is urgently in need of repairs. The lumber and shingles are required for roofing the water tank, the hardboard for lining the boys' playroom and the plywood for boat construction.

Father Sheahan considers that the balance of the funds appropriated for the school this year could be spent to the best advantage in the purchase of these materials and I would recommend that lumber, etc., to the extent of the funds available be ordered by the Purchasing Agent.

Attention: Mr. B. F. Neary,
Supt. of Indian Education.

Dear Sir: Re: Purchase Order 33237.

We acknowledge your letter of January 12th, regarding delivery of the above order.

We have checked with our Production Department, and find this Oven was shipped by C. P. freight on January 12th.

We regret the delay in shipping this piece of Equipment. However, business in this particular Department has been very heavy in the last six months, and we just could not fill all our orders on time.

Yours truly,

THE BRANTFORD OVEN & RACK CO. Limited.

CHRISTIE RESIDENTIAL SCHOOL
Re your — 7

With reference to your letter of the 20th instant, we find that E.R. 380 was issued for the amount of $500.00, and according to our records none of it has been expended.

However, it appears from the information given to you by Superintendent Garrard that he has spent part of it, as he states that he has only $313.33 that can be used.

If the latter amount is sufficient we have no objection to your charging the cost of the hot water heater to E.R. 380.

Re: Hot Water Tank -
Christie Residential School
Your File 879-5 (E.1)

With reference to Mr. Neary's letter of January 12th, 1949, authorizing purchase of the above-mentioned tank, on the understanding that payment for same be made after April 1st, 1949, in this connection I am forwarding herewith Superintendent Garrard's letter of January 17th, suggesting that the unexpended balance of E.R. 380, amounting to $313.33, be utilized for this purpose.

If these funds can be made available for this purpose, I would so recommend.

W.S. Arneil Esq.,
Indian Commissioner for B.C.
Box 70,
Vancouver, B.C.

With reference to my letter regarding construction of Road serving Christie Indian Residential School dated December 7, 1948 could the unexpended balance of E.R. 380 which amounts to $313.33 be utilized for the purpose of obtaining the Hot Water Tank which has been requisitioned for this School. The Boiler Inspector in his report of August 30, 1948 advised that this Tank was badly corroded and thin and that a new one should be obtained to replace the present one.

11th March, 1949.

Mr. M.W. Garrard,
Superintendent, Indian Agency,
Alberni, B.C.

We have your Voucher No. 148 requesting payment of the allowance towards the salary of the night watchman at the Christie School. You use the term "Wages for night watchman". In future, please use the phrase "Allowance towards salary of night watchman for the month of --".

Bernard F. Neary,
Supt. of Indian Education

FT/ST

879-5 (E.1)

11th March, 1949.

Mr. W.S. Arneil,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.

In a recent requisition from the Christie Residential School, there was a request for three typewriters and ten desks. We wrote Superintendent Garrard for an explanation regarding the typewriters, and received the following reply:

> "The School has one typewriter in the office, however, the children at school are given a course in typewriting, and greater progress could be made with more typewriters."

It is not our practice to supply typewriters for the purpose mentioned, and we were not consulted regarding a course in typewriting for the children at the Christie School. Please ask Inspector Davey for his views on the request.

With reference to the ten desks it is stated that a requisition was placed with Clarke and Stuart Co. Ltd., Vancouver, on 24th June, 1948, but delivery has not yet been made. Evidently, these desks are required immediately, and you may, therefore, arrange with the Clarke and Stuart Co. to ship them. We understand that the price will be higher than originally quoted.

Bernard F. Neary,
Supt. of Indian Education

Re: Christie Residential School
Your file 879-4 (E6)

With reference to your letter dated January 20, 1949 in regards to requisition of three typewriters and ten desks by Rev. P.J. Sheahan, Principal of the above school.

The school has one typewriter in the office, however, the children at school are given a course in typewriting, and greater progress could be made with more typewriters.

In connection with the ten school desks, these are to replace old ones as many are beyond repair, and there are many small children and some desks used are too large.

Requisition for desks was placed with Clarke and Stuart Co. Ltd, Vancouver on June 24, 1948, but delivery has not been made.

Re: Christie Residential
School

I refer to Mr. Neary's letter of March 11th concerning the requisition for typewriters and desks for the above mentioned school.

Inspector Davey is of the opinion that the typewriters requested are not necessary. At the time of his last visit on September 8th there were no high school pupils in residence and no typing course was being taken.

With reference to the desks, I have instructed Clarke & Stuart to deliver these as soon as possible after April the 1st since there are only two weeks remaining in the fiscal year.

Re: Christie Residential School

I am enclosing a requisition in triplicate and quotations from [illegible] & Co., Alberni Pacific Lumber Co., and Bloedel Stewart & Welch Ltd. covering requirements in the way of lumber, paint, etc. for the Christie Residential School.

The cost of the materials requisitioned is slightly in excess of the amount specifically provided from appropriation this year, but I would recommend the Department endeavour to make the additional funds available and that the purchasing agent be requested to order the materials.

Re: Christie Indian Residential School, Your File 16-11-3 (159)

We have your letter of the 30th ultimo enclosing requisition for materials for the above mentioned school.

As you are aware, this is a Church-owned school and consequently, we can only expend the money actually provided in the current year's appropriation. An amount of $2,700.00 is provided and of this sum $454.83 has been expended. The latter amount includes the cost of desks and some small accounts which were charged against the appropriation.

From the information contained in the preceding paragraph, you will note that the balance available is $2,245.17. We are requesting the Departmental Purchasing Agent to secure the lumber and presumably they will accept the lower tender, namely the one submitted by the Alberni Pacific Lumber Co., Ltd., in an amount of $1,715.22.

This will leave approximately $500.00 still available. You may expend this amount in whatever manner you consider will be most useful to the school management.

Vancouver, B.C.

[redacted]

With reference to your letter of January 11th, you should request the Principal to return to the Department immediately, the amount of the accountable advance which is unexpended. No doubt you can arrange to have the Principal take the action requested.

You can arrange to have the return payment come through your office, and you can then issue Purchase Order for the fire hose. When it is delivered, the account covering its cost should be forwarded here for payment. It is understood, of course, that the amount refunded will be equal to, or exceeding the amount required for the purchase of the fire hose.

Re: Christie Residential School
[redacted]

In my letter to you of August 17th, 1949, I advised that Father Sheahan, Principal of the Christie School, was of the opinion that the $500.00 available from the appropriation for the School could be spent to the best advantage on further repairs and improvements to the School road and apparently an accountable advance for this purpose was sent to Superintendent [redacted].

The Reverend Principal, reference Mr. Garrard's letter of January 5th, attached, has apparently reconsidered and would now prefer to spend approximately $320.00 of the amount for the purchase of fire hose. I understand that the condition of the road is such that the expenditure of $500.00 for repairs at this time of year would be wasted and, therefore, recommend that the purchase of fire hose be approved.

Re: Christie Residential School
Your file 16-11-3 and 16-11-4
Dept.File No.879-5

I wish to refer to the accountable advance in the amount of $500 that is held in the Agency Trust Account for repairs and improvements on the road from Christie school to Opitsat Indian Reserve. It was apparent that the most urgent requirements of the school during the summer months were repairs to the school road,however,since the amount available could not exceed $500,Rev.Sheahan reconsidered this matter and feels that these funds would be used to a better advantage if spent on a fire hose.

He indicated that the purchase of the fire hose is now considered more essential than repairs to the road,and should be given top priority. Should the amount of $319.00 be authorized,as per enclosed quotations,for this expenditure, the balance that is still available would be expended for improvements to sections of the school road that requires immediate attention. I would recommend that the school be provided with this equipment from the accountable advance of $319.00,and your favourable consideration would be greatly appreciated.

Under seperate cover I am today forwarding a sample of the fire hose required by Christie School.

Re: Christie Residential School

With reference to Mr. Neary's letter of July 12th, I have discussed with Father Sheahan the most urgent requirements of the school and he feels that the $500.00 still available from the appropriation of the school this year will be spent to the best advantage on further repairs and improvements to the school road. Will you please have an accountable advance of this amount forwarded to Superintendent Garrard so that he may pay labour costs.

Attention Mr. W. S. Arneil

Dear Sirs:

In reply to your inquiry of yesterday's date, we have much pleasure in quoting you on:-

TWO (2) Only 800 Gal. Fuel Tanks, 3'-9" dia. by 12' long, manufactured from 10 gauge plate throughout, complete with all necessary openings, AT A PRICE OF ..... $135.00 Each Net, f.o.b. our Shop, Sales Taxes not included.

We regret that as we have no 12 gauge plate in stock, we are forced to quote you on the heavier 10 gauge material, but trust that this will be in order.

Yours truly,

Dear Sir:

We are in receipt of your inquiry regarding 500 gal. oil fuel storage tanks. As these tanks are to be manufactured from 12 gauge iron, we feel you would be better advised to connect one of the local welding shops for this work. This weight of metal is somewhat lighter than we normally work with.

May we express our appreciation of your inquiry and should any steel work of a heavier nature be required,we would be only too pleased to assist you.

Yours truly,

Christie
Industrial School

Wharf

December 19th. 1919.

Dear Sir,

The Reverend principal of the Clayoquot industrial school has applied to the Department of Public Works for the erection of a wharf in front of the school. The local district engineer of the Department of Public Works has reported stating that he could not recommend the erection of a wharf which would be of service to the school only, in as much as it would necessitate an approach of approximately 1400 feet. He suggests as an alternative the provision of a floating boat-house moored close to the shore, into which the dory, used for landing supplies shipped to the school, could be placed when the steamer arrives during the night or in rainy weather.

I have been asked for an expression of opinion as to whether this might be considered urgent work and I shall be glad if you will let me have a report with as little delay as possible as I have nothing before me now from any of our own officers that would enable me to come to a decision.

Yours very truly.

Deputy Superintendent General.

Chas. A. Cox, Esq.,
Indian Agent,
Alberni, B. C.

Sir,

I have your letter of the 18th. instant in further reference to the proposed construction of a boat house at Kakawis, Vancouver Island. In reply I beg to say that from the information before me I am unable to say whether this work is really urgent or not, and I would propose to refer the matter to our local agent for report. This I shall do at once and communicate again with you, hoping that it may not be too late for consideration with your estimates.

Yours very truly,

Deputy Superintendent General.

E. C. Desrochers, Esq.,

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ottawa, December 10, 1919.

Memorandum

Mr. Scott.

A communication has been received from the Chief Engineer of the Public Works Department which states that the District Engineer for Victoria, B.C., does not recommend the building of a wharf as requested by Mr. Charles Moser of the Christie Indian Industrial School at Kakawis, B.C., which wharf would be used for the landing of supplies shipped to this school. The reasons given by the Acting District Enginner appear to justify his decision. As an alternative it is suggested that a floating boat-house be built which would cost $1400.00, providing the work is performed under the jurisdiction of the Public Works Department. This building would meet the requirements of both the school and the captain of the C.P.R.SS. Princess Maquinna who has charge of the delivery of goods at that point.

The above mentioned school is the property of the R.C. Church. Would you kindly advise whether the Department is prepared to provide funds for the granting of the above mentioned work.

Your obedient servant,

Indian Affairs. (RG 10, Volume 6440, file 879-5, part 6)

(COPY).

DEPARTMENT OF PUBLIC WORKS, CANADA.
DISTRICT ENGINEER'S OFFICE.

VICTORIA, B.C., November 24, 1919.

Dear Sir,-

In reply to your letter of the 17th inst., I would not recommend the construction of a wharf at Kakawis, B.C., because the captain of the C.P.R.SS.PRINCESS MAQUINNA stated that he would be unable tomake landings at either of two points where a wharf could be constructed, with a fairly short approach. In addition there is no road to either of these points from the Indian School which is the only settlement that would benefit by the construction of a wharf. To construct a wharf fronting the school house having a depth of 16 feet at low water at its face would necessitate an approach of approximately 1400' in length and I do not consider that this expenditure would be justified in view of the fact that the Department is already maintaining two wharfs at Tofina and Clayoquot respectively, which are both within two miles of this site.

An alternative suggestion would be the provision of a floating boat house moored close to the shore into which the dory used for landing supplies, shipped to the Indian school by the SS. PRINCESS MAQUINNA could be placed at such times as this vessel arrives during the night or in rainy weather and these supplies could then be left in the boat house under shelter until it was convenient for same to be removed to the Indian school. The estimated cost of a boat house of this description is $1400 and I am of opinion that this would meet their needs, assuming that a work of this description would be one coming under the jurisdiction of the Department of Public Works.

Yours obediently,

(SGD) A. F. MITCHELL.

JAN 5 1920
RECORDS

ALDERNI, B. C.,

Dec. 29, 1919

IN YOUR REPLY REFER TO
No 23-653
AND
TO DATE OF THIS LETTER

Sir.

531048

I have the honour to acknowledge the receipt of your communication bearing date of Dec. 19th which has reference to the construction of a dock or floating boat-house at the Christie Industrial School. The erection of a wharf which would be of service to the School would be a very costly undertaking and would not be used sufficiently to warrant the heavy expenditure. I am therefore strongly of the opinion that a floating boat-house is the only practical solution to the question and then it will be a problem to moor same so as to withstand storms. At this point there is always a heavy swell rolling in during stormy weather as well as very strong tides throughout the year. The successful mooring of a floating boat-house would be the most difficult part of an undertaking of this nature and while it would certainly be a great convenience to the School I would not consider it of sufficient urgency as to necessitate immediate construction and might further add that it is only during the summer months that work of this nature can be successfully carried on at this point.

I have the honour to be,

Sir,

Your obedient servant,

Indian Agent.

Duncan C. Scott, Esq.,
Deputy Superintendent General,
Department of Indian Affairs,

January 8, 1920.

Dear Sir,-

With further reference to my letter of the 19th ultimo, with regard to the proposed construction of a boat-house at Kakawis, Vancouver Island, I may say that I am now in receipt of the required report from our local Agent in connection with this subject. Our Agent states in this report that the erection of a wharf which would be of service to the school would be a very costly undertaking and would not be used sufficiently to warrant the heavy expenditure, and suggests that a floating boat-house would be the only practical solution of the question. He further states that the matter is not one of great urgency, and that as a matter of fact work of this nature in this particular spot can only be carried out successfully during the summer months.

It would not seem, therefore, that any further action is necessary for the present with regard to this matter.

Yours truly,

R. Fergusson, Esq.,
Secretary,
Dept. of Public Works,
Ottawa.

RECORD

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

WHARF: The landing conditions here are not good. It is, owing to the surf, necessary to go ashore in a small boat. The bay is very shallow. When I reached the school the Principal gave a long statement, the main points of which are mentioned for information.

The Rev. Father in part stated that he very much wants some sort of wharf. He stated that there is very great danger in conveying the children by means of his flat bottom freight boat to the C.P.R.ship. It will of course be understood that the C.P.R. ship must anchor well out in deep water. The Principal states that accidents have only been narrowly averted during the last two years. He considers that should such an accident happen, there will be great loss of life. The children, he states, get sick boarding the C.P.R.Maquinna. There is a rocky point near the school. At this point he thinks the water would be deep enough for the Maquinna. He goes on to say that YOUNG boys have been out from 12.30 A.M. to 5 A.M. three times to land freight. He tells me that The Right Rev. Bishop Gerald Murray has taken up this question with the Department at Ottawa.

REPORT ON ABOVE: As the construction of a Wharf would envolve the Department in considerable expenditure I went into the matter with the greatest care. At the nearest point to the school the Indian Agent and the Engineer of the Department's boat took eight soundings while I carried on the inspection of the school. It was found that the water is much more shallow than was at first supposed. In a direction W. by S. from the point soundings were taken for a distance of 400 feet. They were in feet 6, 6, 7, 8, 10, 10, 12. It is therefore evident that no wharf could be placed off the nearest point to the school buildings. Soundings were then taken off the next point. The water here is 15ft deep at a point 30ft from the shore. At about 50ft out the water is 25ft deep. There is then a sudden drop to deep water. For the first 40ft or so the bottom is rock, and piles could not be driven. From 50ft out the water is too deepfor piles. A very important note has been suggested by the Captain of a coasting steamer. It is to the effect that for such a wharf to be possible of use by such a ship as the Maquinna there would have to be from two to three hundred feet available, where the ship could tie up and still be in deep water. No ship could tie up at a wharf parallel with the coast here, as the place is open to the S.E.winds from the direction of Leonard Islands.

From the result of these soundings, it is quite evident that however much a wharf is required at this school, the fact remains that the construction of such a wharf here is impossible.

The question of a road to the second of the points mentioned above was also looked into. It was found that such a road would in one place have to drop suddenly about 50 feet. This would make the construction a very costly matter. The point is I believe not situated on the school property. A long wharf of 200 to 300 feet off this point would also probably be considered a menace to navigation. It is hard to explain all the above points without a large scale chart; but it may be taken for granted that the construction of a wharf at the Christie Indian Residential School is out of the question from a practical point of view.

VICTORIA, B.C., September 16, 1931.

Dear Sir:-

I beg to submit herewith the Report of Captain C.H. Barry, Inspector of Indian Schools for British Columbia, in connection with his inspection of the Christie Indian Residential School, Kakawis, B. C., West Coast Agency, on the 2nd instant.

In connection with the matter of building a wharf at this School, I beg to refer you to my letter of the 7th November, 1930, to the Deputy Minister in which I pointed out that the building of a wharf would be a costly undertaking owing to the conditions described, but I suggested that the Department of Public Works should be asked to make a report on the cost of such a structure. I may say that since that time I have had personal conversation with the District Assistant Engineer of the Dominion Public Works Department in connection with this subject and he informed me that some years ago he made a report at the request of Reverend Father Charles, then Principal of the Christie School, and the only solution to the difficulty that he could recommend would be the building of a large float on which there was to be a freight shed. The estimated cost of this structure would be about $18,000.00.

WED/KD.

Kakawis, B. C.
(WEST COAST [illegible] ISLAND)

R, EX'D.

July 25, 1932.

Mr. Russell T. Ferrier,
Superintendent of Education,
Department of Indian Affairs,
Ottawa.

Dear Sir,

The Department of Public Works, Victoria, has sent Mr. Mitchell of their staff to inspect the wharf-site at Kakawis. Mr. Mitchell has about finished his work.

In a conversation with him on the subject, he remarked that the wharf at $15,000.00 would be quite expensive. I assured him that I could not take that view of the matter. Regarded solely from the standpoint of its being a wharf like any other, that sum might be looked upon as being high. But as a wharf at Kakawis must be considered as being an integral and important part of the institution itself, and playing a most necessary roll in the activities carried on by it. It is its freight and express terminal. Through it pass the mail.

Again, for instance, where other schools have farms which must be equipped with expensive farm machinery and cattle to carry on, products from such a source used at Christie School must pass over the wharf; so that if the region and climate in which our institution is located militate against our procuring the benefits that come from expenditures on a farm, at least, it would seem, we are entitled to expenditures on ways and means that ould effect procuring the substitutes for these benefits from being the difficult, laborious and dangerous task it is.

I trust, Mr. Ferrier, that the Department will approve the construction of a wharf at Kakawis.

Faithfully yours,

Victor Rassier

[illegible]

[illegible]

[illegible]

Victoria, B.C. August 1st, 1911.

Sir,-

As instructed, I made an investigation of conditions at Nakwin, in connection with proposed wharf at that place.

During school term there are about one hundred and twenty-five Indians resident at the school, and I was informed that about 250 tons of general freight are received per annum, while 100 tons of coal were being unloaded on the beach while I was there, representing one year's requirements.

Fronting the school is a sandy beach of sliding good driving for piles, but, as this beach extends to sea, with a very gradual slope, a wharf with sufficient depth of water to a complete S.P.M. steamers would have to be of the following dimensions:

Wharfhead, 40 feet x 30 feet;
Approach, 1,50 feet x 12 feet;
with freight shed and landing steps for small boats.

The cost of a wharf at this site, as projected, would be approximately $20,000.00.

In the [illegible] there is another small cove, known, where conditions also appear favourable for driving piles. At this site a wharf of the following dimensions would be needed:

Wharfhead, 30 feet x 40 feet;
Approach, 600 feet x 12 feet;
Freight shed and landing steps.

The cost of a wharf at this site would be approximately $14,000.00.

A road, 1,200 feet in length, would be required at the latter site built through heavy timber to connect the school with the wharf, and could be built on a gradient of 2.3. Northwesterly of the small bay above referred to, deep water gradually approaches much closer to the shore. The beach, however, consists of rock and large boulders, while from there are considerable bodies of kelp, indicating rock with small probability of affording holding ground for piles.

Nakwin is situated on Broughton Channel and any wharf site in the vicinity is subject to the serious disability of being exposed to the direct swells from the open Pacific Ocean via Broken Channel. There are also currents running in Broughton Channel at a speed of from two to five knots.

It must, therefore, be anticipated that any wharf constructed would be subjected to considerable impact at times from steamers when making landings, and the maintenance costs of a wharf would, in consequence, be correspondingly increased.

J.P. Ferde,
District Engineer P.W.D.

With further reference to yours of 27th June last, regarding wharf survey at the Christie Indian Residential School at Kakawis, as well as an estimate of cost of constructing a wharf to which the S.S.Mequinna could tie. I now beg to enclose herewith copy of report presented by the Engineering Branch respecting this proposal.

There is also enclosed, in duplicate, travelling expense account of the Engineer who undertook this work, and would be glad if prompt remittance was made of this account.

Christie Indian Residential School

Kakawis, B. C.

(WEST COAST VANCOUVER ISLAND)

October 28, 1935.

Harold W. McGill,
Superintendent of Indian Affairs,
Ottawa.

Dear Sir:-

After trying every possible method to solve the freight problem at this institution and having met with failure in each instance I have decided that something must be done to obtain a wharf. The steamer comes here every ten days bringing the necessaries of life and our freight is always heavy. We must go out in a scow and load the freight on the beach which is always very rough. I usually find a wet break over the boat subjecting everybody and everything to a cold salt water bath. Last week fifty tons of coal came by steamer since no one else would handle it for us. The coal was landed at wharves two and one half miles away. We made twelve trips in our small scow to bring the coal to our beach. The scow would not ride up on the beach so we were compelled to walk in water up to our waists and carry sacks weighing on the average of one hundred and twenty pounds. Some of the sacks had to be thrown from the boat into the water in order to save the scow from going to pieces. These sacks, nine hundred of them, had to be carried some two hundred yards to the bottom of the cliff. Every day for a solid week the boys [illegible] all day. It looked like old times [illegible] It is a common occurrence every boat day.

I have obtained estimates from a very good man [illegible] experience in building wharves [illegible] boat. [illegible] at five thousand dollars. [illegible] Favourably in the near future, I am,

Yours respectfully

Rev. Bertrand M'Laughlin, Principal.

November 7, 1935.

Reverend Sir:

I am in receipt of your letter of the 26th ultimo, requesting that a grant be provided to cover the cost of building a wharf at the Christie Indian Residential School.

The question of building a wharf at your school has been brought to the Department's attention on several occasions in the past. In 1932, the Senior Assistant Engineer of the Public Works Department reported regarding a wharf, and, for your information, I enclose copy of this report.

You will note that, in spite of the large expenditure that would be involved, the Engineer considered general conditions were unfavourable. Under these circumstances, the Department is not prepared to consider the erection of a wharf at the Christie School.

It has been suggested that, if a warehouse was built at Tofino, the C. P. R. boat could discharge all freight for the Christie School at that point and place same in the warehouse. In order to transport the freight from Tofino to the school, it would be necessary to secure a large flat-bottomed scow, which could be towed by one of the school launches and arrangements made to have the scow reach the school at high tide, so that it could be brought in as close to the shore as possible. When the tide went out, the scow could be unloaded. The Department realizes that it is necessary for the Christie School to buy their supplies in advance, and, if the suggestion made in this letter is feasible, the freight could be brought from Tofino on those days when weather conditions are suitable.

A copy of this letter is being forwarded to the Indian Agent, and he is being instructed to visit the Christie School at an early date and discuss with you the Department's suggestion for handling the freight. If the plan as outlined could be put into effect, the Agent and yourself should obtain estimates of the cost of erecting a warehouse at Tofino and the purchase of a suitable flat-bottomed scow. This information should then be forwarded for the Department's consideration.

Yours very truly,

Deputy Superintendent General.

Rev. Bertrand Hall, O.S.B.,
Principal,
Christie Indian Residential School,
Kakawis, B. C.

Christie Indian Residential School

Kakawis, B. C.

(WEST COAST VANCOUVER ISLAND)

I have read all your former communications subject of a proposed wharf and am therefore familiar with all the objections hitherto brought up which militate against it.

Now, therefore, I am going to ask the Department to grant us the sum of $9000.00 with which to construct a wharf, landing platform, and a road from the wharf point to the School. This is less than half what the Department had at one time estimated this work would cost. I have these figures from practical men here on the bay and from the parties who are now constructing the dock at Ahousat. I would propose that a wharf be built following plans and specifications of the Ahousat wharf with modifications to suit local conditions.

I will state, for your information, that my father was a building contractor and that I have, all my life, lived in an atomophere of construction work. And for this particular type of work I will say also that for forty years I have lived on the Ocean shore and I understand and am very familiar with ocean currents, etc. Though I am a priest for nearly twenty-five years, I have been very busy building up four parishes and assisted in the construction of buildings at our Monastery to the value of over four hundred thousand dollars. I mention this because I wish you to realise that I do consider my opinion of some value when it comes to matters of this kind.

I earnestly pray that you will, at this time, grant a favourable hearing on this very important matter, and after receiving this assurance from you I will be pleased to give you more details of what we have in mind.

Believe me, dear Sir, to be,

Gratefully yours,

Hildebrand Melchior.

Ottawa, December 5, 1935.

Dear Sir:

On the 6th ultimo, an official letter was directed to you in connection with the request of the Principal of the Christie Indian Residential School for the erection of a wharf. Since writing that letter the Department has received the following suggestion:

'There is a sheltered wharf that is used by the Indians of the Opitsaht Reserve and there is a trail from this wharf to the Christie School. The distance is approximately 20 minutes walk from the wharf to the school. This trail has been brushed out and is planked for nearly the entire distance. The trail could be broadened out and a light truck purchased for transporting school freight. It is further stated that the wharf on the Reserve is only five minutes by launch from Tofino Wharf, where there is a freight shed that could house the goods going to Christie School. Furthermore, if this suggestion was adopted, the school supplies could be taken from Tofino to the wharf at the Opitsaht Reserve by the launch at present owned by the school.'

I would appreciate if you would also discuss this suggestion with the Reverend Principal of the School. In the event of you and he agreeing that the above is practical, the Department wishes to know the approximate expense that would be incurred in fixing the wharf at the Opitsaht Reserve and widening the trail to a sufficient width to permit a truck to pass over it. You should also let me know the approximate cost at which a second-hand truck could be secured.

Yours truly,

F. B. Ashbridge, Esq.,
Indian Agent,
Port Alberni,

Sir:

I have the honour to communicate with the Department re proposed wharf or landing or means of communication between Christie School and Tofino, B. C.

In this connection, one of the chief difficulties that is experienced at Christie School is the landing of pupils, as the boat often reaches this point at night. It readily can be seen that it is extremely difficult to take a lot of children ashore through breaking surf. This condition exists quite frequently on the beach in front of Christie School. Freight is also very difficult to land at times, and much has been written the Department re this matter. It is felt that the Department is fully aware of the difficulties and the danger of this landing, and the following suggestions are respectfully submitted, and have been arrived at after much thought and many surveys of the district.

The writer has observed conditions at this point for many years, and it appears that there is only one satisfactory way to overcome these difficulties. A wharf is obviously out of the question. Its construction would of necessity cost a great deal, and the upkeep would be prohibitive. There is in addition the fact that it is very difficult to drive piles in that locality, as the holding ground is not sufficiently deep above bed rock. The Department's suggestion of a warehouse at Tofino and a flat-bottomed boat or scow to be landed on the beach at high tide, is a very good one, but would not be practical in winter, when south east gales drive directly on this beach and raise a surf that is sometimes four and five feet high. The writer has several times attempted to land with a boat or canoe and found it impossible to do so, and in several instances officers of the Department have

Indian Affairs. (RG 10, Volume 6440, file 879-5, part 6)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

been precipitated into the water. There is, however, a sheltered wharf that is used by the Indians of the Opitsaht Reserve, and a trail that is approximately twenty minutes walk from the wharf to the school. This trail has been brushed out and is planked for nearly the entire distance. The wharf, however, at the reserve end would need repairs. This would be, in the writer's opinion, the only safe way to land children at the school safely at all times of the year. The trail could be broadened out and a light truck purchased for transporting school freight there. The wharf on the reserve is approximately five minutes by launch from the Tofino wharf. There is a freight shed on the government wharf at Tofino that could house the goods going to Christie School, and same could be taken over with the existing equipment that the school has, by launch, in daylight, and transported from the wharf on the reserve to Christie School.

The rough sketch enclosed will serve to illustrate the surrounding district, and the relative distances, although it is not drawn to scale.

One other fact to be borne in mind is that once this trail was widened to a sufficient width to allow a truck to pass over it, the upkeep would be very small and all people engaged in the shipping business on the West Coast unanimously agree that it would be impossible, on the other hand, to hold a pile dock in front of the school, thereby proving the contention that it is impossible to build and maintain such a dock without an enormous expenditure. The writer feels that the present suggestion has never been passed to the Department for consideration, and forwards same respectfully, in no way wishing to cloud other plans that are at present under consideration, but feeling that the Department should know conditions as they exist at Christie School and the surrounding district.

Your obedient servant,

H. P. Nightingale

The Deputy Supt. General,

Deptl of Indian Affairs,

Ottawa, Canada.

Dear Sir,

For forty years the Fathers, Sisters, Teaching Staff, the Children, and all callers at Christie Indian Residential School have been inconvenienced, and in many cases their lives have been endangered, in an effort to make a landing on the shores at Kakawis.

The dangerous and stupendous task of handling freight at this school can only be appreciated by those who have had to do this throughout all these years. But I barely deem it necessary to make mention of this for the Department has long ago been cognizant of these facts. I am positive that to their way of thinking, as surely as it is ours, a wharf at this institution has been a long-felt need.

I regret to say that almost every principal who has been in charge here, has, with the greatest reluctance, been compelled to give up efforts to secure financial assistance from the Canadian Government, for this, so worthy and so necessary a cause.

I was an assistant to Fr. Charles Moser seventeen years ago, and I felt at that time, as I do now, that if I were placed in charge, a wharf would be the one big thing for which I would strive. I deem it absolutely cruel to compel intelligent men and women to submit to the crude and primitive manner of making landings at this Institution.

As Religious, we have been, and still are, willing to give all that we have, sacrifice our homes and friends and the comforts of life, that we might bring the light of Christianity and the boon of Civilization to these poor unfortunate Indians. All this, to the end that they might some day learn to live cleaner and better lives and become useful and self-sustaining citizens of this Great Country.

EX'D.

With reference to the letter of July 6th from the Principal of the Christe School, also letter written to Commissioner MacKay, before any further consideration is given for construction for wharf at Christie School, contents of the letter on this file should be carefully studied.

In view of the situation of the school, it would require a very large expenditure to erect a wharf that would withstand the ocean.

A wharf built at a small expense would only be a waste of money.

Particular attention is directed to official letter of November 7,1935, addressed to Father McLaughlin, who was then a Principal of the Christie School, also to Acting Indian Agent Nightingale's letter of November 15/35 and official reply of December 5, 1935.

September 10, 1937.

Sir:

I have the honour to refer to your letter of 23rd August, 1937, in connection with request for a wharf to be constructed at Kakawis, for the Christie Indian Residential School.

This matter has been brought forward on several other occasions, and rejected by the Department on the grounds that the conditions are unfavourable. Several reports have been made on the possibilities of erecting and maintaining a wharf at which steamships would be willing to land, and all have been unfavourable.

It is possible to clear a roadway from Uplant Reserve to the school at much less cost and with greater possibilities, as there is a trail already which would need to be widened and blasted. This has also been reported upon, and found unfavourable on the grounds that [illegible] would be required.

The water assembly reserve at Ahousat could not be connected favourably with the one now used at Kakawis, as the wharf at Ahousat is in sheltered water, whereas a wharf at Kakawis would be exposed to winter gales, and no matter how placed would be a menace or danger to any large ship attempting to get near shore. Indians [illegible] understand their opinion that they could not undertake to keep a landing here that safely allows to ship or wharf.

I enclose file of letters on this subject for your further information, and shall be pleased to make any further report you may wish. I would respectfully submit that approval be withheld for my plans.

Your obedient servant,

[illegible]
Indian Agent.

IN YOUR REPLY REFER TO
No. 125/13/525.
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE
P. O. BOX 486
VICTORIA, B.C. September 28, 1937.

Dear Sir:

I beg to refer to your letter of August 13th regarding representations made to the Department for the construction of a wharf, landing platform and a road from the wharf to Christie Indian Residential School at Kakawis, West Coast Agency. This matter was referred to Indian Agent Ashbridge and I am forwarding herewith his report dated September 10th for your information.

The main objection to constructing a wharf at Kakawis is that the site on which it is proposed to construct the wharf is too exposed to the weather and, there does not appear to be a suitable site in the vicinity that is not so exposed. There was an examination of this site in 1932 by the senior assistant engineer of the Department of Public Works, who considered the general conditions unfavorable for the construction of a wharf, these conditions still exist and, I consider it would be unwise to proceed with such an undertaking in view of the reports of those who have made an examination of the conditions on the ground and were qualified to do so.

From the information before me, it would appear that the construction of a road from Opitsaht Reserve, where there is a wharf, to Christie School would meet the situation. This wharf is in sheltered water, is used by the Indians of the Opitsaht Band and is connected by trail to Christie School. It has been suggested that the proposed road follow closely the location of this trail and that it be made wide enough to admit of the use of a light truck. The supplies for the school would continue to be landed at Tofino and transported by the school launch to the Opitsaht wharf and thence by truck to the school. I am inclined to favor these alternative arrangements and would recommend that an engineer of the Dominion Water and Power Branch be instructed to make a survey of the proposed road and submit a report and an estimate of the cost.

Yours faithfully,

D. M. MacKay.
Indian Commissioner for B.C.

EX'D.

Ottawa,
October 7, 1937.

Dear Sir:-

The Department is in receipt of your letter of the 28th ultimo with reference to representations that have been made for the construction of a wharf at Christie Indian Residential School.

Please let me know the present condition of the wharf on the Opitsaht Reserve and also give an estimate of the cost of placing it in a serviceable condition.

The Department also requires an estimate of the cost of clearing the roadway from the Opitsaht Reserve to the Christie School. It is noted that there is a trail which would need to be widened and planked.

Owing to lack of funds, it is not possible to favourably consider incurring the expenditures that would be necessary to send an engineer to make a survey of the proposed road. It is felt that the Indian Agent, or yourself, should be able to let us know the approximate cost of the necessary work.

Yours truly,

H.W. Hoey

Minister's Office

MEMORANDUM

16th October, 1937.

Dr. McGill.

In a letter from Mr. A.W. Neill, M.P., reference was made to one addressed to you by Rev. Hildebrand Melchior, Principal of the Christie Indian School at Kakawis, on the subject of a wharf which it is stated is required so that supplies and passengers may be landed at the school. It is stated that the present arrangements are inconvenient and often dangerous. Will you please let me have a report.

If the matter has been reported on by the Public Works Department I would like to have a copy of their observations.

H.J.W. Pratt,
Secretary.

Indian Affairs. (RG 10, Volume 6440, file 879-5, part 6)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

EX'D.

Ottawa, October 20, 1937.

[redacted]

Deputy Minister

I am in receipt of Mr. Pratt's memorandum of October 16th regarding a wharf at the Christie Indian Residential School.

Engineers of the Public Works Department investigated the possibility of erecting a wharf in front of the Christie Residential School in 1932. They reported that the approximate cost of a new wharf would be $30,000, and, owing to the exposed position in which the wharf would have to be placed, the engineers stated that they considered the somewhat limited advantages obtainable by building a wharf in front of the school, would not be worth the initial and future maintenance costs which would be involved.

Recently a letter was received from Indian Commissioner MacKay in which he suggested that it might be possible to improve the road from the Christie Residential School to a small wharf situated on the Opitsaht Reserve. This wharf is in sheltered water, but will also require some repairs. Indian Commissioner MacKay was written on October 7th and requested to furnish definitely regarding the condition of the present wharf on the Opitsaht Reserve and also to give an estimate of the cost of repairing this wharf in a workable condition and the cost of clearing the roadway from the Opitsaht Reserve to the Christie School.

As soon as his reply is received, you will be further advised.

Ottawa, October 25, 1937.

[illegible]

The Deputy Minister,

In response to Mr. Bethune's request, I am attaching hereto two copies of a report relating to the construction of a wharf at the Christie Indian Residential School.

This report was prepared by the senior assistant engineer, Department of Public Works.

Reverend Father Hildebrand, Principal of the Christie School, is at present at Ottawa, and he has informed the officials that a satisfactory wharf can be constructed at the school at an approximate cost of $6,000.00. It would appear that the matter has recently been investigated by an engineer and that Father Hildebrand's estimate is based on information he has received from this official.

Office of Indian Agent

West Coast Agency,
Port Alberni, B.C.,
October 27, 1937.

Sir:

I have the honour to refer to your letter of October 4th, 1937, with respect to the wharf at Opitsat Reserve, and to report the findings of my inspection of this wharf, and roadway leading to Christie School, on my last visit there on October 14th.

Wharf: Built by the Department with Indian labor, March, 1937. Not yet completed, requires an extra vent to bring out to deep water. Estimated cost to complete $300. The channel is narrow and shallow and only boats with shallow draft can land at wharf.

Roadway to School: This trail follows near the beach from Opitsat Reserve to Christie School, and is roughly about 1 1/3 miles in length.
For 2 thirds of the way a good trail could be made, but nearing the school there are two bad places where extensive bridging would have to be done in order to make a suitable road for a truck. The whole distance is fairly heavily timbered.

Before attempting to put in a roadway, it would be advisable to have a surveyor report on it, as it may be possible to find a better grade. The expense of building a roadway suitable for a truck over the present trail would be very heavy, owing to the necessity of bridging and planking.

Before attempting to place a wharf near the school, or build a roadway from Opitsat, I would respectfully recommend that the whole be most thoroughly surveyed, as in either case the expense would be great. The fact of the school being old, leaving a possibility of its having to be rebuilt, should also be considered, as in this event it would not be advisable to put another school on such an inaccessible site.

Your obedient servant,

"P.B.Ashbridge"
Indian Agent.

PBA/AM.

EXD.

Dear Sir:-

I have your letter of October 30th enclosing copy of a report received from Indian Agent Ashbridge in connection with the proposed wharf at Christie Indian Residential School.

Since writing you on October 7, the Reverend Principal of the Christie School visited the Department. He stated that an engineer of the Public Works Department had recently visited the Christie School and had recommended a different site for a wharf from that mentioned in our letter of October 7 and Mr. Ashbridge's reply of October 27.

I have not yet received a copy of the report of the engineer in connection with his recent survey, but we have written the Public Works Department requesting same. If you hear anything about this recent survey, I would appreciate your advising me on receipt of this letter.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

159-0-5

INDIAN AFFAIRS
BRANCH

P. O. Box 8,
Vancouver, B.C.,
30th October, 1937.

Dear Sir:-

With reference to your 159-0-5 of the 7th instant, I beg to submit herewith a copy of a report from Indian Agent Ashbridge, received in reply to a request to supply the information desired.

Although Mr. Ashbridge is familiar with the area and looked over the location of the trail at present in use, he apparently finds himself unable to give an estimate of the cost of a road which would admit of the use of a light truck, and recommends the services of a surveyor to determine the location and estimate of the cost.

In connection with this proposed road, it may be of interest to the Department to know that the immediate predecessor of the present Principal of Christie Residential School did not press for this road as he considered he could manage without it.

The extension to the wharf at an estimated cost of $300.00 is recommended for favourable consideration.

Yours faithfully,

D. M. MacKay.

MEMORANDUM
From: A. Walkelt, Asst.Engineer, to J.P.Marde, Dist.Engineer.
Re.: [illegible], Comox-Alberni District.

As instructed I visited the Industrial School for Indian children at Ahousis Bay, Hoeteant Sound, West Coast of Vancouver Island, on the 24th ultimo, for the purpose of looking into the request made by the school authorities for a wharf to be built near their school.

I saw the school principal, as instructed, who took us to a smaller bay about one-half mile north of the school in Deception Channel, where he had been advised that a suitable wharf could be built to accommodate the coastal steamers serving this part of the Coast.

A survey of the bay showed that a wharf could be constructed with sufficient depth of water for the largest of the coastal steamers at a distance of 230 ft. from the shore. During the last 20 years various requests have come to the Department from this school for a wharf and three different sites have been surveyed, but owing to one reason or another, principally as being unsuitable owing to prevailing winds and adverse currents for the steamer landings, the wharf was not built. [illegible] this in mind I made a point of [illegible] with a member of the wharf to [illegible] and asked his [illegible] a landing for small boats [illegible] constructed. [illegible] vicinity of the bay, Captain [illegible] reported favourably on the site, that a landing could be made here by the C.P.R. Coastal Steamers unless under very abnormal weather conditions.

There is no public road here and a private road would have to be made through heavily wooded land for a distance of about one-half mile to connect the school with the wharf by land.

The school has been a port of call for the C.P.R. [illegible] for many years, [illegible] called with [illegible]. [illegible] [illegible] [illegible]

EX'D.

Ottawa, December 2, 1937.

[redacted]

[redacted]

I am in receipt of Mr. Pratt's memorandum of November 30th, enclosing letter from the Deputy Minister of Public Works, also copy of a report submitted by the Assistant Engineer at New Westminster in regard to the construction of a wharf at the Christie Indian Residential School at Kakawis, B.C. As requested, I enclose two copies of the Deputy Minister's letter, also two copies of the Engineer's report.

The necessity for the erection of a wharf for the Christie School has been brought to the Department's attention on several occasions during past years. There is no doubt that a wharf is required. However, when preparing our estimates for the fiscal year 1938-39, we did not have definite information regarding the cost of the erection of a wharf at this point and, consequently, no funds were provided for the purpose. If it were possible to provide $2,000. in the supplementary estimates, I would consider that such action would be advisable.

Minister's Office

MEMORANDUM

6th December, 1937.

Dr. McGill.

Re - Construction of wharf in front of Christie Indian School at Kakawis, B.C.

I note from your memorandum of the 2nd instant that you apparently have in mind the possibility of including in the Supplementary Estimates for Indian Affairs an item of $3,000.00 to cover the construction of this wharf. Should not the provision of money for work of this kind be looked after by the Department of Public Works?

Can you give me a rough idea of the number of persons and the amount of freight coming to this school by means of [illegible] the wharf serve the school only, or is there a settlement at this point that would benefit through the construction of a wharf?

We should have all available information with regard to the need for the wharf in case it is desired to take the matter up with the Public Works Department.

EX'D.

Ottawa, December 8, 1937.

MEMORANDUM:

Deputy Minister

I am in receipt of Mr. Jackson's memorandum of December 6 in connection with the request for the construction of a wharf in front of the Indian Residential School at Kakawis, B.C.

While the wharf might be used by some of the Indians residing in the locality, it would be almost totally required by the management of the Christie Residential School. As a consequence, if the wharf were built, the expense would have to be assumed by this Department, as I consider it unlikely that the Public Works Department would construct it. However, there can be no possible objection to endeavouring to have them do so.

At the Christie School there are 110 pupils and a staff of 14. All food, clothing, and other requirements of the school have to be brought in by boat, as there are no local stores. It is located on the West coast of Vancouver Island on a site opposite to the [illegible] Canal. During many years past, necessity has repeatedly been directed our attention to the fact that [illegible] conditions make the handling of freight both a dangerous and strenuous task. There is no doubt that a wharf is extremely necessary for this school.

[illegible]

MEMORANDUM:
From: A.Halkett, Asst. Engineer, to J.P.Forde, District Engineer.
Reference: KAKAWIS BAY, Comox-Alberni District.

As instructed, I visited the Industrial School for Indian children at Kakawis Bay, Clayoquot Sound, West Coast of Vancouver Island on the 20th ultimo for the purpose of looking into the request made by the school authorities for a wharf to be built near their school.

I saw the school principal, as instructed, who took us to a shallow bay about one-half mile North of the school in Deception Channel where he had been advised that a suitable wharf could be built to accommodate the coastal steamers serving this part of the Coast.

A survey of the bay showed that a wharf could be constructed with a sufficient depth of water for the largest of the coastal steamers at a distance of 220-feet from the shore. During the last 20 years various requests have come to the Department from this school for a wharf and three different sites have been surveyed but owing to one reason or another, principally as being unsuitable owing to prevailing winds and adverse currents for the steamer landings, the wharf was not built. Having this in mind, I made a point of showing the plan of the bay with a drawing of the wharf to Capt. Robert Thomson of the "Princess Norah" and asked his opinion in regard to making a landing here should a wharf be constructed. Both from an examination of the plan and observations made since then in the vicinity of the bay Capt. Thomson reports favourably on the site, that a landing could be made here by the C.P.R. Coastal Steamers unless under very abnormal weather conditions.

There is no public road here and a private road would have to be made through heavily wooded land for a distance of about 1/2 mile to connect the school with the wharf by land.

The school has been a port of call for the C.P.R. coastal steamers for many years, making three calls each month. Much freight is handled and only a boat landing is made, when passengers and freight have to be transferred to shore by launch or canoe. There have been occasions when near fatalities have occurred by the capsizing of canoes, precipitating the passengers into the water, according to the information furnished me by the school principal.

An estimate of cost for wharf, 100' x 40', approach, 100' x 14', and float, 40' x 16', with freight shed, gangway, etc. using creosoted piles throughout, will be $9,000.00.

Christie Indian Residential School
Kakawis, B. C.

Feb. 14, 1933.

Department of Mines and Resources,
Ottawa, Can.

Dear Sirs:

Since my visit to Ottawa last fall, and on my return to Christie School, I have been frequently asked what progress was being made relative to a wharf at Kakawis. My answer invariably was that we were asked to wait until April when the matter would be taken up and decided upon.

When I personally interviewed the Department I had two very important requests to make. The one referred to a wharf and the other to a building for Manual Training. You have letters on file in reference to these projects. I was told that it might be impossible to grant both of them at the same time.

If I were to choose between the two I would be at a loss to consider which the more important. For our boys to learn how to repair engines, make boats and bridges and build their simple dwellings is a very important feature in their educational development and in their future self-maintenance.

Could I suggest that the Government reimburse us next year if we, at this time, construct the building in lieu of the fact that you would set aside, at once, the money necessary for a wharf? A Manual Training shop is a direct benefit to the boys, a wharf an absolute necessity for the entire school and an asset to all who have any interests at Kakawis.

I notice that the Government has already consented to [illegible] twice the amount we ask for a similar project at Zeballos, B.C. This project is but an infant and might petre out before it has two legs to stand on, and yet men will urge the Government to invest thousands of dollars, and they themselves are willing to throw in all they have, and cast the die for the possible gain of a few paltry dollars. Let us [illegible]

Copy for Indian Affairs Branch, replacing draft letter of Feb.25/38

Ottawa, March 4, 1938

Rev. Hildebrand Melchior,
Principal,
Christie Indian Residential School,
KAKAWIS, B.C.

Dear Father Melchior,

With reference to your letter of the 16th instant, I may say that funds are provided in our estimates for the year 1938-39 for a new manual training building at the Christie Residential School. I am directing the Indian Affairs Branch to communicate with you in order to settle all the details.

It was not found possible to provide funds in our 1938-39 estimates for the new wharf.

I have noted your reference to the wharf at Zeballos. Regarding this project I may say that the Dominion Government has contributed certain funds to the several provinces to assist in the improvement of transportation in the mining districts. These projects are ones which are recommended by the Provinces and the work is carried out entirely under provincial supervision. The Zeballos wharf being one of the provincial projects is not in the same category as the wharf you have proposed for Kakawis.

Yours very truly,

Deputy Minister.

(WEST COAST VANCOUVER ISLAND)

Sept.6th, 1938

Dept. of Mines & Resources
Indian Affairs Branch
SEP 14 1938
Received

Dr. H.W. Phelan,
Indian Affairs Branch,
Dept. of Mines and Resources,
Ottawa, Ont.

Dear Mr Phelan,

In the estimates which Mr Indian Agent Ashbridge and myself made out a few days ago is some item about which I think it advisable to write to you. This item, if obtained, is to be laid between the School and the present float which is located where the projected wharf may be built. The main objection which may be raised against adopting this project is that the wharf may never be built as it has not been definitely proved that a wharf can be constructed at this or any other point. The reason is that even if a wharf is never built, the trail is really necessary, necessary in the sense that it will eliminate a great deal of hard work and danger.

As you are aware, passengers and freight are now taken from the S.P.R. steamer, several hundred yards from shore, out into one of our boats, fought water to the shore and then, as there is no wharf at this point, are carried on the men's backs to the beach. The freight has to be carried thence to a truck which takes it up as a hill to its destination. Transferring from the steamer to our boat and carrying from our boat, through the water, to the shore are dangerous and difficult operations if the sea is at all rough. Considerable loss is incurred for instance when flour has thus to be transported in the rain. Other merchandise has been dropped and lost or damaged in the sea. The Vancouver Province Provincial fell in, for instance, and was only just rescued. I need not describe what is likely to happen in a storm. Should the rain not be great, the evil one might put it into my mind to suggest to one of the men that, when the next Official from Ottawa comes, there be an unavoidable accident whereby the official visitor be made to compare his experiences with those of the Father Provincial.

Father Hildebrand believed, as did others, that a wharf might be construct at a certain point and, to see whether this were feasible or not, had a float built at this point. It is argued that, if this float stands up against the winter tides and sto a much more strongly built wharf will do the same. Let us suppose that no wharf can be built. Well, the float or a landing place will be of great use to us. Passengers and fre can be brought from the steamer to this place without the long pickaback ride throu the water. The freight can be transferred from the boat to the truck, awaiting at the landing, and hauled by motor over the rails to the School. This truck could be covered to protect flour, etc against the rain. A great deal of hard and dangerous work would thus be eliminated. I might add that, as there is no place for walks, the children are often taken for a ride, Sunday afternoon, on the School Boat. We have already found the float a great advantage in loading and unloading the children.

A good start has already been made on the trail. A clearing, about 10-12 feet wide, has been cut through the woods from the School to the float and all stumps have been moved. We still have a good deal of levelling and grading to do. The weather and the fact that all has to be done by hand (we have no tractor, horses, ploughs or scrapers)

of freight, the other day, and can imagine what the landing of 30 tons of coal means.

would understand why we asked for rails even though it is not certain that a road wharf can be built.

EX'D.

Ottawa,
September 15, 1939.

Dear Father Forbes:

I am in receipt of your letter of the 6th instant in which you state that in your estimates for the fiscal year 1939-40 you are requesting the Department to supply some track to be laid between the school and the present float. I hope that either the Indian Agent or yourself is supplying an estimate of the cost of this track. I can assure you that your request in this regard will be given careful consideration when the estimates are being prepared. As you mention in your letter the question of building a wharf at the Christie School has been considered by the Department on several occasions during the past few years. The estimates received, however, indicated that an expenditure of upwards of $8000.00 would be necessary and even with this expenditure there was some doubt as to whether a wharf could be constructed that would withstand the elements.

I note that you intend to write us later regarding the amount provided in the current year's appropriation for a new manual training building. In that event full details should be given regarding the materials that you request as purchases are now made through our Purchasing Branch. This information should reach us as soon as possible.

I hope that you are finding conditions at Christie School reasonably satisfactory. It must be quite a change for you from the Cariboo School but I suppose in a short time you will be a real authority on boats, ocean tides and any other difficulties that you have to contend with at Christie.

Yours truly,

Rev. C. Forbes, O.M.I.,
Principal,

Kakawis, B. C. June 7th, 1940

(West Vancouver Island)

ENID

Dear Dr McGill:

May I speak to you frankly?I think that your having Indians from various Provinces broadcast to all Canadians was a master stroke.The enclosed photograph will indicate they we are doing our bit.I come from a family of actors and I thought that good plays might help our pupils to speak good English and to talk distinctly.Competent critics (your Inspector of Schools included) show that my effort was not in vain.And,moreover,take a look at these boys(our presentation of Cardinal Wiseman's 2½ hours'"Hidden Gem"),-have I fed them well? Are they happy?

I have done my share and I ask you to do the same.Will you please have your Department use their imagination in lieu of their knowledge?I would welcome an official of the Department here.The facts:I was in charge of the Cariboo School for over 7 years.Unofficially,I was at the Kamloops and other Schools...The point is this:Kamloops,Mission, Cariboo,Lytton,Sardis,etc have their large pupilage and their farms.We have a small pupilage here and ROCK with no possible farm or herd.We have not only to buy what those schools produce but we have to pay freight on it.I could add more but think that this will suggest that we deserve special treatment.May I add this?The C.P.R.boat stops away WAY out.Our motor boat meets it and proceeds to low water.Canoes then take off passengers and freight. The canoes stop and our man and I pack passengers and freight through the water on our backs.If you,the Pope or the King come,the procedure will be the same.We DESERVE consideration.So,if a cut must come,do not make a general cut but use your knowledge or imagination.If I have been too frank,-well I am from Calgary and crave your indulgence.

Yours very truly,

Indian Affairs. (RG 10, Volume 6440, file 879-5, part 6)

File: 879-5

Oct.28/48

Extract from report on the Christie Indian Residential School by Inspector Davey.

Date visited - Sept. 8 and 10, 1948.

The floor of the gymnasium building is in very poor condition. This was originally laid with 10 inch shiplap which is now badly worn and splintering. This is dangerous to pupils playing active sports such as basketball and should be corrected by reflooring as soon as possible.

The washing facilities for the boys are inadequate and poorly housed in the basement which is damp and dark.

Ottawa, April 28, 1936.

Dear Sir,-

With reference to your letter of the 18th instant, the Department sees no reason for refusing the admission of Patrick Charleston, Margaret Amos, Ambrose Napoleon and Jack Johnson to the Christie Indian Residential School. Their admission is approved. You should, however, point out to the Principal the recommendations made by the Doctor, viz., (a) Jack Johnson - "Boy has signs of rickets. To have cod liver oil three times a day, after meals, one teaspoon"; (b) Ambrose Napoleon - "Take child's temperature daily at 4 p. m. for one month"; and (c) Margaret Amos - "Put child on cod liver oil, one teaspoonful after every meal".

Yours truly,

J. D. Sutherland.
Acting Supt. of Indian Education.

P. B. Ashbridge, Esq.,
Indian Agent,

Ottawa, December 1, 1936.

Dear Sir:

The Department is in receipt of your letter of the 25th ultimo, and it is noted that a mistake was made in stating the religion of Jamieson and Daisy Williams.

In view of the information contained in your letter, the approval of their admission to the Alberni Indian Residential School is cancelled and the Department now approves their admission to the Christie Residential School. Please make the necessary arrangements for placing these children in the Christie School. If there is any expense incurred in this regard, you may forward an account in triplicate.

Yours truly,

J. D. Sutherland,
Acting Supt. of Indian Education.

Dear Sir:-

As advised by you I consulted Mr. Caldwell over the phone but we could come to no agreement. I am forwarding a copy of Peter Webster's baptism which is taken from the school register. The baptism of the child is also registered here but since the Father's religion determines the school I am only sending his baptism record. Re the marriage of which you spoke I must advise that this has no bearing on the case since the man was always a Catholic. You may forward the enclosed copy to the Department if you wish together with the applications. I cannot send you the original but if the Department demands the copy be such I can cut it from the register.

Yours truly,

Rev. B. McLaughlin, Prin.

INDIAN RESIDENTIAL SCHOOL

Ahousaht, B.C.

December 5th, 1936.

Mr. P.B. Ashbridge,
Indian Agent,
PORT ALBERNI, B.C.

Re. Rhoda Webster & Kakawis School.

Dear Sir:

I have your letter re the recent protest made by me to the admission of the above girl to the Kakawis School, and also copy of your letter to Rev. B. McLaughlin of that school.

I note that you ask Father McLaughlin to "consult" with me re the case and let you know the conclusions we both arrive at.

Father McLaughlin 'phoned me today, but his conversation was far from being in the nature of a consultation. I pointed out to him that Webster was Protestant, was baptized into the United Church membership, was educated at this school and that his brother was at present a member of this school, also that Webster had recently voluntarily asked me to baptize his youngest child, Father McLaughlin stated that Webster was a Catholic, that his father was a Catholic and that all the Indians on the Coast including the Ahousaht Band were Catholics. I asked him to repeat this statement, which he did. I then said that, in his opinion, this school had absolutely no right of existence, and was not entitled to any Indian pupils whatever. He said that that was true, and this statement he also repeated.

Under the circumstances, and in face of the emphatically expressed opinion of the Father that this school has no right of existence on the Coast, you can conceive how impossible it is for us to come to any amicable agreement. I feel that this matter of pupilage is one that can only be definitely settled by an authoritative pronouncement by the Department of Indian Affairs. I have no wish to attempt to enter into any further negotiations with the Kakawis school as it is obviously considered by them that this school is entitled to no rights and privileges whatever.

Yours very truly,

E. A. Caldwell,

Principal.

West Coast Agency,
Port Alberni, B.C.
December 23, 1936.

Sir:

I have the honour to forward application for admission to Christie Indian Residential school for Rhoda Webster, Age 7, Ahousaht Band.

In connection with this application, I would respectfully request a ruling as to the School to which she should be admitted, in view of the following particulars.

Peter Webster, the father of this child, was baptized, December 18, 1921, at Ahousaht, in the United Church, by Mr. Miller, missionary, married in the same church, January 7th, 1923, and was educated at the Ahousaht School. He was also baptized, 7th September, 1913, in the Catholic Church, copy of entry in register attached.

It will be noted, from a perusal of the attached correspondence, that there is considerable feeling in the matter as between the Principals of both schools. This I have endeavored to overcome. but have been unable to get them to see eye to eye in the matter. I would therefore request, please, that a definite ruling be given by the Department in the matter, which I feel sure will be agreeable to all concerned.

An interview with the father, as to his religion, and wishes in this matter is very unsatisfactory, being a man of weak intellect, and under the domination of his wife.

Your obedient servant,

P. B. Ashbridge,
Indian Agent.

Dear Sir:

The Department is in receipt of your letter of the 30th ultimo, with reference to the transportation of children of the Christie Indian Residential School.

If Father Hildebrand and Father Leo were required to accompany the children in order that the school management would be certain they reached their homes safely, the Department is prepared to pay their expenses. I, therefore, return the account and, if circumstances are as outlined above, you should include their expenses in your voucher.

Yours truly,

Philip Phelan,
Chief, Training Division.

Sir:

I have the honour to enclose voucher covering transportation of school children going to, and returning from, Christie Indian Residential school.

Authority was given for $150.00 under your letter of March 18th, 1937, file 159-0-1, for transportation of children, but it will be seen that claim is made for Father Hildebrand of $17.60, on June account, and for Father Leo $13.20, on April account. These amounts I have deducted, bringing the total to $129.10.

Should it be the pleasure of the Department to grant the amounts in question, it is respectfully requested that they be added, bringing the total to $159.90.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

[illegible]

OFFICE OF
INDIAN AGENT

[illegible] Coast Agency
Port Alberni, B.C.,
August 28, 1937.

Sir:

I have the honour to refer to your letter of July 31, 1937, re admission of Rhoda Webster to school.

In obedience to the Department's instructions, I made exhaustive enquiries in this matter, and interviewed the father, Peter Webster, also the Principals of both schools. As a result of these enquiries, I find that Peter Webster was first baptized Catholic, and he states that he changed his religion in 1920 and was a pupil of the Ahousaht Residential School until December 1922. He also informed me that his present faith was Protestant, and that of his wife Catholic, and that, while he wishes all of his children to be entered at the United Church School, he hesitates due to his wife's wishes. Her wish is that at least one of the children be entered at the Catholic School.

While this would appear reasonable, it is pointed out by Mr. Caldwell and the Reverend Principal of Christie School that this would not be in the best interests of the children. Webster stated definitely before me that his wish was that the children be sent to Ahousaht School, and that in the event of the Department so ruling his wife would be satisfied with that decision.

I enclose letters from both school Principals in connection with this matter, and would say that both gentlemen stated that the Department's decision would be satisfactory to them.

Your obedient servant,

P. B. Ashbridge,
Indian Agent.

FBA/AM.

Dr. P.E. Ashbridge,
Indian Agent,
Port Alberni, B.C.

Dear Dr. Ashbridge:-

This letter is in reference to your communication of March 8th, No. 1653 relative to Rhoda Webster.

According to the communication of that date there was to be some definite decision made in regard to the attendance of this child at school. This decision was to be reached during the month of July.

Since I have not heard from you I was wondering if the Department had made some ruling. The parents of Rhoda Webster are very anxious that their daughter be returned to school.

Yours truly,

Hildebrand Melchior.

AUG 18 19..
INDIAN AGENT'S OFFICE
PORT ALBERNI, B.C.

..r.F.J..shbridge,
Indian Agent,
Port Alberni, B.C.

Re Rhoda Webster.

Dear Sir,

In the matter of the admittance of the above child to residential school attendiance, decision was deferred by the Department until July of this year.

May I request that the Department again be made cognisant of the facts in connection with this case.

Peter Webster, the father, under the name of Peter Samson, was admitted to the Ahousaht school at the age of I3, on Jany I9th I920, not having previously attended any other school. His brother, Andrew Webster, was admitted to this school on July 2nd I929. He is still attending the school at the age of I5.

Peter Webster, or Samson, was discharged from this school on Dec.3Ist I922.

Peter Webster is a Protestant. His present wife is Catholic. There are three thildren of the marriage to date, and the decision in this case will affect the other children.

Webster signified his intention to apply for admission of the girl Rhoda to the Ahousaht school last year, and it was only the violent protest of his wife, to which protest the writer was witness, that induced the father to make application for Rhoda's admission to the Christie School.

That Peter Webster has not changed his religion is indicated by the fact that he personally requested the baptism of his latest child, Jessie, into the Protestant faith, and the baptism was performed November 8th I936.

Former decisions of disputes of this nature by the Department have been against this school, attendance being called for in accordance to the provisions of the Indian Act as stated by Sec.I0 (2). May I say that the facts of the above case designate the above child a protestant child within the meaning of the Indian Act.

Yours truly,

Principal.

May I add that the father Peter Webster has stated to me that it is the intention of his wife to send the female children to the Christie school and the male children to the Ahousaht school. I am sure that the Department will decide that this is a practice that should not be encouraged, in the interests of Indian family unity.

Ottawa, July 31st, 1937.

Dear Sir:

The Department is in receipt of your letter of the 12th instant, with reference to application for the admission of Rhoda Webster to the Christie Indian Residential School.

The point to decide in this case is what religion the father and mother are recognized as professing at the present time. Please make definite enquiries in this regard and advise me, in order that a decision can be made regarding the father's request for the admission of his daughter to the Christie School.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

159-0-10.

Ottawa, July 31st, 1937.

Dear Sir:

With reference to your letter of the 10th instant, you may inform the Principal of the Christie Residential School that the admission of Paul Smith, Alexander Masso, Cecil Williams and Alex Swan is approved.

In view of the information contained in your letter that the parents are both young and able to work, the Department is not prepared to approve the admission of Marjorie Williams. She should remain at home until she is of school age.

In view of the information supplied by the Principal, you may advise him that Timothy Paul may remain in the school for another year.

You should also inform the Principal definitely regarding the requirements of the Indian Act in connection with the discharge of children. Please see Section 10 - 1 of the Act. You will note that the age for discharge is sixteen years but, if the Principal and yourself consider it is advisable to keep a child for a longer period, application should be made to the Department. We are not adverse to keeping children until they have reached the age of eighteen years if there are special reasons for doing so, but in such cases permission must first be secured from the Department. Please show this letter to the Principal, in order that he may have a definite understanding regarding our requirements.

Yours truly,

Philip Phelan,
Chief, Training Division.

Ottawa, July 31st, 1937.

Dear Sir:

With reference to your letter of the 12th instant, the name of Louisa Jules, No. 0207, is shown on the March quarter return of the Christie Residential School but does not appear on the June quarter return, although no application has been received for her discharge. Please advise regarding this girl.

The usual applications and certificates of health should be submitted for the following:

Anthony Charleston
Bertrand Williams
Velma Frank
Jessie Lucas
Ynold Maquinna
Irene Jones.

Yours truly,

Philip Phelan,
Chief, Training Division.

JUL 17 1937
RECEIVED

Sir:

I have the honour to refer to your letter of December 31, 1936 in connection with admission to school of Rhoda Webster, and in which I was instructed to write the Department in July.

The situation remains the same as at time of writing previously, and I have received request again from the Reverend Principal of Christie Residential School for her acceptance into that school.

The father, Peter Webster, is very unreliable, but I am given to understand that it is his wish that the girl be sent to Christie School.

May I respectfully request instruction in this matter?

Your obedient servant,

/ P B Ashbridge

July 10, 1937.

JUL 16

Sir:

I have the honour to enclose application for admission to Christie Indian Residential School for the following:

Paul Smith	Nuchatlats Band	Age	10
Alexander Masso	Clayoquot "		8
Cecil Williams	" "		6
Alex Swan	Ahousaht "		4 9/12
Marjorie Williams	Clayoquot "		4 3/12

It will be noted that Alex Swan and Marjorie Williams are both under school age, and I am attaching in explanation a letter received from the Reverend Principal concerning them.

The mother of Alex Swan died in April of this year of tuberculosis, and the home life of this child is very bad. In respect to Marjorie Williams, the parents of this child are both young and able to work, and I would hesitate to recommend admission on compassionate grounds.

Christie Indian Residential School

Kakawis, B.C.

(WEST COAST VANCOUVER ISLAND)

June 26,1937

Deputy Superintendent General
of Indian Affairs
Ottawa, Canada

Dear Sir:

Some of the applicants here enclosed are according to the rules of the department below school age. These children have been brought to us by their guardians without our having sought them. We have even been reluctant to admit them owing to the extra care and attention that has to be given to young children. In these cases,either the father, mother or both are dead. Sometimes the father and mother are living apart and often the children are in the care of the old grandparents who can ill afford to care for them.

Such are the cases under consideration and we have been moved by charity to admit them to our school in the hope that you will place them on the per capita grant in view of the extra care and attention that has to be given. We have noticed your have granted this request before.

Yours very sincerely,

Hildebrand Melchior.

Rev. Hildebrand Melchior, O.S.B.
Principal

P.S.

I should have made some mention also, relative to the discharge age limit of children. Some say the age is sixteen,other eighteen. The Sisters and the faculty are all agreed that sixteen would be a reasonable age at which to discharge boys. We are making an earnest request,however, that girls be retained at the school until they are eighteen. There are very serious reasons for this, namely, that as soon as a girl leaves school at any age she becomes the prey of men seeking her in marriage, and anyone knows that the life of these children is difficult enough after wedding in maturity. Please grant us the permission to retain all girls until they have attained their eighteenth year.

H. M.

June 26,1937

Deputy Superintendent General
Of Indain Affairs
Ottawa , Canada

Dear Sir:

This letter concerns a boy by the name of Timothy Paul who finished at our school last term, and whose name has been sent into the department and accepted for dismissal.

This young man has been with us during the entire vacation and has asked us if he could still remain at the school. He wishes to continue his education and it may be possible that we could give him some help towards this end. This boy is of exceptionally good character and for that reason also we should like to keep him at the school for his good influence on the other children.

Would you consider replacing him on the per capita grant ?

Sincerely yours,

Hildebrand Melchior

Ottawa, November 19, 1937.

Dear Sir:-

With reference to your letter of September 28, the Department has subsequently received other letters from Charles Webster with reference to Bertrand Webster.

In view of the information contained in your letter of September 28th, the Department does not consider this boy as one of our wards and therefore is not legible for admission to any Indian Residential School. If he is still in the Christie School, you should request the Principal to return him to his home at the earliest possible date.

Yours truly,

Philip Phelan,
Chief, Training Division.

Port Alberni B.C.

Aug 30 - 1937

To Indian department Ottawa.

Dear Sirs.

I was born on American side my father was first Indian Agent on American Indian reservation, my mother was B.C. Indian woman, when seven years old. I was sent to Spanish school 25 miles from Victoria, B.C. Lived there ever since. 30 years ago I took Indian wife. first born was a girl second a boy, who at 3 years died over at Pinetown, I'd running around, with American Indians, where we were visiting or friends on American side, a boy was born to her, she died six weeks after her baby was born. I have taken care of the boy ever since he was born. I left my wife 3 years ago. she was jellious of every woman I happen to look at she pleaded to let her have the boy for a while. she promised that she would not send him to school as he is not healthy on account that. when only two years old a heavy stick struck him on the side of his head almost killed him. he has no memory as he has bad blood in his brain

Indian Affairs. (RG 10, Volume 6441, file 879-10, part 5)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES
CANADA

www.collectionscanada.gc.ca

and Doctors advice was not to send him to school. this summer while I was away fishing, she sent the boy to ~~school at~~ Claysat. Indian school. now that boy ~~is~~ mother was born an American side, and also his farther, was American Indian, he has inherited from his parent a property, and although his name is not yet on the papers, he receive money from timber on his property. his farther died 8 or 9 years ago, the boy is now 12 years old, and I am his guardian. I am a white man, raised among white people where to white school, and all Agents always said that I was a white man that my grand son was white and my wife white and Indian Agent said Indian Department had nothing do with us, none of the Indian Agents would even, buy grand son or buy wife dry medicine when sick, and, why do they now want, to keep that boy, in that Indian school among Mixed Indians boys, who are some of them rotten with diseases and only 3 cents for all the boys

It seems that we are not quite as much
C. priest, and Indian Agent seems to understand
to have that boy in school, the C. priest
would not even let me see the boy or
let him come on my boat, and I love that
boy as my own as I got no children, and I am
going to adopted him, I will never get that love
that C. priest treated me he treated me if I
was wild animal. I was even ordered
to pull my anchor up and leave front of the
school. now I have been ordered to have the
boy on American side to sign in on his
property not later than may 1938. and how
I am going to take on American side if
C. priest is going keep all Indians school
I think you see that C. priest is wrong in keeping
that boy there. he can not be canadian and
cannot hold his land on American side
and the poor boy will need land he becomes
a man if he stays on this side he will have
nothing endowed you will find Land payment
on his timber please return it. The boys
name Bertrand Webster, his grand mother
name Jennie Willie mother Indian woman

OTTAWA, September 28, 1927.

Reverend Sir:-

A request has been received from Charles B. Webster for the discharge of his grandson, Bertrand Webster, from the Christie Residential School. No boy of this name is shown on the June Quarter Return from this School, but possibly Bertrand Williams is one and the same person.

Indian Agent Webster is being written today to consult you in this matter. I would appreciate if you would have all information available when Mr. Ashbridge speaks to you.

Yours truly,

Philip Phelan,
Chief, Training Officer.

152-1-10

OTTAWA, September 22, 1937.

Dear Sir:-

Enclosed is a copy of a letter received from Reverend A.W. Macleod, also copies of correspondence which he forwarded with his letter. You will note that C.B. Webster wishes his grandson discharged from the Christie Residential School.

On checking the June return of the Christie School, there is no boy shown as Bertrand Webster, but there is a boy named Bertrand Williams-No. 148. Possibly this is the same boy.

If Bertrand Webster is in the Christie School, you should state whether or not his father is alive and what right the grandfather apparently has to demand his discharge from the school.

You should also consult the Principal of the Christie School with regard to this boy and ascertain whether or not he has any objection to the discharge being granted. The Principal is being advised that you will speak to him about this boy in order that we may have all information available for you.

Yours truly,

Philip Phelan,
Chief, Training Division.

OTTAWA, September 22, 1937.

Reverend Sir:-

The Department is in receipt of your letter of the 31st ultimo with reference to the complaint that you have received from Charles B. Webster in connection with his son, whom he states is a pupil of the Christie Residential School.

Indian Agent Ashbridge is being requested to investigate Webster's complaint and, on receipt of his report, you will be further advised.

The correspondence which you enclosed is returned.

Yours truly,

Philip Phelan,
Chief, Training Division.

UNITED STATES

DEPARTMENT OF THE INTERIOR

OFFICE OF INDIAN AFFAIRS

[illegible]

Tahsish Indian Agency
Esquiam, Washington.

October 12, 1936.

Mrs. Charles Webster,
Ucuelet P.O.,
West Coast, B.C.

Dear Sir:

There is enclosed Check No. 13,001 payable to your order in the amount of $[illegible] which closes the account of Bertrand Webster on the books of this office, and is to be used for his benefit.

The first check in the amount of $18.22 represented 10% of the estimated value of the timber, and this check represents 15% of the estimated value. It was paid in about a year ago but was not sent as we were not sure it would reach you on account of lack of address.

Very truly yours,

(Sgd) N.O. Nicholson, Supt.

Indian Affairs. (RG 10, Volume 6441, file 879-10, part 5)

Y

No. 8/371/P

[redacted]

P.O. Box 775,
Victoria, B.C. 24th March, 1922.

Madam:-

I have received your letter of the 15th instant, in which you ask me to send you the money which the Court allowed from the Dominion Trust Company.

In reply I am herewith enclosing you a cheque for $1.82, which has only recently been received. I note your remarks in which you state that you want all the money at once, and have to say that it is impossible for me to do any more than I am doing, and if you are not satisfied you may carry on any further business with the Dominion Trust Company yourself. Being the wife of Charlie Webster, who is not an Indian, the Department does not consider itself responsible to carry on business for you the same as they would for regular Indians, and what I have done already has been done out of kindness to you and, as I have said before, if you are not satisfied the best thing for you to do is to carry on any further business with the Company yourself.

Yours truly,

(Sgd) W.M. Ditchburn.
Chief Inspector of Indian Agencies.

Indian Residential School

Ahousaht, B. C.

November 25th 1937.

Mr.P.B.Ashbridge,
Indian Agent,
PORT ALBERNI, B.C.

Re Rheda Webster.

Dear Sir,

May I enquire as to what decision has been made by the Department in the matter of the above child. She is residing in the Ahousaht Village and will be eight years old on April 13th next.

In view of the fact that the father, Peter Webster, has declared himself before you as being Protestant, and that, while it is his wife's desire that the children should be entered in a Catholic school, it is the father's own desire that they should be educated in a Protestant school, I cannot see where there should be any great difficulty in determining the case.

There are increasing number of marriages between Catholics and Protestants on the Coast, and in every case where a male Protestant has married a female Catholic, a promise has been extracted from the wife that the children shall be sent to a Catholic school. I have made no attempt to confuse the situation as designated by Section 10 of the Indian Act, and I have refused application for entrance of children to this school where the father of the applicant has been Catholic, but it is obviously important to the continuance of Protestant pupilage on the West Coast, that a definite decision should be made in a case, such as the one now in question, where the Father is definitely Protestant.

I shpald be glad to have this matter cleared up.

Yours sincerely,

A. E. Caldwell

Principal.

December 17, 1937.

Dear Sir:-

I desire to acknowledge receipt of your letter of November 29th and previous correspondence regarding Rhoda Webster.

This girl should remain with her parents until July next. At that time you should write the Department, giving full particulars regarding the religion her father is recognized as professing at that time. A decision will then be made regarding the religious auspices under which she should be educated during the academic year 1938-39.

Yours very truly,

T.R.L. MacInnes,
Secretary.

Mr. P. B. Ashbridge,
Indian Agent,
Port Alberni, B.C.

RE: JOHN, Jimmy #2-20549
Seven Children
W Oregon & East Marginal Way
Seattle, Washington.

My dear Mr. Ashbridge:

When we called at the Jimmy John home on Monday, January 31st to make arrangements for the children to leave for Victoria, it was found that Mr. John had just secured employment with the D. W. Thomas Wholesale Jeweler. Due to Mr. John's inability in the past to cooperate with his employers for any length of time, it was felt that the children should be sent to the Christie Indian Reservation School in spite of the change in the financial situation.

However, Mr. D. W. Thomas came to our office with Mr. John and personally guaranteed that he would pay rent for the family and also give Mr. John a salary of $45.00 per week for a period of a year. Since the curio business is a seasonal one and it is quite possible that the company may not be able to continue business after June or Mr. John may not be able to produce the necessary work, we do not feel entirely satisfied regarding Mr. John's future independence.

In view of the above, do you feel that we are justified in allowing the children to remain with their parents? If so, would it be possible to return them to the Reservation later, in case the family had to again seek assistance from the King County Welfare Department?

Would you please notify us regarding this, and upon receipt of your reply, we will return the draft at once.

Yours very truly.

Re Jimmy John #T-10349.

Dear Sir:

In reply to your letter of February 2, 1938, I would refer you to my letter of February 1st and request please that you send the five children, Matthew, Walter, Leslie, Norman and Edna, on the C.P.R. boat leaving Seattle February 10th, routed via E. & N. Railway to Port Alberni.

Re Jimmy John, he has forfeited his rights under the Indian Act and I can do nothing for him without consent of the Superintendent General at Ottawa. The children, however, are truant from School and it wouldrelieve the burden by sending them. Should they remain another year their rights will also be forfeited, and I would then be unable to act for them.

Please wire me collect if I can expect them on boat of February 10th. With many thanks for your kind interest.

Yours very truly,

P. B. Ashbridge,
Indian Agent.

Port Alberni, B. C.

Dear Mr. Ashbridge:

Recently I employed Willie Johns on a yearly basis to carve for me and just a few days ago I learned that the welfare department of this city had been negotiating with you and that all arrangements had been made to return the five older children to be put in school on Vancouver Island. This action was of course the result of the families need for welfare assistance and to the rather deplorable conditions under which they were living. Without knowing anything about all this my immediate thought was to move the family into better quarters. This I have done. The children are in school getting along nicely and I can guarantee that the father's employment will be steady. Under these circumstances the welfare department said they would recommend to you that we keep the family together. Mr. Johns is teaching his boys the art of carving and they are making splendid progress. They are of course not working for me but merely practicing at home and are also getting considerable help in designing and coloring at school. Of course no one can tell what the future holds and my only concern is that should all these bright prospects fall through that there will be in such an event the same opportunity for the children to be put in your school up there. My opinion is that the only thing that would bring such a situation would be the death or incapacity of the father. I should be glad to hear from you in regard to the above.

I am very much interested in developing Indian art craft and I am told that the very best baskets in the Northwest are made by your Vancouver Island Indians. Any information that you may be able to give me regarding sources will be very much appreciated.

I have often thought of making a trip up the west coast of Vancouver Island and hope to be able to do so this coming summer in which case I shall make it a point to call on you.

DWT/GT

Very sincerely yours,

Dell W Thomas

CONFIDENTIAL
Re: JOHN, Jimmie
Cecelia
Matthew 13
Walter 11
Leslie 10
Norman 7
Edna 6
Stella 3

Dear Mr. Ashbridge:

Referring to previous correspondence, we wish to advise you, that Mr. Jimmie John, Indian, has again returned to Seattle and applied for assistance. He is living with the entire family in the same shack which he had in 1936. The children have all been ill from a diet of fish heads, and one of the boys was in King County Hospital for a short time. The eight members of the family are sleeping in two small bunks.

Mr. John stated that a change had been made on the reservation which prevented the family from remaining. It was impossible to determine just what he meant, although he mentioned something about land being sold.

The four boys have been enrolled in a public grade school where they are all in the Adjustment Class.

Would it be possible for the family to return to Port Alberni? There seems to be no means by which Mr. John can support his family, here. They are living in almost unbelievable squalor, and it seems that the children at least should be removed.

Please inform us whether the family may be returned to the reservation, and if so are you able to meet the expense of transportation.

Yours very truly,
KING COUNTY WELFARE DEPT.

Miss Pearl E. Green,
Asst. Supervisor, Zone #12,
King County Welfare Dept.,
3004 Alaska St.,
Seattle, Washington.

Dear Madam:

I beg to thank you for your communication of recent date in connection with Jimmy John and family.

I am making arrangements for these children to be admitted to Christie Indian Residential School and have written to the Reverend Principal to send the money for the fare of five of them from Seattle to Port Alberni direct to you. On receipt of same would you kindly wire me the date these children will leave Seattle in order that I can make arrangements to have them met on their arrival at Victoria.

With respect to Jimmy John and wife, he has forfeited all his rights under the Indian Act of Canada due to his residence in a foreign country over a period of years without permission.

I will, however, take this matter up and advise you further.

Thanking you for your kind interest in this matter.

Yours very truly,

P. B. Ashbridge,
Indian Agent.

Re: Children, Jimmy John.

Dear Sir:

I wish to thank you for your wire re the above and the interest you have taken in this unfortunate family.

I understand that the Principal of Christie Residential School forwarded the money to cover the fare of five children from Seattle to Port Alberni. I would request, please, that you route these children via C.P.R. steamer to Victoria, and E. & N. Railway from Victoria to Port Alberni, leaving Seattle on February 10th.

This will enable me to arrange their care and transportation from Port Alberni to the School.

Thanking you for your courtesy,

Sincerely yours,

P. B. Ashbridge,
Indian Agent.

Ottawa,
March 16, 1938.

Dear Sir:

With reference to your letter of the 8th instant I regret that it is not possible to increase the allowance for transportation of pupils to and from the Ahousaht and Christie Residential Schools to the extent requested in your letter.

In the case of the Christie School the Department will allow an amount of $150.00 and in the case of the Ahousaht School an amount of $85.00 will be allowed.

Yours truly,

Philip Phelan,
Chief, Training Division.

P. B. Ashbridge, Esq.,
Indian Agent,
Port Alberni, B. C.

2716/38-D.

West Coast Agency,
Port Alberni, B.C.,
March 8, 1938.

Sir:

I have the honour to request authority for the following items:

Transportation School Pupils. Annual Vacation.

Christie Indian Residential School	$ 175.00
Ahousaht Indian Residential School	$ ~~105.00~~ 55

These amounts are in excess of last year's requirements owing to increased pupilage and estimated accordingly.

Costs for 1937 were as follows:

Christie Indian Residential School	$ 159.00
Ahousaht Indian Residential School	$ 81.40

In addition to these amounts there was some expense incurred by both schools for gasoline used in school launches in transporting pupils to nearby homes.

Your obedient servant,

P. B. Ashbridge,
Indian Agent.

PBA/AM.

Ottawa,
March 14, 1938.

Reverend Sir:

With reference to your letter of the 16th instant I may say that the following letter was sent to Indian Agent Ashbridge on December 17, 1937:

"I desire to acknowledge receipt of your letter of November 29th and previous correspondence regarding Rhoda Webster.

"This girl should remain with her parents until July next. At that time you should write the Department, giving full particulars regarding the religion her father is recognized as professing at that time. A decision will then be made regarding the religious auspices under which she should be educated during the academic year 1938-39."

I feel that it would be preferable if the girl would remain with her parents until the date mentioned above at which time another application can be made by the father for her admission to the Christie School.

If, however, the girl is at present in the school she may remain there until the school closes for the annual holidays which I note will be on April 23. At that time it is presumed she will be sent home for holidays and she should not return to the Christie School unless in the meantime official approval has been given for her admission.

Yours truly,

Philip Phelan,
Chief, Training Division.

Rev. Hildebrand Melchior, O.S.B.,
Principal,

Christie Indian Residential School

Kakawis, B.C.

(WEST COAST VANCOUVER ISLAND)

Mar. 16, 1938.

Department of Mines & Resources,
Ottawa, Canada.

Relative to : Rhoda Webster.

Dear Sirs :

About a month ago Mr. & Mrs. Peter Webster visited the School and asked if they could leave their child with us for a few days, as their little girl wanted to be here.

Since then I met Mr. Webster again at Ahousaht, and he was very impatient about the daley in permitting him to send his child to Christie School. I told Mr. Webster to write again to the Department.

I feel positive that you would make no mistake in deciding that this child should be sent to Christie School at once. I would like to have her here for at least a month before School lets out so that, under special care, she might make up for much of the time she has already lost. We are asking that School might be dismissed on April 23.

Yours sincerely,

Father Hildebrand O.S.B.

Ottawa,
October 29, 1940.

Dear Sir:

With reference to the September quarter return of the Christie Residential School you may inform the Principal that the admission of Larry Gordon Jack is approved.

The discharge of pupils numbered as follows is also approved:

No. 188	No. 0200
" 209	" 0203
" 0192	" 0233
" 0196	" 0234
" 0197	

The name of Janet Webster, No. 0217, was shown on the June quarter return but does not appear on the September quarter return although no application has been received for her discharge. Please advise regarding this girl.

Yours truly,

Philip Phelan,
Chief, Training Division.

Ottawa,
February 15, 1938.

Dear Sir:

I am in receipt of your letter of the 9th instant enclosing correspondence with reference to the children of Jimmy John.

It is noted that these children are now residing in the United States with their father and it is not considered necessary for you to take any further action regarding them.

If at any time they return to Canada the matter should be brought to the Department's attention and a decision will then be made regarding what action should be taken.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

2627/38/D.

OFFICE OF
INDIAN AGENT

West Coast Agency,
Port Alberni, B.C.,
February 9, 1938.

Sir:

I have the honour to request the advice of the Department in the matter of truant children of this Agency, and to enclose herewith correspondence relating to same.

Jimmy John, age 48, of the Moachaht Band, is a first class wood carver, and according to available records here went to Seattle, U.S.A., and has remained there continuously since 1933.

Four of his children were pupils at the Christie Residential School, and last year I had much difficulty in having them returned to school. Jimmy John has again kept his children at Seattle and refuses to send them back, having obtained work there and presumably a home for his family, being assisted in this by a Mr. Dell W. Thomas, whose letter I attach.

The Welfare Department of Seattle has given me every assistance in this matter, but apparently Jimmy John is evading them, although he periodically applies to them for assistance.

In view of this, I would respectfully request information and advice as to the status of this man, and the advisability of returning the children to Canada.

I feel I should advise the Department that the prospects of gainful employment for Jimmy John in Canada are negligible and he and his family, if re-admitted, would automatically become a charge against the Department.

Your obedient servant,

P. B. Ashbridge,
Indian Agent.

PBA/AM.

RECEIVED

Sir:

I have the honour to refer to your letter of October 1st, 1937, regarding the application for admission of Hilda Webster, ... Creek, and to request that the question of the admission of the child to the ... School should be submitted.

In an interview with Peter Webster, father of this girl, he states that it was his wish that she be admitted to the ... Residential School, and that he was a Protestant.

Unfortunately, due to his wife being Catholic, some friction has occurred between the principals of the two homes, but both principals and also the parents, are willing to abide by the decision of the Department, which is respectfully requested.

A sealed ... application ... made by Peter Webster on behalf of ..., Ida.

Your obedient servant,

[signature]

... Agent.

March 21st. 1934.

I, Peter Webster, of the Village of Alberni, British Columbia, hereby state, in the matter of the attendance of my daughter, Rhoda, at residential schools-

1. That I adhere to the Protestant religion, being a member of the United Church of Canada.

2. That it is my wish to have my children brought up in the Protestant faith.

3. That I have so informed the Indian Agent, Mr. Ashbridge, on at least two occasions, at formal enquiries for the information of the Indian Department in the matter.

4. That my wife belongs to the Catholic faith, and wishes the children brought up in that faith.

5. That I have left the Department to make a definite decision in the matter of the attendance of my daughter, Rhoda, at residential school, in order that my wife will be satisfied that no family discord.

6. That I was persuaded by my wife to enter the child in the Catholic school, after I had assented to leave the matter of her school attendance to the decision of the Indian Department.

7. That the girl, Rhoda, is eight years old, and it is my desire to have her admitted to the Protestant school at Ucluelet immediately, as we find it difficult under the present difficult circumstances, to support her at home.

8. That I know that the department has reserved decision until July 1st of this year. But, if enquiry is made within that time, I can only repeat the information I have given the Indian Agent [illegible]

PLEASE QUOTE
FILE 3068/38/D.

West Coast Agency,
Port Alberni, B.C.,
July 10, 1940.

Indian Agency
Port Alberni, B.C.

Dear Sir:

[redacted]

[redacted]

[redacted]

151-5-10

CANADA

INDIAN AGENT

3255/38/D.

West Coast Agency,
Port Alberni, B.C.,
September 6, 1938.

Sir:

I have the honour, at the request of the Reverend Principal of Christie Residential School, to apply for discharge of the following pupils:

No.	193	Paul Lucas	Age Limit
No.	205	Edward Joe	Undesirable
No.	215	Walter Michael	Medically Unfit
"	233	Matthew John	Living in U. S. A.
"	234	Walter John	" " "
"	235	Leslie John	" " "
"	246	Norman John	" " "
No.	0198	Sophie Ambrose	Age Limit
"	0211	Veronica Ambrose	Tubercular
"	0221	Agnes August	Medically Unfit

I am also requested to apply for permission to retain for another year, No. 170, Tim Adolph, who is over age, and quote Reverend G. Forbes' letter as follows:

"Father Hildebrand strongly urged that I ask permission to keep #170, Tim Adolph who is over-age. He believed that, as the boy is not strong and is made to work too hard at home, his being discharged might mean another sick Indian for whom relief and medical care will be needed. He told me that the boy's health is quite good so long as he remains in school. Another reason that Father H. gave is that the boy is very trustworthy, sets an excellent example to the other boys and exerts a good influence over them. The other members of the staff agree with Father H's opinion. As we have so few older boys, this boy might be of great use to us in case there were a fire. I have met him a few times and believe that he is quite cool-headed."

Your obedient servant,

P. B. Ashbridge,
Indian Agent.

Ottawa,
August 24, 1938.

Dear Sir:

With reference to your letter of the 6th instant the admission of the following children to the Christie Residential School is approved:

Henry Smith
Andrew Henry Jones
Mary Williams
Martha Smith
Josephine Smith

In view of the medical report regarding Kathleen Charlie it is considered inadvisable to place her in the Christie School.

At the St. Mary's Mission Indian Residential School, Mission, B. C., the Department has a preventorium where children with insipient tuberculosis receive treatment for part of the day and the balance of the time attend the regular classes. Would there be any objection on the part of the parents to sending Kathleen to this school. Please let me have your reply as soon as possible in order that arrangements can be made for placing her in St. Mary's Mission provided the parents consent.

Yours truly,

H. B. Ashbridge, Esq.,
Indian Agent,
Fort Alberni, B. C.

Philip Phelan,
Chief, Training Division.

RECORDS

West Coast Agency,
Port Alberni, B.C.,
August 8, 1938.

Sir:

I have the honour to enclose herewith Applications for Admission to the Christie Indian Residential school for the following children:

Henry Smith	Age	7	Nuchatlitz Band.
Andrew Henry Jones	"	7	Kyuquot "
Kathleen Charlie	"	8	Clayoquot Band.
Mary Williams	"	5	Moachaht Band.
Martha Smith	"	7	Nuchatlitz Band.
Josephine Smith	"	9	" "

With regard to Kathleen Charlie, her medical history is not good, and I should appreciate the Department's advice as to advisability of keeping her in school.

Mary Williams is under age but I would respectfully recommend her admission as the parents are unable to properly care for her.

Your obedient servant,

P. B. Ashbridge,

Dear Sir:

With reference to the June Quarter Return of the Christie Residential School, please inform the principal that the admission of the following children is approved: Justina Dick, Barnabas Howard, Columba Charleson, and Gertrude Amos.

You may also inform him that the Department approves the discharge of the following pupils:

177 Thomas Mark
183 George Amos
185 Henry Jack
0176 Elizabeth Thomas
0186 Agatha Jones

I also desire you to refer to official letter of April 21. The application forms requested in that letter have not yet been received, and I would appreciate if you would forward them at the earliest possible date.

Yours very truly,

Philip Phelan

Sir:

I have the honour to forward herewith application for admission of Charlie Chipps to the Christie Indian Residential School.

Owing to this boy's father being reported to be dead, and the difficulty of tracing his mother, who has signed the application, this application has been delayed.

The boy has been some time at the school, and the Principal wishes to retain him there. This is also the wish of Mr. H. Graham, Agent of Cowichan Agency, with whom I have corresponded in the matter.

It is therefore respectfully recommended that the application be approved.

Your obedient servant,

P. B. Ashbridge,

Ottawa,
January 11, 1939.

Right Reverend Sir:

I am in receipt of your letter of December 30 with reference to placing Robert Martin in the Christie Indian residential school.

On November 30, 1938, an application was received from Indian Agent Ashbridge for the admission of this boy to the Christie school and in forwarding the application the Agent commented as follows:

"With regard to Robert Martin, this boy has been for the past seven years a pupil at Ahousaht School. For some reason he was baptized by the United Church minister and entered at Ahousaht, whereas his parents are both Catholic, and who at this late date now wish to have him transferred.

"When at Ahousaht recently, I spoke to Mr. Caldwell, the Principal, and he has no objection to this transfer.

"I would respectfully recommend that this application be approved."

In official letter of December 7, 1938, Indian Agent Ashbridge was informed that the admission of Robert Martin to the Christie residential school was approved. If the boy has not been placed in that school before this time no doubt the Agent will arrange to do so in the near future.

Yours very truly,

Director.

Rt. Rev. J. C. Cody,

BISHOP'S HOUSE
940 VIEW STREET
VICTORIA, B C.

Dec., 30th 193 8.

Deputy Superintendent General,
Department of Indian Affairs,
Ottawa,
Ont.,

Dear Sir :-

This is to find out why the Indian boy ROBERT MARTIN of Catholic parents who desire him to attend Kakawis Indian Residential School is by a recent ruling of the department not permitted to go there despite the fact that under the Indian Act he is too young to be discharged from school ? There is no question of his being needed by the father as his brother Simon is already at the father's disposal.

Please note however that this letter is not written in any contentious spirit. I know full well the department is beset with many intricate difficulties that no laws however wise could entirely solve but the various methods of bribing Catholic Indian parents to take out affidavits that their children are not Catholics etc., etc., call for serious attention. This is a case typical of several others and apparently the department simply rules that nothing be done instead of ruling that the child be sent where he should have been sent several years ago. I have all the documents in this case but I am not sending them on immediately because I still desire to spare you any avoidable embarrassment. Is there some hidden factor in this particular case?

Wishing you a very happy new year I remain

Sincerely Yours
+ John C. Cody Bishop of Victoria

FORM 45J

Ottawa,
July 6th., 1939.

Dear Sir:

With reference to your letter of the 28th. ultimo, the Department will allow the following amounts for travelling expenses to and from Indian Schools in your agency:

Christie School	$150.00
Ahousaht School	$130.00

As far as possible arrangements should be made with individual parents for the transportation to and from the school of their children, in order to save expenses to the department and school management. Children whose home conditions are unsatisfactory should be retained at the Residential School during the holiday period.

Yours truly,

Philip Phelan,
Chief, Training Division.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

3953/39/D.

OFFICE OF
INDIAN AGENT

West Coast Agency,
Port Alberni, B.C.,
April 20, 1939.

Department of Indian Affairs
APR 25

Sir:

I have the honour to submit for the Department's approval a request of the Reverend Principal of Christie Residential School to retain for a further year the following pupils, and to quote his observations on each pupil, as follows:

188-Frank Charlie. "This boy has studied hard even in his free time and wishes to take up grade IX work. Inspector Barry examined him and wrote a letter to the Inspector of High Schools strongly urging that this pupil be granted Entrance standing. I would add that this boy had a rather bad name during the preceding year but that he has shown great improvement since I came. Father Tunner says that he is an entirely different boy. If we can bring good influence to bear on him for another year, there is a great chance that he will be a better man on the reserve than he would be without this special care."

264-Charlie Chipps. "This boy is dull and has had very little schooling. Another year would be of benefit to him."

0194-Maggie Marshall-"The girl, her parents and I request that she remain here for another year. She is not a bad girl but she appears to be attractive and I believe that it would be dangerous to discharge her. I strongly recommend that she be permitted to stay.

0195-Ida Swan. "I have not asked the girl but her father and I request that she be allowed to remain here for a year. She has no mother and her father is said to be a heavy drinker and unable to look after her. She is not a bad girl but, with no home-protection, she would be a worry to me if she returned at once."

I would respectfully recommend that the request be approved.

Your obedient servant,

J. H. Gooding,
Indian Agent.

153-2-10

Ottawa,
February 16, 1939.

Reverend Sir:

I have your letter of the 5th instant with reference to Bob Martin.

In regard to this boy I may say that on November 30, 1938, Indian Agent Ashbridge forwarded to the Department an application for his admission to the Christie residential school. In regard to the application the Agent wrote as follows:

"With regard to Robert Martin, this boy has been for the past seven years a pupil at Ahousaht School. For some reason he was baptized by the United Church minister and entered at Ahousaht, whereas his parents are both Catholic, and who at this late date now wish to have him transferred.

"When at Ahousaht recently, I spoke to Mr. Caldwell, the Principal, and he has no objection to this transfer.

"I would respectfully recommend that this application be approved."

In official letter of December 7, 1938, Indian Agent Ashbridge was informed that the Department approved the admission of Robert Martin to the Christie residential school. In view of the above correspondence the Department was under the impression that the boy had been admitted to the Christie school. I am not exactly certain from the contents of your letter whether or not he is at the school but if he is there is no necessity for any further action as his admission has been officially approved.

Yours truly,

Rev. H. J. Sorensen, O.M.I.,
Christie Indian Residential School,
Kakawis, B. C.

Opitsat Indian Reserve,
Kakawis P.O., B.C.
Jan. 14, 1938.

Rev. G. Forbes O.M.I.,
Principal, Christie Indian School,
Kakawis, B.C.

Reverend and Dear Father:

The following are the reasons why Chief Edward Joseph of this tribe(Clayoquot) wishes to put his young daughter Marjory (or Margaret) into school although she will not have attained the full age acquired for admittance into school until next fall. At present the Chief and his wife are living in a rather small house which is somewhat crowded . They have four children at home, two little girls younger than Marjory, a boy a few years older who is out of school as being T.B. suspect, and an older son who has been discharged from school. There is also a young lad, an orphan, from Kyuquot, who was discharged from school about a year ago, living with them. I understand from the Doctor that this boy has T.B. of the lungs as well as the wife of Chief Edward. Besides this unhealthful atmosphere of the home the reason given me by the mother was that she had to many little ones to take care of them properly and at the same time keep house for the rest of the family. Under these conditions I believe they have good reason to ask for their child to be admitted into school.

Sincerely,

(Rev.) J. Lemaire O.M.I.
Assistant Priest

159-0-10

Ottawa,
February 23, 1940.

Reverend Sir:

A review of the December quarter return of the Christie Indian Residential School shows that pupil No. 188, Francis Charlie, is over the age of 16.

No application for retaining this boy in your school appears to have been received and in this connection I wish to direct your attention to circular letter of July 21, 1939, a copy of which is enclosed.

As pointed out in the circular letter the Department realizes that frequently there are reasons for keeping certain children after they reach the age of 16 but at the same time the consent of the Superintendent General (Minister) must be obtained.

I may add that in the past the Department has been favourably disposed to allowing certain pupils, especially girls, to remain in residential schools after they reach the age of 16 if good reasons for such action are given by the Principal and approved by the Indian Agent. However, in view of the fact that the number of children of school age is apparently increasing and the further consideration that due to the conditions now confronting us there is no immediate prospect of our securing funds to provide increased pupilage at Indian residential schools, it is considered that in future it will be necessary to adhere more strictly to the provision of the Indian Act requiring discharge of pupils at 16 years of age.

Rev. Geo. Forbes, O.M.I.,
Principal,
Christie Indian Residential School,
Kakawis, B. C.

Indian Affairs. (RG 10, Volume 6441, file 879-10, part 5)

I feel you will agree with me that it is not fair to deprive children of education simply because the accommodation that might be available for them in a residential school is being used by those who have had the advantage of residential school training for some years and who have reached the age of 16 years.

Until further advised you should make arrangements for the discharge of pupils when they reach the age of 16 unless there are some very exceptional circumstances and in this event full particulars should be given to the Department and our permission obtained before such pupils reach the age of 16.

With the above in mind I desire to hear from you at the earliest possible date stating the date on which the pupil mentioned in the first part of this letter can be discharged from your school.

Yours truly,

Philip Phelan,
Chief, Training Division.

MAR 14 1940

Sir:

I have the honour to submit a request of the Reverend Principal of Christie Residential School that he be permitted to close the school for the annual holidays as from April 15th, 1940, to June 13th, 1940.

This has been the usual practice at this school, the reason being to keep the young children from the canneries during the fishing season. I would respectfully recommend that this permission be given.

Dear Father Forbes:

I have your letter of the 3rd instant and regret that on writing to you on the 23rd ultimo I overlooked the permission given for the retention of Francis Charlie, No. 188, in the Christie Residential School. Of course, he may remain in the school until the school closes for summer holidays.

With reference to the last paragraph of your letter I agree with you that it is advisable to allow holidays at the Christie School at a special period of the year and consequently approval is granted for the 1940 holidays at the Christie School being from April 15 to June 15.

A copy of this letter is being forwarded to the Indian Agent.

Yours truly,

Philip Phelan,
Chief, Training Division.

#10

Christie Indian Residential School

Kakawis, B. C.

(West Vancouver Island)

June 27th, 1940

Mr Phil p Phelan
Chief, [illegible] Division,
Dept. [illegible] and Resources,
Ottawa, Ont.

Dear Mr Phelan:

Yesterday I sent you a letter and copies of documents by ordinary mail. These deal chiefly with applications for admission to this school of certain Ahousaht children some of whom were in the Ahousaht school although I believe that they should not have been there owing to the fact that they or their parents are Catholics. Since I wrote, Simon Joseph has asked me to accept his two children one of whom was in the Ahousaht school. He (the father) was baptized in the Catholic Church (Opitsaht Register, page 27). You will recall that there was a fight about Rhoda Webster and that it was decided that she attend the Ahousaht and not the Christie School. The father (baptized in the Catholic Church, -School Register page 9) brought the girl here last night and asked to have her admitted to this school. She was baptized as an infant (I point this out to show that she was not baptized while the discussion about her was going on) in the Catholic Church (School Register, page 22). The mother was also baptized in the Catholic Church (Opitsaht Register, page 20).

I have done nothing to induce these people to apply for the admission of any of these children to this school. Would you kindly tell me what to do? For certain material advantages (to have their children in a nearby school, for instance) these people may have declared that they were not Catholics but when I have records to show that they are Catholics and when, of their own accord, they ask me to accept their children, may I do so?

Christie Indian Residential School

Kakawis, B. C.

(West Vancouver Island)

So far, I have not admitted any and do not intend to do so until I have word from you. It is possible that Bishop Cody may call on the Indian Department in connection with this matter. I do not know whether he will or not but I heard that he had gone East and I know that he is interested in this matter.

I do not think that the Ahousaht day school will solve the problem. In the first place, some of these people belong to Kaltsemaut, a reserve which is just a short distance from our School, - a twenty minute run from here, and these people spend the summer months at this reserve but move to Ahousaht for the winter. In summer and in winter these people as well as the Ahousaht people are away from their villages fishing and doing other work so that they cannot look after children attending a day school. It has been suggested that such children, that is these whose parents do not remain at home, could be sent to the Alberni School. But that school has no right to accept Catholic children any more than I have to admit Protestant children.

As I have said, neither the missionaries nor I have invited this trouble. It has naturally arisen and we must face it. I need not add that we shall never try to "convert" Protestants just to be able to get their children to this school.

I worked right up until boat time last night and had not the time to write a long letter to you. That is why I enclosed my copy of a letter to the Indian Agent and ask- that, if possible, you would kindly return the letter and the copy of documents attached.

With kind personal regards,

Yours truly,

G. Fidler Exon

Christie Indian Residential School

Kakawis, B. C.
(West Vancouver Island)

June 26th, 1940

For certain reasons, I must not have any information leaked out to the Indian Agent or Catholic Clergy of this area in Dept. may

Dear Mr Phelan:

I am enclosing copies of letters which I am sending to the Indian Agent so that, when the cases come up, you will know on what grounds I stand. If possible, I would like to have these copies returned at your convenience. I was confidentially told by a certain official to fight cases like these. To avoid unpleasantness some might try to dodge the issue by ordering these children to the "Ahousaht day school. The parents want to send the children here but I do not want to accept them until I have an official ruling from the Department. In the past, the Ahousaht School appears to have convinced the Department that Catholic children were not Catholic children. I, therefore, enclose copies of our baptismal records.

Would you kindly get me a ruling on these cases? As I said to the Indian Agent (who has always shown himself fair), it is not a question of a few more children coming to this school. It is a question of principle; Ahousaht must be shown that Catholic children must be admitted to a Catholic school. I happen to know of other cases but I do not intend to bother the Department with them until they are officially brought to my notice.

While I must keep the Bishop in touch with developments, I do not want to use this angle as any kind of disguised threat. I have to let him know whether or not Catholic children are or are not in a Catholic School.

I sincerely regret that I must give the Department this trouble.

With kind personal regards.

Yours very truly,

J. Alex Fraser

P.S. I have just learned what concerns you in Bay (Hill)

Ohucklis School
Kakawis, B.C.
Aug. 7th, 1940

Dr P.E.Ashbridge,
Indian Agent,
Port Alberni,B.C.

Dear Sir:

Thomas Louie has asked to have his two daughters,who spent some time at the Ahousaht School,admitted to the Christie School.He states that he cannot send them to the day school at Ahousaht as he lives at Sidney Inlet and spends only about two or three months a year at Ahousaht.

As for the religion of the parents and children-

Thomas Louie states that he was baptized by Father Brabant.No conclusive record of his baptism can be found as Father Brabant recorded only the Christian name of those baptized without mentioning the parents' names and giving only the date and place of the baptism.

Mrs Thomas Louie(nee Columba Swan)-Our records show that,when she was three months old,Columba Swan,daughter of Swan Toâtsinimahous and Nemookoka,was baptized by Father Maynen,July 17th,1892.Father Maynen signed the entry.Register,Ahousaht,page 26.

Wilhelmina Mary Louie,born Dec.30th,1930,daughter of Thomas Louie and Columba Swan,was baptized by Father Leo Walsh,Jan.4th,1935.(Register,Opitsaht,page 51).

Columba Swan,born March 31st,1933,daughter of Thomas Louie and Columba Swan was baptized by Father Leo Walsh on Jan.4th,1935. (Register,Opitsaht,page 51).

Father Walsh recorded these two baptisms and signed the entry.

These two girls are sometimes called Ina and Dora.

Yours very truly,

Indian Affairs. (RG 10, Volume 6441, file 879-10, part 5)

Christie Indian Residential School

Kakawis, B. C.
(West Vancouver Island)

August 8th, 1940

Mr. [illegible]
Chief, Pro[illegible]
Ind[illegible] Affairs Branch, Ottawa, Ont.

Dear Mr. [illegible]:

Some time ago, I informed you that certain Indians, who had placed their Catholic children in the Thomasit School, would ask to have them admitted to the Christie School. I am today forwarding two such applications to the Indian Agent and, for your information, I am enclosing the accompanying letter. This letter states that the children and their parents are baptised as Catholics. I have only the Father's word that he was baptised by Father Brabant.

Others have applied. Should I admit them, providing that I have the baptismal records or should I wait until the Department has ruled in each case? I would refer to the latter but some may come from far away and may find it difficult to take the children back and then bring them here again after a decision has been given.

Yours very truly,

G. Dobbs Oblate

MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE 5505/40/D.

West Coast Agency,
Port Alberni, B.C.,
August 13, 1940.

Sir:

I have the honour to forward applications for admission to Christie Residential School for the following:

Ina Columba Louie, Age 7, Ahousaht Band.
Philomena Louie, " 9, " "

It will be noted that these children were formerly pupils at the Ahousaht Residential School and apparently were admitted upon the assertion of the father that they were Protestant, as the applications were written by Mr. Caldwell, the late Principal of that School.

I have interviewed this man and he assures me that both he and his wife are Catholic. In support of this, I enclose also a letter received from Rev. G. Forbes, the Reverend Principal of Christie Residential School, showing baptismal records of the family.

I would respectfully recommend that these applications be approved.

Your obedient servant,

P. B. Ashbridge,
Indian Agent.

PBA/AM

The Secretary,

Aug.7th,1940

Dr P.B.Ashbridge,
Indian Agent,
Port Alberni,B.C.

Dear Sir:

Thomas Louie has asked to have his two daughters,who spent some time at the Ahousaht School,admitted to the Christie School.He states that he cannot send them to the day school at Ahousaht as he lives at Sidney Inlet and spends only about two or three months a year at Ahousaht..

As for the religion of the parents and children-

Thomas Louie states that he was baptized by Father Brabant.No conclusive record of his baptism can be found as Father Brabant recorded only the Christian name of those baptized without mentioning the parents' names and giving only the date and place of the baptism.

Mrs Thomas Louie(nee Columba Swan)-Our records show that,when she was three months old,Columba Swan,daughter of Swan Youtainmus and Hamakkwa, was baptized by Father Hegman,July 17th,1913.Father Hegman signed the entry.Register,Tsousat,page 26.

Wilhelmina Mary Louie,born Dec.20th,1930,daughter of Thomas Louie and Columba Swan,was baptized by Father Leo Walsh,Jan.4th,1935.(Register,Opitsaht,page 51).

Columba Swan,born March 31st,1933,daughter of Thomas Louie and Columba Swan was baptized by Father Leo Walsh on Jan.4th,1935. (Register,Opitsaht,page 51).

Father Walsh recorded these two baptisms and signed the entry.

These two girls are sometimes called Ina and Dora.

Yours very truly,

G. F. Pelly O.M.I.

Enclosed please find applications for admission forms duly filled in & Receipted.
G.F.P.

AIR MAIL

Ottawa, August 22, 1940.

Dear Father Forbes:

Your letter of the 26th instant, addressed to Mr. Phelan, has been passed on to me for consideration and reply. Mr. Phelan is at this date absent from the office on holidays and is not likely to return until September 3rd.

This morning the officials have undertaken a complete search of the records relating to the enrolment of pupils at the Ahousaht Residential School. There is nothing on file here to indicate that the Paul children, sons of Samuel Paul, were ever at any time legally or illegally enrolled at the Ahousaht Residential School. The only Indian pupil named Paul that has been enrolled at that school at any time in recent years was a girl named Hazel Paul, the daughter of Matthew Arnold Paul. This particular pupil was medically examined at the time of her entrance by Dr. J. C. Robertson.

I shall be glad to discuss the claims of the Paul children for admission to the Christie Residential School with Mr. Phelan immediately following his return to the office. I regret, however, that in view of a number of epidemics that have recently broken out at residential schools in other sections of the Dominion, I cannot seriously consider the admission and enrolment

of the -

Reverend George Forbes, O.M.I.,
Principal,
Christie Indian Residential School,
K a k a w i s, B. C.

Indian Affairs. (RG 10, Volume 6441, file 879-10, part 5)

PUBLIC ARCHIVES CANADA ARCHIVES PUBLIQUES

www.collectionscanada.gc.ca

of the Paul children until they are medically examined. Indian parents are reasonably familiar with the regulations governing the admission of pupils to our schools and it is in my judgment somewhat regrettable that they do not seek to co-operate more effectively with our Principals and thus avoid a great deal of delay and inconvenience in the enrolment of their pupils.

Yours very truly,

R. A. Hoey,
Supt. of Welfare and Training.

Christie Indian Residential School

Kakawis, B. C.

(West Vancouver Island)

August 23th, 1940

Dear Mr [illegible]:

The boat is leaving and I am going aboard at 4'no. Thank you for your letter which came on Aug. 23rd. That letter acts as Dept.'s seal of approval (as well as Bishop Cody's) on my policy. Will no illegal cases without the Dept's approval.

Kindly wire collect location on this case. Sam Paul (Catholic, Kakawis Baptismal Reg., page 12), his wife (Catholic, Quitsaht Register, page 3) wish to have their three sons transferred from the Ahousaht Res. School to this School. Two elder boys are Catholics (Kakawis Bapt. Reg., page 44) and youngest has, according to father's statement, never been baptized by anyone. Father took boys to Dr Canter for medical examination but, according to father, the Dr. would not examine them without a note from me. The father could not take my note to the Doctor as he sailed at 5 p.m. and had to be back at his job as night watchman that night. He lives far from here and will not be able to come before Sept. 1st. By that time, there will be no Doctor here. He will not want to take his boys back and as I do not want to admit them. Father has medical application forms and I am sending them to the Indian Agent but without the Dr's examination. If they were fit to be illegally admitted to Ahousaht, they should still be medically fit....."Illegally"! I once asked an official of the Department why Catholic children were admitted to a certain non-Catholic school. His reply was that the R.C. missionaries had been asleep. That was unofficial but it was a fact. - If I am wrong, wire me. What I intend to do is this: I - Try to have the father take the boys back until I hear from you (which he won't do), 2 - accept the boys only on request.

I am [illegible] asked a question: again I ask, how far is the Department prepared to go in backing me up should anyone threaten Catholic parents who wish to send their children here?

Yours very truly, G. Tobin Evans

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

5579/40/D.

West Coast Agency,
Port Alberni, B.C.,
August 30, 1940.

Sir:

I have the honour to submit applications for admission to the Christie Residential School for:

Stanley Sam, Ahousaht Band, Age 12.
Sidney Sam " " " 7.
Dickson Sam, " " " 11.

It will be noted that these boys were formerly pupils at the Ahousaht Residential School, and reference to the applications made at that time show them to have been made out by Mr. Caldwell, the late Principal of that School, and the religion stated as United Church of Canada.

This may have been done to suit the convenience of the father, who was resident at Ahousaht, as the Reverend Principal of Christie School upon search of the register discloses the following:

Father, Paul Sam - baptised Catholic. Kakawis register.
Mother, Alice Curley - " " Opitsat register.
Stanley Sam - baptised Catholic. Kakawis register.
Dickson Sam - " " " "
Sidney Sam - Not Baptised.

The father is an able-bodied man and well able to support his family and send the children to a day school, but as there is no Catholic day school, I would respectfully recommend their admission to Christie Residential School.

Owing to the resignation of the Doctor, it is not possible to have these children examined until another Doctor is appointed as there is no other Doctor within 80 miles. This, however, will be done quickly as possible, and I am informed by the Reverend Principal that he has already communicated with the Department on this subject.

Your obedient servant,

P. B. Ashbridge,
Indian Agent.

Re Kate Johnson:

The girl was brought here by her grandmother without any (or D. Sheahan's) having been notified - She is under school age but I request that she be admitted as the Doctor's report states that she is undernourished -

Kakawis, B. C.
(West Vancouver Island)

Sept 1t..,1.40

Your File: 152-2-10

No action
per letter

Dear Mr. [illegible]

[illegible] your letter of August 29th which was just [illegible]me. The difficulty, [illegible] find the name of Paul Tom's children on the Ahousaht School [illegible] because the children on the West Coast take their father's second name and not [illegible] their family name. In the Carriboo, Jeannie Jim's children would be Frank Jeannie, Mary Jeannie, etc. Here, they will be Frank Jim, etc. The father's name is Paul Tom (and not Samuel Paul, as in your letter) and his children are Fiona Tom, Stanley Tom and Diana Tom.

In addition to the Indian Agent, I have a letter [illegible] that I do not allow the Protestant authorities [illegible] Catholic children. In order to keep their children from [illegible] Catholic parents appear to have believed that they were not Catholic and their child was [illegible]. For this, some non-Catholics would prefer to send their children here rather than to [illegible] Alberni and would be quite willing, unless I [illegible], to declare that they are Catholics. In all these cases, I check up on the parents' statements before enrolling [illegible] them. Our Baptismal Registers show who is and who is not a Catholic. Thus, I find that Paul Tom, his [illegible] and the other [illegible] are Catholics. The present [illegible] a Catholic. The father declares that the boy is not [illegible].

The Indians and we are greatly [illegible] by the [illegible] in the [illegible] unity. New-comers cannot be exp[illegible].

Yours very truly,
G. Jackson M

OFFICE OF
INDIAN AGENT

West Coast Agency,
Port Alberni, B.C.,
November 18, 1940.

2.

The Ahousaht register shows also record of baptism in some cases, and this makes it very difficult to decide, although I understand that priority should determine.

It may be advisable for representatives of each Church and the Department to conduct an investigation to determine the religion of all families in question, as it would seem that the Ahousaht School cannot survive, there being only nine pupils in attendance at my last inspection.

It will be noted that medical certificates are not completed. This is due to there being no available Doctor in this district until one is appointed vice Dr. Robertson, resigned.

Your obedient servant,

P. B. Ashbridge,
Indian Agent.

P.A./A.F.

DEPARTMENT OF INDIAN AFFAIRS
BANDON

3827/40/D.

OFFICE OF
INDIAN AGENT

West Coast Agency,
Port Alberni, B.C.,
November 18, 1940.

Sir:

I have the honour to forward applications for admission to Christie Residential School of the following:

	Band.	Age.
Sadie Jack	Keltsomaht	12.
Larry Jack	Keltsomaht	11.
Frances David	Clayoquot	8.
Rose Joseph	Keltsomaht	7.
Bessie Joseph	Keltsomaht	9.
Lena Titian	Ahousaht	11.

It will be noted that Lena Titian, Bessie Joseph and Rose Joseph were pupils at the Ahousaht school, and I quote from the letter of the Rev. Principal explanations as to the reason for these applications:

"Bessie and Rose Joseph. Their father declares that he is a Catholic and the reference given me is Opitsaht Baptismal Register, page 27. I have looked this up and have found: Simon(sic), born at Keltsemaht, in Sept.1907, son of Jimmie and Katie, baptized on Feb.24th,1915 by Father J[illegible] Schindler. Sponsors, Willie Joseph and Annie. I cannot recall which of the Missionaries assured me that this is Simon Joseph. The Keltsemaht children tell me that Simon's mother was Katie but they do not know his father's name.

Lena Titian. I have no reason to believe that her mother, who is dead, was a Catholic but her step-father (Tommy Marshall's daughter, Josephine) is a Catholic, as you know, and so is her father. His baptism by Father Brabner is recorded on page 54 of the Opitsaht Register(baptismal).(That refers to Joe Titian). However, I find that Joe Titian was married by a Catholic Priest, Father Berger, in 1[illegible] prior to his baptism by Father Brabner. That indicates that either his former wife or Joe Titian was a Catholic in [illegible]. If his wife was not a Catholic, he was."

I feel that the Department should be advised that since the [illegible] of the Residential school at Ahousaht, most of the Indians living [illegible] have discovered that they are Catholics. This is borne out in a number of cases by the baptismal register and the history of the Coast shows that the Catholic Church originally established all the missions on the Coast. With the institution of a Protestant School at Ahousaht much later, it can only be presumed that the Indians found it convenient to send their children to Ahousaht School, and made false statements as to their religion.

Kartmle Cannery, Kyuquot, B.C.
Jan. 20th, '41

C. Forbes,
Dear Sir:

Received your letter and application forms and stating that my wife with her father were there wishing to send Rhoda and Basil to that school. Yes, they had the right to call on you because I have been talking about sending my children there but I don't even get a chance to get in touch with you. Always on fishing grounds.

My children won't get no education if they attend to day-school because I'm away from home most of the time. Can't always stay home just to have my children attending day-school. So I want them to get well educated because I know how it is when you haven't much education it don't matter much to me about religion because you two churches are praying to the same God. We got Rhoda to Ahousaht School because Mr Caldwell thought we Indians were just like White people. Did not want to see my children separated to each other that's Rhoda being in Christie School and Basil in Ahousat school.

We Indians always get back together even whatever we each one are. Rhoda and Basil would have been sister and brother just the same if Rhoda stayed in Christie School.

I know there'll be quite a time before this is settled. I sure will see you when I come down home. I'll be home on 14th of February from Vancouver.

Of course I'm to sign the forms you send up very kind of you to do that. See you later and good bye. Yours Peter Webster.

Excerpts from Baptismal Registers kept at the Christie School-

1-On the 7th day of September, 1913, I baptized Peter, born Sept., 1907, son of Big William and Bessie, from Kaltsesaht. Witnesses were Marvey and Cecilia...Sgd. (Rev.) Joseph Schindler, O.S.B.

N.B. It is a matter of common knowledge that "Big William", as he is still called, is William Webster, father of Peter Webster.

2-On the 9th Jan., 1910, I baptized Jessie, born July 11th, 1909, daughter of Tom and Maggie from Kaltsesaht. Witness, Mrs George Sye. Sgd. (Rev.) Charles Moser, O.S.B.

3-On the 3rd day of August, 1930, I baptized Rhoda Charity Mary, born April 12th, (no year given; the mother states it was 1930), daughter of Peter Webster and Jessie Tom. Witness, Josephine Marshall. Signed (Rev.) Victor Rassier.

Re Basil, son of Peter Webster and Jessie Tom,-I am sure that he was not baptized in the Catholic Church and believe that he was baptised as a member of the United Church.

(Rev.) C. Forbes, O.M.I.

Kakawis, B.C.

Dr. P.E. Ashbridge,
Indian Agent,
Port Alberni, B.C.

Dear Sir:

Thank you for your recent letter and also for the paint, lumber, etc which came on the 23rd. In reply to your question, I beg to state that the wood which the Department found so expensive was for use in the manual training shop. We can very easily do without it.

A few days ago, Mrs Peter Webster called and stated that she and Peter wished to have their children, Rhoda and Basil, admitted to this school. I pointed out that I could not accept these pupils not only because they had attended the Ahousaht School but because, I have been told, the father made an affidavit to the effect that he is or was a Protestant. However, I agreed to write to the father, to send him application forms and again to submit the case to Ottawa.

Enclosed, please find excerpts from our Baptismal Registers. These show that Peter Webster, Jessie Tom and their child, Rhoda, were all baptized as Catholics. There is no record of Basil's baptism. He was almost certainly baptized as a member of the United Church. The Ahousaht records will show whether my assumption is right or wrong.

The mother, Jessie Tom, is and has always been a Catholic. The father, Peter, was baptized as a Catholic but I am told that he attended the Ahousaht School. Moreover, when his daughter's case was studied, two or three years ago, I am told that he made an affidavit stating that he was a Protestant. What are the facts and what is the value of that affidavit is what we have to find out. In my letter to Peter (of which I gave you a copy), I asked him to tell me whether he had become a Protestant. He did not reply to this question. I asked him why, since he, his wife and daughter had been baptized as Catholics, he had let the daughter attend the Ahousaht School. At first sight, his answer seems untruthful: Basil was too young to be in school at the time. His meaning, however, seems to be that he did not want his children in different schools and that Mr Caldwell, whom he names, evidently told him that Basil, being a Protestant, would attend the Ahousaht school. He was quite truthful when he wrote; "it don't matter much to me about religion". While I am certain that Mr Caldwell felt that Peter was telling the truth when he made the affidavit, it seems to me that the man's religious affiliations are motivated by his desire to have his children educated. He was baptized as a Catholic and, for all I know, he may have been baptized again as a member of the United Church. Naturally, if he was baptized a second time, no mention of the first baptism would likely have been made. Then, again, if he were a Protestant, why did he have his daughter come here in the first place before she was transferred to Ahousaht? His letter seems to indicate that he allowed steps to be taken or took steps to have Rhoda transferred to the Ahousaht School so that, when her brother was of age to go to school, the [illegible] in the same school. From Peter's letter, it seems to look as if Mr Caldwell suggested it. If he did, I can find nothing wrong in his action. Was not Peter brought up in the Ahousaht school? Did he not (I presume he did) attend Protestant services? Did he ever said anything to let Mr Caldwell even suspect that he had even been baptized [illegible] and he not had or at least promised to have a younger child baptized by Mr [illegible] action, if he took any, seems to me to have been without blame. Moreover, before [illegible] transferred from here to Ahousaht, Mr Caldwell prudently insisted on getting [illegible] stating that Peter was a Protestant. What was the value of such an affidavit? [illegible] may sincerely have become a Protestant, it seems to me that his motives may [illegible] education of his children.... About two years ago, Peter called here to see his [illegible] of our pupils) and, out of a blue sky, remarked that Rhoda should be here also. [illegible] Government had decided otherwise. Would you please submit the case to Ottawa and [illegible] know how they will decide it. The Department does not wish to see families divided. However, Rhoda is a Catholic and should be here. On the other hand, I fully believe [illegible] brother is not a Catholic and should not be here.... unless it can honestly be said that the father is a Catholic and that the children's religion is judged by his. My fr[illegible]

ion is that,although baptized as a Catholic,he was brought up as a Protestant and that he is not interested in religion but only in the education of his children.Shortly before I came here,he appears to have given a very clear sign that he wished to act as a Catholic.A little later,he gave quite as clear a sign to the contrary....His wife asked Father Leo(the letter is still here) to baptize a younger child.Father Leo went to Lousmit to baptize the child but did no baptizing as the father stated that he had promised Mr Caldwell to let him do the baptizing.

There are further details but you know them.What I have said,I have tried to say fairly.

My policy has been not to admit a disputed case until the Department had approved of the admission of the child to this school.A few days ago,I broke this rule.Martin Charlie,about to go fishing,sent his son here with an uncle.At the time,as well as just before and after it,the sea was very rough and the boy's clothes were soaking.Rather than send the boy back and risk another soaking,I let him stay but pointed out to the uncle that I would keep the boy only as a guest until word came from Ottawa.An application form for his admission has already been sent in for Ottawa's consideration. That I did well in keeping him seems to be proved,that the Doctor and two men capsized twice in attempts to reach our motor launch.A traveller and I got off with one wet bath. The Webster children are not here and will not be admitted unless the Dept.approves of their admission.

I am pleased to be able to state that all are well.

Yours very truly,

G.Forbes,O.M.I.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

6345/41/D.

OFFICE OF
INDIAN AGENT

West Coast Agency,
Port Alberni, B.C.,
March 28, 1941.

Sir:

I have the honour to forward application for admission to Christie Residential School for:

Basil Webster, age 8, Ahousaht Band.
Rhoda Webster, " 11, " "

Rhoda Webster was admitted to Ahousaht Residential School on November 28th, 1938 - your file 159-2-10, November 28, 1938; and Basil Webster was admitted to the same school January 26th, 1940, file 159-2-10, January 26, 1940.

Rhoda's admission to Ahousaht was approved after much correspondence re the parents' religion, and since the destruction of the Ahousaht School the father contends that both he and his wife are Catholics, and he now seeks admission for his children to Christie School.

Investigation shows that Rhoda was baptized by both Churches, and it is quite apparent that Peter Webster is simply making a convenience of the schools to escape his own responsibility for their support, as he is a good fisherman and owns his own boat.

I enclose herewith religious history of this family as gathered by Rev. G. Forbes, O.M.I., and would respectfully request the Department's advice.

Your obedient servant,

P. B. Ashbridge,
Indian Agent.

The Secretary,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa.

Ottawa,
April 12, 1941.

Dear Sir:

With reference to your letter of the 20th ultimo the Department is not prepared at the present time to make any decision regarding the application for the admission of Basil and Rhoda Webster to the Christie Residential School.

You might write to me again previous to the re-opening of the school after the summer holidays and the case will then be reviewed.

With reference to your other letter of the 28th ultimo you may inform the Principal of the Christie School that the admission of Mamie John is approved.

Yours truly,

Philip Phelan,
Chief, Training Division.

Department of Mines
Indian Affairs B.

West Coast Agency,
Port Alberni, B.C.,
August 20, 1941.

Sir:

I have the honour to forward application for admission to Christie Residential School of Loreen Thomas, age 5 4/12, Ahousaht Band.

This girl is the daughter of Mrs. Hippolite Thomas, who was recently murdered, and whose father is being held on a murder charge.

In view of the circumstances surrounding this unfortunate child, who is under age, I would respectfully request that her admission be approved, the Reverend Principal having already given his consent to receive her.

Your obedient servant,

P. B. Ashbridge,
Indian Agent.

INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE 9048/43/D.

West Coast Agency,
Port Alberni, B.C.,
June 2, 1943.

Indian Affairs Branch, Department of Mines and Resources,
Ottawa.

I have the honour to forward herewith applications for admission to Christie Indian Residential School of the following children:

Violet Amos,	age 6,	Hesquiaht Band.
Agnes Brown,	" 11,	Nuchatlahts Band.
Angela Smith,	" 9,	Ehattesaht Band.
Lillian Michael,	" 11,	Nuchatlahts Band.
Albert Tom,	" 6,	Hesquiaht Band.
Moses Tom,	" 8,	Hesquiaht Band.

Arrangements are being made to have these children medically examined at the time the T.B. Clinic is held in July.

P. B. Ashbridge,
Indian Agent.

File: 160-0-10

Ottawa, 27th August, 1945.

Mr. P.H. Gosse, Indian Agent, Duncan, B.C.

I have your letter of the 24th instant with reference to two sets of twins.

While I agree with you that the parents should accept their responsibility in training their children properly, at the same time if they do not do so I feel there is no reason why we should allow the children to suffer. If these boys should remain at home and continue to act as mentioned in the third para of your letter, it is possible that their actions may become more serious.

Take everything into consideration, I think that they should be placed in the Orphanage.

of the Songhees Band to allow his two sons of 10 and 12

West Coast Agency, and to which the Principal of the School

Songhees Indian Day School but were not particular regular in their attendance, playing hookey on many occasions, which after all could not be laid at the door of their parents. The whole setup as I see it is this: "Does the Department wish to allow the parents of these children to shirk their responsibilit-ies as parents with respect to the discipline and support of their two boys, or do you feel that in the interests of the boys themselves we might be doing more good by allowing them to go to the Residential school? I hardly know just what to recommend in this case as I feel that there is no good and sufficient reason why the boys should not go to their reserve day school, other than the fact that their parents are not strict enough with them and they may eventually get into a lot of trouble. Please advise.

Hazel & Gerald Chipps, Nitinaht Band

With reference to the attached applications for admission to the Christie Residential School of the above named children, I wish to report that the father is not a Catholic, but the mother was, and this man expressed the desire that he wished these children to attend a Catholic school and be instructed in that religion.

I discussed this matter with the Rev. J. P. Mulvihill, Principal of Christie School, and was advised that he would be willing to receive these children under the above conditions if that would be agreeable to the Department.

I would recommend that these children be admitted to Christie School, as their home Reserve is almost entirely Catholic.

159-0-10 (N.T. 1)

Ottawa, 24 September 1946.

Mr. N.W. Garrard, Acting Indian Agent,
ALBERNI, B.C.

With reference to your letter of the 17th instant, it has been decided to allow an amount of $200.00 for travelling expenses of the pupils to and from the Christie Residential School during the past summer.

It has never been our practice to pay all the cost of transportation of pupils. Indian Agents and Principals are expected to secure at least part of the cost from the parents many of whom are well able to pay some of the transportation expenses of their children.

While we are allowing $200.00 this year, it should be understood that this is not to form a precedence . The amount we can allow each year depends on the amount that we have provided in our appropriation.

Philip Phelan,
Chief, Training Division.

Re: School Account.

Kindly note the attached voucher #269, for cost of transportation of pupils to the Christie Residential School.

The amount has not been filled in, as the grant(.75.00) covers approximately one quarter of the expense.

Under date of July 3, 1945 a letter was sent requesting an increase in the grant to this School.

Would you kindly advise whether it would be possible to secure this increase.

A copy of a letter from the Principal of Christie School is enclosed, asking for consideration in this matter.

Christie Residential School
Kakawis, B. C.
Sept. 12, 1946

Mr. N. Garrard
Indian Office
Alberni, B. C.

Dear Sir:

I am submitting receipts for $359.60 to cover the travel grant of $75.00 allowed by the Department. Last year when I submitted receipts I asked for an increase in the travel grant and did not even receive a reply from the agent much less an increase.

This year I am again submitting a request to have the grant raised to $300.00. Other schools have received an increase but this one had the grant cut in half a few years ago. I have had an additional expenditure of $58.00 for transportation bringing the total over $400.00. The grant allowed at this time is a small fraction of this amount. I think the Department should take into consideration the cost of transportation in this locality.

Would you kindly forward this request to the Department.

Yours truly,

J. [illegible] Mulivhill.

ROYAL CANADIAN MOUNTED POLICE C.317

DIVISION "E" DIVISION FILE NO.
SUB-DIVISION DETACHMENT Cloverdale
PROVINCE B.C. DATE 10-10-46

FILE REF: Mary LUCAS (Indian). St.Mungo's Cannery, Delta, B.C. Indian Act.

HEADQUARTERS

30-9-46

1. On this date the undermentioned letter was forwarded to this Detachment by Mr. H.M.Taylor, Indian Agt., for Vancouver Agency, which is self explanatory:

"OTTAWA

Dear Mr. Taylor.

I received a letter from the Principal of the Christie Residential School advising that a Mary LUCAS the mother of one of his pupils "Henry Jones"(14) intended to keep him out of school and that this would be unfortunate as she is not a proper guardian for him as she was probably living with a Chinaman as she had done before.

I have written to Mary Lucas instructing her to return the boy to school and that the only exception I could make to his not returning was that of sickness or other unavoidable cause.

The reply I received is to the effect that she was not well and that the boy was required to do the work around the house.

Would you have the services of a constable in your agency: if he could sometime, when he is in that neighbourhood, make a few inquiries regarding this case, I would be obliged as I am of the opinion that this is an excuse to get him working.

Mary Lucas's Address is: St.Mungo's Cannery
Nelson Bros. Fisheries,
New Westminster, B.C.

sgd. H.W.Carrard

DIARY DATE

2. Whilst on patrol at the above named place the writer interviewed the file subject this same date. Her excuse to the writer was that, in view of the fact that she is pregnant she has been ill and needed the boy to help her. However, a check in the Cannery Time Office disproved the story that she had been ill because no time had been lost at work and from her appearance she appeared to be in the best of health. She informed the writer that she did not expect the baby until sometime in December.

3. In view of the foregoing a written order was served on the file subject to cause the attendance at school of her son "Henry Jones". At the time this order was served Lucas informed the writer that she would have to wait till [illegible] as she was advised to contact Mr. Taylor Indian Agt. at Vancouver, B.C.

4. On this date a patrol was made to the Cannery by the [illegible]

(WEST COAST, VANCOUVER ISLAND)

June 2-5

Mr Philip Phelan
Chief Training Div
Indian Affairs Branch.

Dear Sir —

In the last issue of the Indian School Bulletin there is a school calendar for 1947--48. Does this apply to Residential Schools as well as Day Schools? My reason for asking this question — the length of the Christmas Holidays. Will the children be allowed to go home for the two weeks at Christmas? Secondly I noted the last day of the school year is June 25th. Does

Indian Affairs. (RG 10, Volume 6441, file 879-10, part 6)

CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Christie Indian Residential School
Kakawis, B. C.
(WEST COAST, VANCOUVER ISLAND)

this mean that there will be a longer authorized holiday?

For the past four years the Alberni Residential School has been closing in the middle of June. The children from three districts were home on June 14th this year. The parents have been complaining to me that they do not get as long holidays as the other schools. In fact one of the parents wrote to his children and said he thought of transferring them to the Alberni School, to take advantage of the longer vacation. Do you think it would be sufficient reason to close this school in the middle of June (14th)?

During the past years

Kakawis, B. C.

I have brought the children back at the end of 62 days but this year I feel I cannot bring them back before September the first; the date of opening of the other schools. It will mean 65 days holidays. If the September returns with a fine 89 days instead 92 days as the number of days in the quarter?

Going to ask so many questions — I remain

Yours truly
J P Buckmaster

159-0-10 (WT 1)

Ottawa, July 5th, 1947.

Dear Father Mulvihill:-

With reference to your letter of the 25th ultimo, the school calendar published in the recent issue of our Bulletin applied only to Indian day schools.

As regards residential schools, the regulation in effect for many years and which still applies, provides that the Department will allow a grant for 62 days holidays each year. In the past residential schools have closed on July 1st and reopened on September 1st, which is, of course, exactly 62 days.

In certain districts, owing to local conditions we know that some schools close two or three days earlier or even may be delayed a day or so after September 1st and we do not make any cut in the grant. However, generally speaking we expect all residential schools to observe the regulations, namely 62 days holidays with grant.

I cannot understand why Alberni school should close as early as stated in your letter and I am communicating with the principal in this regard.

In preparing the September return the number of days in the quarter should be shown as 92 and grant should be requested for each pupil for the actual number of days such pupil is in residence during the September quarter, plus 62 days holiday grant.

We have not made any definite ruling yet in connection with allowing children to go home from

Indian Affairs. (RG 10, Volume 6441, file 879-10,part 7)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES

CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

residential schools at Christmas. There has been considerable agitation on the part of some Indians to have this privilege allowed and it is a question that has been before the Department on very many occasions during the past twenty years.

We have always felt that in the majority of cases at least, we would simply be looking for trouble if we allowed the children home for Christmas. It might be alright in the case of children whose home reserve is very close to the residential school. However, if the children have to travel in the winter time a considerable distance, there is always the danger of them developing some illness as a result of changed conditions on the reserve from those in the residential school. Inevitably there would also be delays in returning in many cases, possibly due to climatic conditions over which none of us have any control.

Yours sincerely,

Philip Phelan
Chief, Training Division.

May 22, 1948.

Dear Father Sheahen:

It is our intention to allow the children of the Alberni School to leave on holidays about June 23rd and it is our understanding that they will return about August 24th.

This is due to the necessity for obtaining accommodation on the boat and will mean that the pupils will have the same length of holidays as pupils at other schools.

I thought you would like to have this information in view of what occurred last year.

Yours sincerely,

Bernard F. Neary
Superintendent of Education.

Kakawis, B. C.
(WEST COAST, VANCOUVER ISLAND)

Nov.12,1947.

Mr.Philip Phelan
Training Division,
Indian Affairs Branch,
Ottawa,Ont.,

Dear Mr.Phelan:

Am enclosing the September Quarterly hoping it is completed to your satisfaction.I am sorry that I failed to complete it as called for.I feel I shall be able to do it rightly the next time without much trouble.As it is I was principal for only one month and had only a few days instructions on the whole matter of the duties of the Principal before the former Principal Father Mulvihill left for his new post.In a way I am glad you sent the return back to me in order that I could really see my mistakes.I am as anxious to do it well as you are to have it done.

Hoping that everything is to the satisfaction of both of us,

I am

Yours sincerely,

Rev. P. Phelan O.M.I.

AIR MAIL.

Ottawa, October 30, 1947.

Rev. P. Sheahen, Principal, Christie Indian
Residential School, Kakawis, British Columbia.

With reference to the attached September Return, it is noted that a number of pupils were not in residence for the full quarter and that the dates and reason of absence is not c mplete. When a pupil is absent the date of leaving the school and returning to it is necessary.

It is also noted that columns covering classes of study, grades one to high school has not been totalled on the final page to correspond with the number on the roll. This is also applicable to the attendance columns. The totals of which should be carried from page one to two, etc.,

May, the September Return be completed according to our circular letter, 150-37 and meanwhile we will forward under separate cover a cheque for $4,000. as part payment in order that financial embarrassment will not be too severe on account of the delay.

CANADA
DEPARTMENT
OF
MINES AND RESOURCES

P.O. BOX 70
VANCOUVER, B.C. Sept. 6, 1947.

Indian Affairs Branch, Dept. of Mines and Resources, Ottawa.

The Reverend Principal of the Christie Indian Residential School has requested authority to transfer Helen David (0257) and Marjorie Joseph (0258) from his school to the St. Mary's Residential School at Mission.

This transfer is requested to enable these two students to take advantage of the High School course being offered at the Mission School.

In order to avoid delay Inspector Davey has informed the Principals of the schools concerned that it will be in order to effect this transfer, and it is hoped that his action in the matter will be approved.

Ottawa, August 7, 1947.

Mr. N.W. Garrard, Indian Agent, Port Alberni, B.C.,

With reference to the June Quarter Return of the Christie Indian Residential School, it is noted that No. 0337 has been allotted to Angeline Charlie.

Your attention is drawn to our letter of April 28, 1947, the Department approved the re-admission and re-assigned No. 0306 to this pupil. Please draw this to the Principal's attention, so that the correction may be made on future returns.

The Department approves the discharge of the following:

No. 0279 No. 0290.

Dear Father Sheahen:

Your June Quarterly Return for the Christie Indian Residential School has been received.

On checking the return it is noted that you show pupil Off to be in residence for twenty days and under "Remarks" you show "Ill at Home".

Our Treasury Branch and the Auditors insist that dates the pupils leave and return to school be shown, for pupils who were in residence for less than the prescribed number of days in the quarter.

Please supply the necessary dates in this case and make it a point to show all necessary dates in future returns.

Yours sincerely,

[illegible]

Mr.Philip Phelan,
Chie,Education Division.
Ottawa,

Dear Mr.Phelan:-

Sorry to have overlooked answering your letter. Re. pupil 038-1 shown on returns as "Ill at home" This was an oversight in the rush of getting the returns out.The fact is this child developed T.B.glands.The parents would not let her go to the Hospital in Nanaimo and insisted in taking her home.She was in actual school only twent days in the first part of the quarter.She left school April 21,1949 and did not return.

Hoping this is the information you require,

Yours sincerely,

Rev.P.J.Sheahan O.M.I.

Re: Your Voucher No. 68

We are returning the above Voucher as it is possible that we may be able to allow the Principal of the Christie Indian Residential School more than $200.00 this year. However, to enable us to do so, we will have to have a different type of Voucher.

We are, therefore, enclosing a Voucher which you should sign and return, and of course, you should attach to it all the receipts for the amount that was expended. I cannot promise you definitely that we will be able to pay the whole amount, but there is a likelihood that we will be able to do so. In any case, we will pay at least $200.00.

Re: Christie Indian Residential School
Your File 0-11-1

With reference to your letter of the 20th instant, enclosing Voucher No. 68, it has been possible to allow an amount of $350.00 toward the expense incurred in transporting children to and from the Christie School during the summer of 1949. A cheque for this amount will be forwarded to the Principal.

However, it should be understood that while we are giving this account exception this year, the amount allowed is not to form a precedent for future years.

Your file 879-10 (E1)

Referring to your letter of February 15th, in which there is a possibility that the Department may pay more than $200.00 for expenses incurred in transportation of pupils to and from Christie Residential School.

I am returning the a/m Voucher with the full amount of $425.20 and it would be greatly appreciated if it may be approved for payment.

, November 27,1950.

Mr. N.W. Garrard,
Supt. Indian Agency,
Port Alberni, B.C.,

On October 25 we wrote you to the effect that applications for the admission of pupils to the Christie Indian Residential School had not been received for some pupils while they were admitted to the school for institutional care.

As these returns are reviewed by Treasury and the Auditor we must have full information regarding each pupil, therefore, we require the application forms before the Quarterly Return reaches us.

We have made some exceptions in the past but the general procedure as mentioned above must be followed in the future. We will be obliged to withhold payment of the per capita allowance until the application forms are received.

Philip Phelan,
Chief, Education Division.

, October 25,1950.

Mr. N.W. Garrard,
Supt. Indian Agency,
Port Alberni, B.C.,

I have the Quarterly Return for the Christie Indian Residential School.

It is noted that the following pupils have been admitted to the school:

Katherine Giner
Susan Charleson
Mary Matthews
Sonya Jack
Christina Billy
Violet Charlie
Soloman Mark
Francis Smith
Stephen Rush
Matthew Williams
Benedict David
Douglas David
Teresa Joseph
Cecelia Mark
Sullivan Louie

The admission of these pupils has not been approved by the Department as applications for the admissions have not been received. In order to prevent the Auditors from removing these childrens' names from the Quarterly Return, please forward the applications to this office as soon as possible.

Mr. N.W. Garrard,
Supt. Indian Agency,
Port Alberni, B.C.,

We have your application for the admission of Ruth Hanson to the Christie Indian Residential School.

It is noted that the parents are both living and the child has previously attended a day school.

In view of the fact that the Christie Residential School is already over the authorized pupilage, is there any particular reason why this pupil should receive institutional care?

Re: Christie Indian Residential School
Your file 879-10 (E6)

With reference to your letter dated January 16, 1951 with regards to the admission of Ruth Hanson to the above school. The Principal advised that the girl was admitted to school because of the poor conditions at home. The family is living in a very crowded condition with several families residing in the same house, and the child did not get the proper rest. Ruth is an intelligent girl and the Principal believes that she made good progress since her admission due to satisfactory living conditions and rest.

February 3, 1951.

Mr. H.W. Garrard,
Supt. Indian Agency,
Port Alberni, B.C.,

This refers to the applications for the admission of Joseph Louie Tom and Bella Matilda Campbell to the Christie Indian Residential School.

In view of the fact that the Christie school is already over the authorized enrolment of 110, the Department feels that these admissions cannot be approved at this time.

It is noted that the parents in both cases are living and it is felt that these admissions can be delayed until September when some pupils are discharged.

This matter should be brought to the attention of the Department at a later date.

Philip Phelan,
Acting Superintendent of Education.

Mr. N.W. Garrard,
Supt. Indian Agency,
Port Alberni, B.C.,

In view of the fact that John Little is already enrolled at the Christie Indian Residential School, the Department approves his admission. However, the Principal should be advised that no pupil shall be accepted at the school until the admission has been approved.

With reference to Luella May Hayes, as the school is already over the authorized enrolment and her parents are both living, is there any reason why she should be admitted to residence at this time.

Philip Phelan,

Mr. W.W. Garrard,
Supt. Indian Agency,
Port Alberni, B.C.,

With reference to the applications for the admission of John and James August to the Christie Indian Residential School, it is noted that these children were in the Alberni school for one year.

We have checked the Alberni file and find that these pupils admission to the Alberni school was approved by our letter of October 23, 1950 as their religion was shown to be United Church.

The Department is not prepared at this time to approve the admission of these children to the Christie School. As their admission has not been approved, their names have been deleted from the September Return for the Christie School.

When a definite decision is reached on this matter, you will be advised accordingly.

Philip Phelan,
Superintendent of Education.

MEMORANDUM:

RE: [redacted]

Attached are two applications for the admission of John and James August to the Christie Indian Residential School.

Last year these pupils attended the Alberni Indian Residential School as their application forms showed their religion to be United Church.

We have, therefore, deleted their names from the Christie Indian Residential School Return and have written Mr. Garrard about this.

APPLICATIONS FOR TRANSFER OF CHILDREN FROM SCHOOLS CONDUCTED UNDER PROTESTANT AUSPICES TO SCHOOLS CONDUCTED UNDER ROMAN CATHOLIC AUSPICES.

1. August Family - This family is in the West Coast Agency in the Province of British Columbia. The father is deceased and the mother is responsible for the children. James age 8 and John age 8 were admitted to the Alberni Indian residential school (U.C.) in 1950. The applications at that time indicated that the family was United Church and were signed by the mother Ida August and were recommended for admission by the Indian Superintendent.

We have now received applications signed by Mrs. Ida August asking that they be transferred from the Alberni (U.C.) residential school to the Christie (R.C.) residential school. The Indian Superintendent recommends this transfer.

Indian Superintendent should ascertain the religion of the widow mother. If she is U.C. children to attend Protestant school. If R.C. children to attend R.C. school. (Sgd) L.F.

Original on 150-7.

Indian Affairs. (RG 10, Volume 6441, file 879-10,part 7)

(N)

Ottawa, March 15, 1952.

Mr. H.W. Garrard,
Supt. Indian Agency,
Port Alberni, B.C.,

James August

The request for the admission of the above-mentioned children to the Christie (R.C.) Indian Residential School has been received and carefully considered.

The following ruling has been made:

"Indian Superintendent should ascertain the religion of the widowed mother. If she is United Church, children should attend Protestant school. If Roman Catholic, children to attend Roman Catholic school".

In your letter of March 3rd you stated that the religious denomination of Mrs. August mother of John and James August is Roman Catholic. In view of the above ruling, the Department approves the admission of these children to the Christie Indian Residential School.

On the March Quarterly Return, the Principal should request grant from the date the boys were admitted to the school.

Mr. H.W. Garrard,
Supt. Indian Agency,
Port Alberni, B.C.,

The Principal of the Christie Indian Residential School when preparing the March Quarterly Return indicated that pupil , Jill Eugene Charlie was in residence for ninety-one days. He stated in the margin that he was "helping at home".

It would be appreciated if you would advise when this boy left residence and when he returned to school after helping at home.

Phillip Phelan.
Superintendent of Education.

Christie Indian Residential School

Kakawis, B.C.
(WEST COAST VANCOUVER ISLAND)

DEPT. OF INDIAN AFFAIRS
MAR 15 1929

SUPERINTENDENT
MAR 20

March 5, 1929.

Sir:

With the consent of Mr. E. E. Frost, Indian Agent of this Agency, on visit to the Christie Indian Residential School at my special request, I am enclosing this letter with his memorandum to you of his findings here. I have asked his leave to do this in order that you may have my explanation of requests which may perhaps be unusual. I am hoping that you will favor me with a direct reply, through Mr. Frost, if you wish, that through this direct contact I, a new Principal, may be helped to understand and appreciate your attitude toward matters of this nature.

There are three items which Mr. Frost and I discussed at length concerning which I am anxious for you to have my view. These three items are: (1) sewing machines, (2) carpenter tools, and (3) tools and gasoline engine.

You will agree with me, I am sure, that besides instruction in English, arithmetic, etc., the Indian should be instructed in that which will prove of practical use to him after he leaves school. For the female Indian there should be instruction in sewing. Sister Superior and the Sister in charge of that class at Christie School and I have gone over the subject thoroughly. What we would like to have the Department help us do is to make it possible to have every girl attending Christie School attend a class in sewing when she reaches a certain age. Ordinarily there would be about fifteen individuals in such a class at one time. That means to conduct the class with satisfactory results the Sister should have available eleven sewing machines. She informs me that these eleven machines would be in use during practically all and every class; in other words, that the number of machines we say we need is not overestimated. At present there are six sewing machines in the school. Of these four are fit for use and two are not. We would, therefore, respectfully ask of the Department seven new sewing machines to complete the number of eleven we need to conduct this class in sewing satisfactorily.

[illegible] carpenter tools: the male Indian has ample need of an elementary [illegible] I do not think the subject requires any amplification. My need would be to have a class in carpentry in a carpenter [illegible] purpose. The more expensive and heavier tools would be the property placed at the disposal of the student during class hours. The [illegible], hammer, etc., would be supplied in sets to each student, to [illegible] to be taken home by him when he receives his discharge, and [illegible] school be kept in an individual locker or cabinet in the carpentry for class duty. It appears to me this feature would [illegible] the student and would facilitate against loss or abuse of the [illegible]. In this matter, will the Department negotiate further with me [illegible]) the equipment of the School with the tools necessary for carpentry; (2) the supply of the material such as lumber, nails, [illegible] of each student; (4) a grant or allowance for the instructor.

[illegible] and gasoline engine: those familiar with the habits of life

Indian Affairs. (RG 10, Volume 6441, file 879-11, part 1)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

be used in the manual training class and will provide a grant towards the salary of an instructor. If you will prepare a detailed list of what is required, with an estimate of the total cost, and forward it to Mr. Frost, it will be given consideration.

The foregoing remarks may be repeated in connection with a gasoline engine for demonstration and instruction purposes and a few tools for the conduct of a class in internal combustion and marine engines. Would it be possible to have the same instructor handle this class as well as the manual training? Let Mr. Frost have a detailed list of what is required and an estimate of the cost.

In the list attached to your letter, there was mention made of repairs to the heating system, replacement of the washing machine and better fire escapes from the boys' [illegible] purposes, but I am writing to Mr. Frost with a view to learning just what is required to minimize the risk of loss of life in the event of fire.

I may add, for your information, that a copy of this letter is being forwarded to the Indian Agent for his guidance.

Your obedient servant,

[illegible]

J. D. McLean,
Asst. Deputy & Secretary.

Christie Indian Residential School

Kakawin, B.C.

(WEST COAST VANCOUVER ISLAND)

Department of Indian Affairs #2

of the West Coast Indian agree unanimously that he will not do anything but fish for a livelihood. Conversation with Indian boys attending Christie School has revealed to me that the ambition of practically every boy is to own a fishing launch as do his elders after he receives his discharge. This fact suggests the desirability of the Indian having a thorough knowledge of a gasoline engine and some knowledge of electricity. I propose dealing with this phase of the Indians' education in this manner: a class in those two subjects. Will the Department, therefore, negotiate with me those points: (1) the equipment of the school with the necessary tools to conduct such a class; (2) the equipment of the school of some kind of gasoline engine to be used for demonstration and instruction purposes; (3) a grant or allowance for the instructor of such a class.

May I, for the benefit of those to whom this perhaps unusual letter is a dressed, explain, that, having been a pointed to the position of Principal of the Christie Indian Residential School with the understanding that the appointment is to be permanent, I purpose to work for the welfare of the Indians in my charge with all the talent I possess and with all the zeal, earnestness and determination I can command. I bring to my task an experience of practically sixteen years in the education of youth, during which time I served as professor, disciplinarian and college-president. The problems I meet in my new field of endeavor I hope to solve satisfactorily with the information I have acquired during that time, ably assisted by the advice and guidance the capable gentlemen under whose supervision it is my good fortune to find myself. It is my purpose to bend every effort to realize the objectives the Department wishes the School to realize and to do so by a conscientious observance of the laws and regulations the Department has laid down for my guidance.

I am at pains to express myself in this manner because I would instil in the members of the Department the hope that whatever shortcomings may have been in evidence in the past management of Christie School, better things are in prospect.

Very truly and respectfully yours,

Victor Rassier

(Rev.) Victor Rassier, O.S.B.

Ottawa, April 8, 1929.

Reverend Sir:

I have your letter of the 5th ultimo, with reference to your visit at the Christie Indian Residential School. The Department has read your letter with interest and is very hopeful that there will be a career of much usefulness in your case. The rules for visiting Indians appear to be quite satisfactory. I may say, at the outset, that your proposals concerning vocational training meet with the hearty approval of the Department and you will receive our cooperation as far as is consistent with our general practice in this connection.

I am pleased to inform you that four sewing machines and one tailoring machine will be ordered for the use of the school. I regret the Department is unable to grant a larger number, as Indian schools with the accommodation of the Christie institution have never been supplied with more than this number. It may be possible for the Sister in charge of the sewing class to divide her pupils in two groups for purposes of instruction on the machines.

The Department will cooperate with you in the matter of manual training, and I wish you would forward to Mr. Indian Agent Frost a list of the tools which should be supplied. As you have pointed out in your letter, there will be required, not only a general set, but also individual sets for the use of each pupil in the class. The Department is not prepared to allow these pupils to consider the tools their own. If, upon graduation, you would bring the case of a boy with a good record to Mr. Frost's attention, some help might be given if he is prepared to make immediate use of whatever assistance is allowed. The Department will allow a reasonable amount for materials

DEPARTMENT OF INDIAN AFFAIRS
CANADA

IN YOUR REPLY REFER TO
NO. 101/15/15396.
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,
P. O. BOX 686
VICTORIA, B.C., September 12, 1929.

Your File 159-0-11.

Dear Sir:-

I beg to acknowledge receipt of letter of the Deputy Minister dated the 23rd ultimo asking me to see what could be done in the way of purchasing a launch for the use of the Christie School, at Clayoquot, West Coast Agency, and that the meditated expenditure in this connection would be approximately $3,500.00 for a boat 35 or 37 ft. long.

In reply I beg to say that on the 20th ultimo Reverend Father Victor, the Principal of the School, called at this office on his return from Ottawa, and the matter of acquiring a launch was discussed. I informed him, as I am informing you, that I am strongly of the opinion that it would not be possible to obtain a launch 35 or 37 ft. long, suitable for the West Coast waters, for the sum of $3,500.00.

I have learned, however, that there is in Victoria Harbour at the present time a fishing vessel No.557 GA seized by the Fishery Department some little time ago which, I believe, with some alteration, would answer our purpose. The dimensions of this vessel are length 36' over all, beam 11'5", draft 3'6", and it has an "Enterprise" gasoline engine of 15--17 horsepower. This vessel is now in the hands of the sheriff and will be sold unless it is expropriated by the Government for public purposes as provided for under Section 17 of the "Customs and Fisheries Protection Act" being Chapter 43 Revised Statutes, 1927, a typewritten copy of the Section being hereto attached.

I spoke to the Reverend Principal of the School with regard to this boat, but he thought possibly he might be able to get one built in the vicinity of Clayoquot for the $3,500.00 provided by the Department and, if not, he was prepared to put in a small sum himself.

I still have my doubts as to whether any decent sea-going boat could be purchased for anywhere near the sum mentioned, but we could have this boat (No.557 GA) expropriated for public use. Any alterations necessary could be done for considerably less than the $3,500.00. There, of course, will be certain fees to be paid if the boat is taken over, as the sheriff has now a watchman on board and the expenditure in this connection already amounts to something over $300.00.

I may say that a somewhat larger boat known as the "Catherine B" was also seized some time ago and is lying at Prince Rupert. But this vessel, under the Section referred

September 15th, 1929.

Dear Mr. Found,-

This Department requires, for the use of the Christie Indian Residential School on the west coast of Vancouver Island, a thirty-six foot launch with pilot cabin. Our representative in Victoria, who was instructed to locate a suitable boat, has telegraphed that fishing launch No. 557 GA, which has been seized by your Department and is now lying in Victoria Harbour, appears to be suitable for our purposes. As it may be found desirable to reserve this craft for our service, I shall be very grateful if you will withhold disposal for a few days.

Yours very truly,

D. McLEAN

Dear Mr. Ditchburn:

I have had an interview with Rev. Father Victor, O. S. B., Principal of the Christie Indian Residential School, and I wish to state that it is the Department's intention to assist him in his effort to make the work at this institution really efficient. One of the most urgent needs is a launch with pilot cabin and good marine engine. I am asking you to go to the proper sources with a view to having such a boat built or purchased, if something suitable is on the market. I have in mind an expenditure of approximately $3,500 for a boat 35 or 37 ft. long. You might let me have an interim report, indicating what arrangements are possible.

DEPT. OF INDIAN AFFAIRS
APR 25 1929
RECORDS

CHRISTIE INDIAN RESIDENTIAL SCHOOL

Kakawis,B.C.,April 17, 1929.

Dear Sir:

Permit me to thank you for your valued favor No. 159-0-11, under date of the 3rd instant. I am very grateful to the Department for the sewing machines and for the cooperation and assistance it promises me in the matter of manual training. In accordance with the recommendations contained in your letter I will, as soon as I have given more thought and study to the matter, submit to Mr. Frost a detailed list and estimated cost of what is required to carry out our programme of instruction in carpentry and internal combustion and marine engines. It will be possible, I am quite certain, to have the same instructor handle both classes.

May I respectfully request the Department to reconsider the number of sewing machines it has seen fit to send the Christie school? It seems to me, there must be some misunderstanding. The matter was gone over very carefully by the Indian Agent, Mr. Frost and myself with the Sister in charge of our sewing department, and we cut down our needs to the very limit of what was deemed necessary to carry on the class efficiently and without disorganizing seriously the girls' department - so easily done because of the unsatisfactory conditions here and over which we have no control.

Furthermore, in taking over this position, I am most desirous to train our boys and girls well in the work they will be called upon to do after leaving school: and I can't conceive, after the encouraging tone of your letter as regards training of boys in their subjects, the Department handicapping me in my efforts for the girls for the sake of two sewing machines, unless there be some misunderstanding.

And it is only because I feel certain that there is a misunderstanding that I am making bold to trouble the Department to rehear the situation. I am sure after this explanation it will reconsider the matter and oblige the school as per my original request.

Your fyle 159-0-11.

Dear Sir:

I beg to acknowledge receipt of your letter of the 7th instant enclosing quotations from McLennan, McFeely & Prior, Limited, Vancouver, for manual training tools for the Christie Indian Residential School which had been sent to you by the Reverend Principal.

A set of tools corresponding with those supplied last year to other Indian Schools in British Columbia has already been ordered for the Christie School from Marshall-Wells, Limited, whose prices were found to be lower than those of other wholesale firms in British Columbia. In addition there has also been purchased from this same firm, the machine shop equipment asked for by Father Victor to the extent of $204.19.

The invoices for these purchases will be sent to you as soon as received.

Your obedient servant,

AVH/KD.

W. E. Ditchburn.

Sir:

Referring to official letter to you dated the 23rd ultimo with reference to manual and technical training classes at the Christie Indian Residential School, I enclose herewith a quotation which the Reverend Principal received for the supplying of the equipment desired by him. I shall be pleased if you will check over this list and if you consider that all the equipment mentioned is necessary you may arrange for the purchase and delivery of same at the school, forwarding certified accounts in the usual manner covering the expenditure incurred.

You should consider the enclosed list of equipment in conjunction with the regular carpenter's tools and machine tools which you were authorized to purchase in letter above referred to.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

Sir:

I wish to refer to my letter of April 3rd, last, relative to equipment necessary for classes in carpentry, etc., at the Christie Indian Residential School. As there has been recent correspondence with Mr. Commissioner Ditchburn in this connection, the Department is instructing the Rev. Principal to send the list to the Commissioner. I write this letter so that your file will be complete and so that you will be aware of what is taking place in this connection.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

159-0-11.

Ottawa, October 23, 1929.

Sir:

I have your 182/15/15632 of the 9th instant, with reference to manual and technical training classes at the Christie Indian Residential School. You may supply the regular carpenter's tools allowed for this work and, in addition, $200 worth of machine tools. You may also authorize the Rev. Principal to expend approximately $100 in the purchase of a second hand gas engine for instructional purposes.

The Rev. Principal has recently written the Department in connection with the establishment of these classes, and he has shown evidence of undertaking the work seriously and intelligently. He plans to erect a model house of small proportions, which will stand as an example to the boys in the manual training class and to visiting Indians. He refers to this as his idea for "An ideal Indian dwelling on the West Coast as to arrangement and construction." He feels that there should be more tools than on the list submitted by yourself when he visited in your office a few weeks ago. If this supplementary list comes to your attention, if you consider the articles necessary for the Principal's purposes, you may make the purchase.

The Rev. Principal also wishes a little help in fixing up the manual training room. Tool cabinets, etc., are required. I am asking him to submit to you an estimate of the cost. When this is to hand, you might forward it to the Department with your recommendation.

As in the case of the other schools, the Department is allowing $40 per month towards the instructor's salary.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

W. E. Ditchburn, Esq.,

Ottawa, October 23, 1929.

Reverend Sir:

I have your letter of the 7th instant, with reference to manual training classes at the Christie Indian Residential School. The Department concurs in your plan to have the class erect a small model house, and, when the supplementary list of tools is received, favourable consideration will be given and instructions issued to Mr. Commissioner Ditchburn in connection with the purchase.

Concerning a work bench for the instructor, I believe that you should get along with the 12 benches that Mr. Ditchburn has already authorized. You may forward to his office an estimate of the cost of fitting up the room for manual training with tool cabinets, etc. Mr. Ditchburn has been requested to supply you with the tools that are necessary, and he will write to you, authorizing the purchase of a second hand gas engine at a cost of approximately $100. Mr. Ditchburn has also been instructed to supply machine tools to the value of $200.

I note with satisfaction that you have secured a suitable instructor for these classes and that you are paying him $75 per month and board. The Department will allow a grant of $40 per month towards his salary, and this will be paid upon receipt of a voucher, in duplicate, once every three months.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

151-D-11.

Christie Indian Residential School

Kakawis, B. C.

(WEST COAST VANCOUVER ISLAND)

October 7, 1929.

Dear Sir:

This letter is a reply to your communication dated the 28th ult., file number 159-011, re: "manual training classes for the boys at the Christie Indian Residential School."

Mr. Commissioner Ditchburn, on my return from the East, instructed me to report to him on the matter which I did. My list of tools, however, was substituted by another, to which action of the Commissioner I was quite agreeable. Now, however, since the Department has revived the subject as pertains to me, I am taking the liberty of expressing to it certain recommendations as I received these from the instructor I have engaged.

The work we have outlined departs radically, I am told, from the usual instruction imparted in manual training classes. We have kept in mind the ultimate purpose this class is intended to serve. I will mention but one of them: the building and furnishing of a house. The instructor has in mind to lead the class along step by step in the manufacture and construction of all that is necessary for this, eventually, if possible, having each boy of the class build a miniature house. He has in mind, moreover, the erection of a house of small proportions by the entire class, the plan of which, after careful study, would be an attempt to present to the members of the class and to Indians visiting the school, the ideal Indian dwelling on the West Coast as to arrangement and construction.

Unfortunately, the tools on the list submitted by Mr. Commissioner Ditchburn are inadequate for this purpose. Not, therefore, as an expression of disapproval of his action, but to expedite matters in case the Department should wish us to proceed in the manner outlined, I am forwarding to McLennan, McFeely & Prior of Vancouver, B. C., a supplementary list with instructions to send an estimate of their cost to you direct.

Mr. Commissioner Ditchburn has furthermore instructed me to proceed with the construction of twelve work-benches for as many members of the class, the cost of which is not to exceed $12.00.a piece. I intended to call his attention to the fact that material for an instructor's bench and tool-cabinets (with locks) was thereby left out of consideration. Now, however, I shall take this opportunity to suggest to you my recommendations, namely, that the Department, with a view to assist the school to the extent implied, instruct me to submit rough plans for the space we have set aside for our student carpenter shop and an estimate of the cost of the lumber and material it would require to make the room reasonably serviceable for our purpose. The Department may reply that I should be able to buy such extras from my grant, but the truth is I find providing the extras not covered by the estimate for the present improvements is necessitating my being quit frugal with expenditures.

Indian Affairs. (RG 10, Volume 6441, file 879-11, part 1)

PUBLIC ARCHIVES CANADA ARCHIVES PUBLIQUES

RECORD

www.collectionscanada.gc.ca

Christie Indian Residential School

Kakawin, B. C.

(WEST COAST VANCOUVER ISLAND)

Finally, permit me to say that I entertain bright hopes for the success of this class. I intend to prosecute its possibilities energetically, of course, on the condition the Department so desires. I used the opportunity offered by my presence in Vancouver on returning from the East to engage an instructor for the work, the gentleman's salary being $75.00 a month and board from September 8th on. I was more or less compelled to this premature action by the nature of circumstances here at school which make it most inconvenient for me to get away. I trust that the Department understands my situation and will contribute toward the instructor's salary accordingly.

$40.

Faithfully yours,

Victor Rassier

IN YOUR REPLY REFER TO
No. 182/15/15632.
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,
P. O. BOX 664
VICTORIA, B.C., October 9, 1929.

Dear Sir:-

I have been having some correspondence with Reverend Father Victor, Principal of the Christie School, with regard to the establishing of manual and technical training classes in that institution, and in a recent letter he quoted an excerpt from his letter to yourself of the 5th of March last and your reply of the 3rd of April on this particular subject. The Principal supplied me with a list of carpenters' tools required for his class of twelve pupils, and also a considerable list of machinists' tools as well as a request for a gasolene engine to be used among the pupils for demonstrating purposes.

In my reply to the Principal, I pointed out that the list of carpenters' tools was not in line with the equipment that has been supplied to other schools, and it was the desire of the Department that all the schools should be uniformly equipped so far as the carpenter shops were concerned, and I furnished him with a list of what had already been supplied last year to ten of our residential schools in the Province, and this is quite agreeable to him. Reverend Father Victor apparently has hired a competent mechanic who is capable of giving instruction in the carpentry shop as well as the machine shop, and, with regard to the latter, I am hereunder quoting from his letter of the 26th ultimo for your information:-

"Your letter calls for information as to the "purpose of the engine and the horse-power required. "The engine is to serve demonstration purposes to the "class taking instruction. Among other things, the "instructor intends to have the class take the "engine apart, know the purposes of each part, be "able to assemble the engine; he purposes to stall "the engine in various ways, and have the members of "the class detect and remedy the trouble, etc., etc.

"For this a new engine is not absolutely necessary; "in fact, a second hand one might be better for our "purpose. It should, however, be complete (battery "and high tension magneto), and of a type (heavy or "medium duty), make (Easthope, Palmer, Universal, "Buffalo, Vivian, etc., etc.,), and horsepower (six "to eight) used by the Indians on the West Coast on "their fishing boats.

"It is possible that we might be able to secure "such a second-hand engine in the immediate neighbor- "hood. If it is your wish we would make investigations "and, finding a suitable one, get the owner to submit "an estimate to you."

So.....

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Indian Affairs. (RG 10, Volume 6441, file 879-11, part 1)

PUBLIC ARCHIVES CANADA ARCHIVES PUBLIQUES

Photo Copy

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

So far as the cost of the equipment is concerned, that for the carpentry shop is estimated to be approximately $550.00 and the machine tools about $200.00. A new gasolene seven horse-power Fairbanks-Morse engine costs $385.00, but it is possible a second-hand engine could be picked up in the district that would suit the purpose of the School. The total cost of this equipment, therefore, would be approximately $1,000.00, and I would be pleased to know how far you are prepared to go in this direction. The carpentry tools undoubtedly should be purchased, and if you so authorize, I will place an order for them. If the money is available, I would also recommend that the machinists' tools be purchased, and the Principal be written to to see what he can do in the way of obtaining a second-hand engine in the district for demonstrating purposes.

Reverend Father Victor, while being a new man, seems to have the proper idea of what is necessary in the way of giving the Indians of the West Coast a good practical training, and I am of the opinion that he should be encouraged by the Department in this direction so far as it is possible to do so.

Your obedient servant,

W. E. Ditchburn

COMMISSIONER'S OFFICE
P. O. BOX 964
VICTORIA, B.C., October 1, 1929.

Dear Sir:- Re-Launch for Christie School.

I beg to confirm my wire to you of todays date reading as hereunder:-

"Re launch Mohawis School. Rev.Father Victor
"feels certain he can get a suitable launch
"constructed for amount Department prepared
"to spend, therefore not necessary to take
"any further action with regard to seized
"fishing boat Five Five Seven G A. Writing."

In explanation I may say that on the 12th ultimo I wrote to Mr. McLean, in your absence, that there was an American fishing boat in Victoria Harbor which had been seized by the Fisheries Department that I considered might be reconditioned and made suitable for the purposes of the school, and Mr. McLean wired me asking if Father Victor would be satisfied. I also wrote to the Reverend Principal on the same late on this subject.

I have, however, today received a reply from the Reverend Principal in which he informs me he is satisfied he can get a launch built for the amount which the Department is prepared to expend. The letter of the Principal is attached hereto for your information and goes on to show just how this is to be accomplished.

In view of this phase of the question I have instructed him to proceed with the getting out of the plans and

specifications

J. C. Scott, Esq.,
Deputy Superintendent General
of Indian Affairs,
Ottawa.

C O P Y.

CHRISTIE INDIAN RESIDENTIAL SCHOOL.

KAKAWIS, B.C. Sept. 26, 1929.

Dear Sir:-

Your letter of the 19th instant, No.101/15/15456, was duly received. I am making haste to answer in accordance with the request with which it terminated, and I beg you to consider the nature of this reply prompted by the same motives that suggested the contents of your letter, namely, a desire to advance the interests of your Department.

The launch I suggested to the Department on my visit to Ottawa is part of a program I devised and have been adhering to scrupulously in my efforts to accomplish the work I conceive it is the Department's wish I should. Before going to Ottawa, I had for months thought over this launchand sought advice from those capable of giving it. It was to the naval architect I presented the fruition of these painstaking efforts, and the plans he is finishing will be for a launch such as will best contribute to the objective for which the idea of the launch was conceived in the first place.

Unfortunately, the kind of boat you describe in your letter will not adapt itself to my purpose. It is for this reason, that I beg you not to consider me as discounting the sound sense and prudent judgment which I have learned to know you to possess so abundantly, when I make bold to suggest that you empower me to proceed in the manner it is possible for me to do here.

After receiving your letter, I again went over the proposition with the gentleman I spoke to you about, and again he assured me that he would not charge me more than the $3,500.00 in carrying out the plans of the architect. I accept your statement that on its face this is impossible. However, when I explain that the gentleman in question, whose work is highly commended here-abouts, is an old ship-builder, is fond of the mission, has taken a liking to me, and regards the commission of making the launch with a certain amount of pride and as an opportunity to assist a most laudable undertaking, you will find it easier to understand why the sum of $3,500.00 will be quite ample. All the more so, when I add that his son is amost capable machinist and also interested in the undertaking from motives that actuate the father; while the owner of a mill in the neighborhood has guaranteed all the lumber that is acceptable for the launch as a means of reimbursing the Church for timber he wishes to remove from land belonging to it and which is located near his mill.

I am at pains to disclose these details at the risk of trying your patience because, on the one hand, I do not want you to think me--pardon the expression--bull-headed and inclined to oppose the wishes of capable superiors; on the other hand, I am very anxious to have the launch be in every way the asset to my labors it was originally conceived it would be. And because you are a man to whom one may trust a frank expression of opinion, I am not hesitating to declare myself in this manner. I have

reason....

Mr. W.E. Ditchburn,

reason to know that your assistance and cooperation can be expected by those giving evidence of protecting and promoting the interests of your Department; and trusting that this letter reveals me as trying faithfully to accomplish this, I am hopeful of your favourable consideration of my request.

Very truly yours,

Dear Sir:-

We have for acknowledgement your two cheques as follows:-

#4754 -	$483.31
4755 -	83.56

15-9-1-11

We are unable to reconcile these amounts with our ledger here, and we would appreciate very much, therefore, if you would give us details of the amounts that we may properly apply them.

Yours very truly,
MARSHALL-WELLS B. C. LIMITED.

S P E C I F I C A T I O N

for

35 foot "V" bottom motor launch

Dimensions: Length overall- - - - - - - - - - - - - - - -35' 0"
Breadth - 9' 0"
Depth moulded to raised deck - - - - - - - 6' 1½"

General: The intention of this specification and the accompanying plans (drawing numbers 858 A, B, C, C, by T. Halliday, Naval Architect of Vancouver, B.C.) is to provide for the construction and delivery in the water complete of a 35 foot "V" bottom motor launch: the specification and plans are intended to cooperate so that any work described or shown in one and not in the other is to be carried out as though fully dealt with in both; and even if certain work is not described or shown and same be necessary and usual, the Builder, knowing his business, will carry out same and will provide material and properly fasten together.

Materials: All materials to be of best quality and all lumber to be well seasoned and free from deleterious defects.

Workmanship: To be sound and good and in accordance with the usual practice in this class of vessel; skin to be well planed and sand papered to a smooth finish; deck edges to be planed smooth before laying the canvas.

Fastenings: To be of the best galvanized iron throughout; the following are the principle sizes:

Fore foot and main deadwood.....½" thro' bolts
Keel & hog.....7/16" " "
Chine, beamshelf, side clamp, double bolts in shaft log, beamends.....3/8"
Frame connections, knee arms, butts of skin, etc.....5/16"
Skin to frames, & deck to beams.....2" boat nails
Beam shelf to be through bolted to skin on every frame.
Side clamp to have one through bolt on alternate frames and two spikes on remainder;
Chine to have one through bolt to frame knee on alternate frames and two screws on remained and where the bevel is too much to allow of a bolt, frames to have two bolts on each end where connected to floors and chine knees;
Frame heels to have a 2" spike to hog;
Skin to have two nails in each frame and three in each hood end;
Skin butts to have two bolts in each plank through the oak butt straps.

Cementing: The spaces at the heels of the frames to be filled with bituminous cement or pitch.

Painting: The interior of the boat after planking and before fitting the ceiling to be coated with a bitumastic enamel; the under water skin to have at least two coats of "Union Jack" copper paint; hardwood to have at least

three

Indian Affairs. (RG 10, Volume 6441, file 879-11, part 1)

PUBLIC ARCHIVES ARCHIVES PUBLIQUES CANADA

ECA COPY

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Painting: Cont'd. three coats of "Valspar" or equal, varnish; the remainder of the work to receive three coats of "Lagoline" in approved colors; name to be painted on each bow and name with port of registry on stern; care to be taken that all weather joints are thoroughly tight.

Caulking: Seams to be filled with at least two threads of cotton well hardened up and filled with "Kuhl's" elastic seam composition.

Stopwaterers: Of hardwood to be fitted in all joints which cross the rabet.

Keel:- 3½" x 7½" Fir, with 7/8" x 3½" Gum shoe.
Hog: 3½" x 6½" Fir.
Stem: 3½" x 9½" Gum.
Sternpost: 3½" x 5½" gum swelled in way if shafting as necessary.
Shaft log: In two pieces of 2½" x 4½" fir.
Deadwood: Of fir sided 3½".
Horn timber: 4½" x 6½" fir.
Transom post: 3½" x 6½" fir.
Frames: Lower part of oak, sides of fir 1½"s. x 2"m., spaced 12" crs.
Chine: 2½" x 5½" fir, well rounded, in one piece fore and aft.
Beam shelf: 1½" x 3½" fir in one piece.
Side clamp: 1½" x 3½" fir in one piece.
Floors: Engine floors of 3½" s fir; other floors of 1½" x 4½" fir or as shown.
Chine knees 1½" x 4½". oak)
Skin: Bottom of fir and sides of cedar 1" finished thickness and cut of edged grain wood; butts to be well shifted and fitted with oak buttstraps 8" long, 1" thick and ⅛" wider than planks; top of straps to be beveled to prevent accumulation of water.

Deck: Of 7/8" cedar "V" joint T & G and covered with #12 canvas; deck to be well painted before laying canvas and canvas to receive as many coats of paint as necessary to completely fill the pores.

Flooring: Of ⅞" fir T & G carried on floors.

Cockpit floor: Of ⅞" fir T & G and covered with #12 canvas and painted same as deck; beams of 1½" x 2½" fir cambered 1½"; 1½" lead drain pipes to be fitted at after end.

Ceiling: Of 7/16" cedar "V" joint T & G.

Wheelhouse: As shown, of Phillipine mahogany with four hinged sashes four sliding and four fixed; floor of ⅞" fir T & G carried on 1½" x 2½" fir beams; a portable hatch to be arranged over the engine; a hinged door and portable hatch cover to be fitted for closing off the fore cabin; double mahogany doors to be fitted at aft end.

Cabin: To be furnished two settees having lockers under, two cupboards, dresser with sink & locker, dish rack, mahogany ladder, mahogany folding table, stove with asbestos and galv'd iron insulation, toilet on Star'd side.

Awning aft: Carried on 1" galv'd pipe stanchions, supported by 1½" x 2" Y. Cedar beams and planked with 7/16" cedar covered with painted canvas.

35' motor launch #858 Cont'd.

Deck beams: Of Y. cedar 2"s. x 2½" to 2"s; stronger beams at openings.

Miscellaneous: Oak foot bars on deck, oak mouldings, seats in cockpit, lamp boxes, mahogany hatch, hanging knees of 1½" vine maple, breasthooks, 1¼" transom planking, cockpit coaming of mahogany, Gum bitt for'd 4½" sq., fairwater pieces at aft end of stern post.

Fittings: Rudder of 2" gum with galv'd stock and quadrant.
Mahogany steering wheel with brass mountings.
Galv'd wire rope steering leads with turnbuckles, pulleys, etc., complete.
One iron skeg galv'd.
One iron stem band galv'd.
Four galv'd fairlead chocks.
One galv'd mooring cleat.
One galv'd chain pipe.
One galv'd chain roller on stem.
Galv'd hand rails as shown.
Two 4" upcast ventilators and trunks.
One 4" downcast vent'r.
One stove pipe water plate with pipe and liverpool head.
One 1" semirotary pump, double acting, with galv'd suction pipe with foot valve & strainer and discharge pipe.
One 25g. galv'd water tank with filling pipe, air pipe, and suction pipe to pump, with brass valve on tank.
One pantry pump of brass tinned inside.
One sink with discharge pipe overboard.
One "Shanks" underline W.C. completely piped up, and with shut off cocks at sea end.
Six bronzed hinged port lights, 6" openings.
One #7 "Mascot" or equal, stove.
Two 37½g. Galv'd gasoline tanks with filling pipe, air pipe, bronze valves, etc., complete.
One mast head lamp pole.
One flag staff with cocket, lines, cleat & truck of H.W.
Hardware of bronze of substantial design.
Anchors, chain, rope, navigation lamps as selected by the Rev. Victor Rassier, O.S.B.

Electric Lighting: Storage battery for 75 ampere hours; the wiring to be on the low tension 6 volt system; boat to be wired with suitable braided, insulated wiring inside and lead covered outside; inside wiring to be laid thro' beams and covered with neat moulding; navigation lamps to be connected with W.T. flush receptacle mounted on wheel house; the following lamps to be provided:

Fore cabin	2	10	watt lamps
Galley	1	"	"
W.C	1	"	"
Wheelhouse	2	"	"
Compass	1	3	" "
Navigation lamps	3	6	" "
Cockpit	2	10	" "

A switchboard with requisite switches, ammeter, voltmeter, automatic cut out and resistance.

Electric Lighting: C[illegible]'d.

Searchlight capable of illuminating an object half a mile distant with wiring and separate switch.
One "Klaxon" horn with wiring and push button.
Trouble lamp with flexiable wiring and plug.
It is understood that the above calls for a complete installation in good working order.

Engine:

Make of engine and horsepower to ensure a speed of not less than eight miles an hour to be provided according to the wishes of the Rev. Victor Rassier, O.S.B.

Engine installation:

To be installed in place in complete working order, including "Hyde" three bladed propeller of 20" dia., and 17" pitch, bronze tail shaft, bronze shaft tube with after bearing and gland, copper fuel pipes, gasoline strainer and water trap, galv'd exhaust pipe, galv'd circulating water pipes, bronze holding down bolts, engine controls led to steering position, bronze tail shaft and cone nut on propeller, back fire trap on carburettor, "Auto Vac" tank over engine, engine starting handle in Wheelhouse; the whole installation to be in complete working order.

VICTORIA, B.C., April 23, 1930.

APR 29 1930

IN YOUR REPLY REFER TO
No. 20/17441.
ALSO TO DATE OF THIS LETTER

Your File 159-0-11.

Dear Sir:-

Referring to your letter of 9th of October last dealing with the construction of a launch for the Christie School, West Coast Agency, I beg to say that the contract was let to Thomas and Hilmar Wingen, of Tofino, for the sum of $3,500.00, and it was arranged that payments should be made as the work progressed; the first when the hull was constructed ready for the installation of the engine; the second when the engine was purchased and properly installed; and the third on the completion of construction of the launch.

The hull is now ready for the engine and I am, therefore, sending in voucher No.3A for $1,166.66 in favour of Messrs. Thomas and Hilmar Wingen, of Tofino, being the first payment, for which please forward a cheque to this office and I will send it on to the contracting company.

I am enclosing copy of the tender and also copy of the specifications. I am unable to send you a blue print at present as I returned to Reverend Father Rassier the set he sent to me in October last and asked that he should have two sets sent to this office, but so far he has not done so. I will, however, call his attention to this matter.

Yours respectfully,

W. E. Ditchburn.

Sir:

I am directed to acknowledge your 20/17441 of the 23rd ultimo, enclosing account in connection with the construction of a launch for the Christie Indian Residential School. The Department notes that the school authorities have arranged to have this launch built by contract. Of course, it is understood that the Department's grant for the purpose will be not more than $3,500. A cheque for the amount of the progress payment is being directed to the Company at Tofino.

Your obedient servant,

A. F. Mackenzie.

Ottawa, January 14, 1931.

Sir:

I have your letter of the 5th instant, enclosing a communication from the Principal of the Christie Indian Residential School requesting that a quantity of lumber for the use of the manual training class be supplied, as well as timers, coils, etc., to be used in demonstrating ignition to the pupils of the class.

In reply I have to say that you may arrange for the purchase of the quantity of the various kinds of lumber as mentioned in the Principal's letter, also for the purchase of the timers, coils, batteries, etc. It is noted that you estimate the cost of all the above supplies to be approximately $92. Please forward accounts, in duplicate, properly certified, covering the expenditure incurred, which will be paid from B. C. Special Grant.

Your obedient servant,

for A. F. Mackenzie,
Secretary.

IN YOUR REPLY REFER TO
No. 182/15/19695.
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE
P. O. BOX 808
VICTORIA, B.C., January 5, 1931.

Dear Sir:-

I am enclosing herewith a copy of a letter received from Rev. Father Rassier, Principal of the Christie Indian Residential School, Kakawis, B. C. I find on enquiry that the lumber for the manual training class will cost $62.00 laid down at Kakawis and that timers, coils, etc., $30.00 plus freight from Victoria.

As these supplies are urgently needed in the manual training, I beg to recommend that I be authorized to make these purchases.

Your obedient servant,

AVH/KD.

Enclosure:-

W. E. Ditchburn.
Indian Commissioner for B. C.

COPY.

Christie Indian Residential School,

Kakawis, B. C.

Dec. 15, 1930.

Mr. W.E. Ditchburn,
Victoria, B. C.

Dear Sir:-

Up till now our Manual Training Class has been using up the odds and ends of lumber to be found around the place. That supply is now exhausted which makes it necessary for me to approach you for the following:-

500 feet matched box wood
500 feet 1 x 12 x 12 #1 dressed
200 feet 1/2 x 8 x 12 panneling
200 feet 2 x 4 x 12 #1 dressed

The instructor tells me that the class should be well versed in the intricacies of ignition. The Indians have much need for such information. It occurred to me that you would not hesitate to help us out to the extent of providing what he deems necessary for his purposes, especially since you realize how difficult it is for me to get away to the city to procure it. For explaining and demonstrating purposes he requires the following:-

Two or three old timers
Two or three old spark coils
Two or three old storage batteries (6 volt)
Some battery plates and separators
One pretty good generator (Ford)

Assuring you of my appreciation for this assistance, and begging you to accept my wishes for a truly Merry Christmas, I am

Faithfully yours,

"Victor Rassler" C.S.B.

EXTRACT from Report of J. H. Harry, Inspector of Indian Schools for B. C. regarding his inspection of the Christie Indian Residential School on September 2nd, 1931, and forwarded under cover of Commissioner Ditchburn's letter of September 25th, 1931.

Original on File 159-0-6.

MANUAL TRAINING:

There are two classes of six boys each. Manual training is taught on two afternoons per week. The room used is about 45 ft. by 12 ft. and contains seven single benches. Each boy has a set of tools and there is a set for the instructor. These thirteen sets are in good condition.

Such articles as chicken coops and tables are made. No special course seems to be followed. The instructor is Mr. J. J. Kendrick. Mr. Kendrick does not appear to have had any particular training or certificate in Manual training.

IN YOUR REPLY REFER TO
382/15/23645.

COMMISSIONER'S OFFICE
P. O. BOX 550
VICTORIA, B.C., January 4, 1932.

Dear Sir:

Some time ago I received a communication from Reverend Victor Rassier, Principal of the Christie Indian Residential School, at Kakawis on the West Coast of Vancouver Island, asking me if it would be possible for the Department to let him have about two thousand feet of well-seasoned clear cedar 1" x 12" x 12' long for manual training purposes.

After ascertaining from the local mills that the price of clear cedar was $85.00 per M. f.o.b. Victoria, I wrote the Reverend Principal asking him what this material was to be used for and his reply was to the effect that it was for the purpose of constructing lockers for the children and that the work would prove instructive to the boys in their manual training class.

My reply, dated the 1st ultimo, was to the effect that while I considered the work of constructing the lockers would prove instructive to the children, it was thought the expense in this connection could not be charged against the Manual Training Vote as the lockers themselves must be considered as an improvement to the building and while I considered such lockers were necessary I would have to apply to you for permission before any purchase could be made. I further added that in view of the high cost of cedar and the difficulty of getting the amount he asked for, he was requested to let me know whether kiln-dried fir would not answer his purpose as this could be purchased at between $35.00 and $50.00 per M.

The Reverend Principal's latest reply was to the effect that he would be satisfied if we could supply him with two thousand feet of clear fir and I, therefore, beg to ask your authority to purchase this material and have it shipped up the West Coast.

The Sidney Lumber Company, Cameron Lumber Co[illegible] and Lemon, Gonnason Company, quoted a price of $45.00 per M. f.o.b. Victoria. The freight will necessarily be higher if the material is purchased from the Sidney Lumber Company as it would have to be hauled a distance of twenty miles from Sidney to Victoria before being put aboard the West Coast boat. I am of the opinion that Lemon, Gonnason Company would be the best firm to purchase from in view of the fact that the Cameron Lumber Company is owned by American citizens though residents of Victoria.

[illegible],

W. E. Ditchburn

EX'D.

182/15/23545.

Ottawa, January 12, 1932.

[redacted]

I have your letter of the 4th instant, relative to the request which you received from the Principal of the Christie Indian Residential School to be supplied with approximately 2000' of kiln-dried fir for the purpose of constructing lockers for the children; the work to be carried out by the boys in connection with their manual training.

In reply I have to say that the Department will approve of you arranging for the purchase of the above quantity of material and to have same forwarded to the school. You may arrange for the purchase from the firm mentioned by you. Please forward accounts, in duplicate, properly certified, covering the cost of the material and for the freighting of same from Victoria to the school. Payment will be made from B. C. Special Appropriation, and you should be state on the face of the voucher.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

Ottawa, June 28, 1932.

Sir:

Rev. Father Victor, O. S. B., Principal of the Christie Indian Residential School, is extremely desirous of enlarging the kitchen facilities so that a better vocational training can be given to the girls. I have explained to him that Parliamentary Appropriation for Indian Education is extremely limited at the present time, but a grant of $300 can be allowed for this purpose, from B. C. Special Appropriation. This expenditure will be in connection with vocational training and will be quite a proper charge on that portion of the special Vote which is used for technical and advanced training. In due course, Father Victor will let you have a list of materials that he requires for this purpose. You will please make purchase, up to $300 and submit properly certified accounts, in triplicate, to the Department for payment. These accounts should be marked to be paid from B. C. Special.

Your obedient servant,

E. F. [illegible],
Secretary.

Ottawa, November 8, 1932.

Sir:

With reference to your voucher No. 442, for $505.04, in favour of Lemon, Gonnason Company, Limited, covering lumber, etc., supplied to the Christie Indian Residential School, I have to say that the Department cannot pay the items of $10 for cartage and $78.28 for freight until receipts are forwarded. Therefore, we have deducted these two amounts from the account, also the discount of $4.09. This leaves a balance due the Company of $212.67, a cheque for which amount will go forward.

Payment of cartage and freight will be made when you forward receipted accounts for these expenditures.

Your obedient servant,

D. C. Scott
